Spring 1899.

THE C.A. REESER CO
Urbana Ohio.

To our Friends and Patrons

of the past and future:

WE desire to thank you for your kind patronage in the past, and earnestly solicit your esteemed favors in the future. Our catalogue is small and unpretentious, and does not appear so attractive as those with alluring illustrations on high-colored lithographs and elaborate descriptions so often overdrawn and imaginary. We ask as a special favor that you give this book a careful reading, comparing our prices with others.

OUR AIM is to make "Highest Quality" our first consideration, and our "Prices the Lowest" for GOOD, HONEST SEEDS and PLANTS as they can be sold.

OUR DETERMINATION is to grow and distribute nothing but the VERY BEST STOCK and the VERY BEST VARIETIES, and only those we can assure our patrons that are of TESTED MERIT. We can assure our friends and patrons of the same liberal treatment, prompt and faithful execution of all your valued orders as in the past.

SEEDS THAT GROW. Always reliable. Our stock first-class, new and fresh and unsurpassed for purity and vitality. Please notice our liberal discounts on all Seeds in Packets.

We Pay the Postage. Why buy questionable Seeds peddled over the country and sold on commission when you can have Pure and Reliable Tested Seeds delivered at your door by mail, postpaid.

Address all Orders and make all Drafts or Money Orders Payable to

The C. A. REESER CO., Urbana, Ohio.

GREENHOUSES

SPECIAL EXPRESS RATE. A 20 percent reduction on plants, seeds, bulbs and small fruits is now granted by the express companies on the regular merchandise rate. Express charges are now very moderate, minimum charge being 35 cents on small packages.

READ REMARKS ABOUT ORDERING CAREFULLY.

It will greatly assist us in getting your orders shipped promptly.

Our prices are strictly cash—The proper remittance must in all cases accompany the order, and should be inclosed with it.

Money at our risk—All money sent us by postoffice money order, bank draft or express money order is at our risk and we will be responsible for its safe arrival, and you may select full value for it in plants, seeds or bulbs.

Postoffice money orders can now be had at almost all post-offices and are absolutely safe. If the letter inclosing it is lost, send us the number, date, amount, the office at which it was payable, a list of what you ordered, and we will fill the order at once and apply for a duplicate of the lost money order, which the government will furnish in such cases.

Bank drafts drawn on any city bank and made payable to our order are good and can be had at all banks. If lost the bank will issue a duplicate.

Express money orders are one of the cheapest and best ways of sending money. Perfectly safe, because if lost a duplicate can be had by applying to the express company.

Registered letters—When you can not get money orders, inclose money—either notes or coin—and have it registered by the postmaster and the amount counted in his or her presence.

When coin is sent in letters it should be pasted up in strong paper or sewed in cloth so as to prevent it breaking through the envelope, which is universally the case when inclosed loose.

Postage stamps, in small amounts, are taken as cash, but they must be sent so they will not stick together. A good plan is to wrap them in wax paper. Do not handle them with damp or moist hands.

Free by mail—At the prices named in this book we send everything offered by mail, postpaid; when we ship by express it is at the purchaser's request and expense.

We guarantee all orders to arrive safely at any point in the United States, whether sent by mail or express. If anything is injured or spoiled in any way before delivery it will cheerfully be replaced without cost.

BOWKER'S AMMONIATED FOOD

For Flowers.

New, odorless fertilizer, makes plants grow and bloom luxuriantly. It drives worms and other troublesome insects from the soil. Only artificial fertilizer which can be used without danger or injury to the plants. Takes the place of liquid manure, and is just the thing wanted for a long time. We have yet to hear a complaint. One package, sufficient for 25 ordinary-sized plants one year, 50 cents. Sent by mail, postpaid, on receipt of price. Get a package and try it. Acts like a charm.

HAMMOND'S SLUG SHOT

Destroys Insects of all Kinds.

A cheap powder, destructive to insects that are injurious to house and garden plants, shrubs, trees, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880, with safety to man, beast and fowl. Put up in perforated screw top canisters, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your Rose bushes, we recommend you to try this. It does its work quickly and thoroughly. Price, 50 cents per canister; sent by mail, postpaid, on receipt of price.

THE GREATEST BARGAIN EVER OFFERED.

Our "EXCELSIOR" Rose Collection.

25 Grand Everblooming Tea Roses for only \$1.00.

All different varieties, carefully selected to suit your locality best. If you want a beautiful bunch of Rosebuds every day from early summer to late fall be sure to plant this Grand Collection. Remember, our selection of varieties only.

SPECIAL OFFER—We will send you six of our "Excelsior" collections, of 25 choice Roses each, by express for \$5.00, purchaser paying express charges. No other discount.

Read this Page Carefully for Our Liberal Discounts.

HOW TO GET YOUR PLANTS FREE!

THERE are those who do not wish to spare the money or do not feel able to purchase flowers, although they dearly love and enjoy them; and there are those who take pleasure in interesting their friends and neighbors in the cultivation of plants, for, indeed, all communities are better off for a liberal display of flowers. We wish to call the attention of all such persons to the fact that while they are working for us they are at the same time providing themselves with plants at no outlay of money to themselves, but are practically getting them free.

HOW TO SEND CLUB ORDERS.—Keep each person's order separate, giving his or her full name, with the amount of the order. Then make your selection of the amount due you, naming plants desired as your discount, signing your name as the **getter-up of the club**.

REMEMBER that the getter-up of the club is entitled to all discounts. We can not allow each member of the club to select discounts, etc., and then allow the getter-up of the club to select another discount. We will, however, add one plant of our selection for each dollar's worth that any one member of your club may send.

HOW WE PACK CLUB ORDERS.—Each person's plants will be packed separately, with his or her name attached, so you will have nothing to do but to deliver the bundle. If the plants are to go by mail and you desire them to be sent direct to the person, we will do so when the order amounts to **50 cents** or more.

NOTE OUR VERY LIBERAL DISCOUNTS on \$2.50, \$5.00, \$6.00, \$8.00 and \$10.00 orders. You do not know how easily you can secure an order from among your friends, and thus secure the benefits of these most liberal offers, until you try. Individual orders are allowed the same discounts as club orders.

REMEMBER these discounts do not apply to collections of plants or bulbs, but to plants and bulbs at price per single plant and bulb, and must be included in your order when you send it. We can not send your order at one time and the discount at another. Be sure and include the discounts in your order when you send it.

MAIL CLUBBING RATES.

Your Choice from Catalogue.

Raise a Club and Secure your Plants Free.

Any person sending us 75 cts. is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$1.00.

Any person sending us \$1.25 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$1.75.

Any person sending us \$2.50 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$3.50.

Any person sending us \$3.50 is entitled to select plants,

bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$4.75.

Any person sending us \$5.00 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$8.00.

Any person sending us \$7.50 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$12.00.

Any person sending us \$10.00 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$16.00.

EXPRESS CLUBBING RATES.

Don't fail to read what liberal discounts we offer you to have plants sent by express. It will more than pay expressage on them, and you usually get larger plants.

Any person sending us \$2.00 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$3.50.

Any person sending us \$3.00 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$5.00.

Any person sending us \$4.00 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$6.50.

Any person sending us \$5.00 is entitled to select plants,

bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$8.50.

Any person sending us \$6.00 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$10.00.

Any person sending us \$8.00 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$13.00.

Any person sending us \$10.00 is entitled to select plants, bulbs and seeds (at price per single plant, bulb and packet) from Catalogue to value of \$18.00.

NOTICE TO CLUB RAISERS. We furnish extra order sheets, envelopes, and catalogues to all who need them in aiding in the getting up of their clubs. Ofttimes you may have friends residing at a distance from you who would be glad to join to your club did they but know you were engaged in such work. We will mail all such persons our catalogues if you will send us their address. **EXAMPLE:** If you reside in Texas and have a friend in any other part of the State, or of the United States, or Canada, they can join your club and the plants will be sent direct to them. We will be glad to write you explaining any of these offers should they not be plain to you.

☞ We can not fill plant orders for less than fifty cents by mail unless ten cents is added to pay postage, but for seeds we will accept any amount, however small, without additional postage.

Please Remember to Keep Your Seed and Plant Orders Separate. It will greatly facilitate the filling and packing of your orders promptly. Use our Order Sheet. If you need more write us, and we will gladly mail them to you at once. Our warranty: that our seeds are as good as the best in the market, and we stand ready to replace any such seeds that do not not prove satisfactory, through defect in the seed or in quality and purity. Culture printed on all packets.

THE MOST LIBERAL OFFER TO ALL SEED BUYERS EVER MADE.

The average price for a packet of pure and reliable seed is two cents.

TAKEN WITH OUR LIBERAL DISCOUNT marks a majority of seed down to 2 cts. a packet. **THINK OF IT!** How can we afford to do this? By importing direct from the growers. We handle only pure and reliable European and American grown. Thus we propose to benefit our patrons. Be sure to buy the **INNISFALLEN Tested Seeds**.

REMEMBER the following discounts apply to seeds, and in packets only.

OUR LIBERAL DISCOUNT—On all orders for seeds in packets the purchaser may select 50 cts. worth extra for each \$1.00 sent us; thus anyone sending us \$1.00 can select seeds in packets amounting to \$1.50; for \$2.00 seeds in packets amounting to \$3.00 and upwards. The culture is printed on all the packets.

CULTURE NOTES FOR THE ROSE.

SOIL.—Take a very good rich soil, mellow and fertile, made from old, decomposed sods is best, clearing out all insect germs and worms.

FERTILIZERS.—Fine, well-decomposed stable manure is the best for all purposes. If this can not be obtained, ground bone or other commercial fertilizers may be used, taking care to use sparingly as most of them are very strong. We find **Bowker's Ammoniated Food for Flowers** the best.

WATERING.—If the ground is dry when planted water thoroughly so as to soak the earth down to the roots of the plants. After this very little water is required unless the weather is dry. Plants will not thrive if kept too wet.

PLANTING.—Mellow the ground thoroughly and mix a little well-rotted manure in. Make holes in the soil about twelve inches apart, set plants a little deeper than formerly, arrange roots in their natural positions, cover with fine earth, pressing it down firmly upon them and in around the stems, then water freely.

CULTIVATION.—The soil around the plants should be kept loose and free from weeds and grass to insure their vigorous growth. During protracted droughts, and if the soil becomes dry, water freely in early morning or evening.

PRUNING.—No rule can be regularly applied, plants differ so with respect to constitution and habits of growth. Many are

neat and compact, requiring little or no attention; others are vigorous and straggling. Pruning should be regulated to the habits of the different varieties. Usually about one-third or one-half of last season's growth is cut out; trim so as to give plant a well balanced, shapely appearance, cutting out all dead and diseased wood. This should be done in early spring before the buds start. Remove the flowers before the petals begin to droop.

INSECTS.—For green fly use tobacco smoke or water, or dust it on in a powdered form; for slugs and worms, use slug shot.

HOUSE CULTURE.—Roses should be grown in three or four inch pots, placed in a warm, light situation near a window, where plants can get as much sun as possible. Temperature ranging from 50 degrees at night to 75 degrees during the day should be maintained as nearly as possible; this is not difficult.

WINTER PROTECTION.—Do not cover the plants until Winter has fairly set in. This may be done with leaves, straw or light manures, placing a few boughs or pieces of boards upon the litter to keep it from being blown away. When standing alone Roses may be protected by driving a stake in the ground and tying the bush together and then bend down within three, or four inches of the ground, tying bush securely to the stake, then cover with coarse litter. Remove as soon as the buds start in the Spring.

GENERAL REMARKS.—Our Roses are all grown on their own roots and are plants of strong, hardy constitutions, and are not forced by any natural or artificial means. This is the most important point in successful Rose culture. Our prices are the **LOWEST** and our stock of the **HIGHEST QUALITY**.

Two Best Bedding Roses Grown. Fine for Pot Culture.

12 Plants Clotilde Soupert and 12 Plants Queen's Scarlet for \$1.00.

CLOTILDE SOUPERT.

The Best Bedding or Pot Culture Rose Grown.

THIS lovely Rose comes from the Garden of Luxemburg, France, and is undoubtedly the finest Rose of its class. The flowers are borne in clusters, and are of large, round, flat form, with beautifully imbricated petals; perfectly full and double, and deliciously sweet; color, beautiful pinkish amber or pale creamy yellow, delicately flushed with silver rose, sometimes ivory white, exquisitely tinted with pale salmon, and sometimes both red and white flowers are produced on the same plant. It is a particularly elegant and handsome Rose, always greatly admired. The bush is a vigorous, compact grower, and a continuous and remarkably profuse bloomer, being literally loaded with Roses. It is highly recommended for window and house culture. In fact, we think it is one of the very best. 10 cts., 3 for 25 cts.; large two-year-old plants, 25 cts. each.

QUEEN'S SCARLET.

The Best Crimson Bedding Rose.

This is, without a doubt, the very best of all Red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are a large size and a beautiful crimson scarlet color of dazzling brilliancy. A bed of this Rose produces a mass of color equalling if not excelling a bed of Geraniums. It is planted everywhere on account of its great freedom of bloom and charming color. None better. Try a bed of Queen's Scarlet and Clotilde Soupert. 10 cts. each, 3 for 25 cts.; large two-year-old plants, 25c. each.

SPECIAL OFFER—24 Plants of the Best Bedding Roses Grown for \$1.00.

12 Plants of Clotilde Soupert and 12 Plants of Queen's Scarlet—You can plant them anywhere in the garden, on the lawn, in fact, any place you have a little room. They will make the handsomest bed you ever saw, and you can gather a beautiful bouquet of Roses every day. All this for \$1.00. **No further discount.**

Three Magnificent New Roses.

Climbing Meteor.

This New Rose, now introduced for the first time, might more properly be called a Perpetual Blooming Climbing General Jacqueminot. Though a sport from the finest of all Hybrid Teas—Meteor—it is much larger, and of a deeper, richer color, equaled only by the peerless Jacqueminot, and will produce twenty blossoms to Jacqueminot's one. It is a Rose which will make ten to fifteen feet of growth in a season, and show a profusion of bloom every day. Foliage strong, healthy and luxuriant. Buds exquisite; flowers large, beautifully shaped, and of that rich, dark velvety crimson color seen only in the Jacqueminot. Much deeper and richer than Meteor. We do not hesitate to pronounce it the finest Rose in existence for Summer blooming, as it will make a large growth and is loaded with its glorious blossoms all the time. For Winter blooming it has few equals in beauty and probably none in profusion. Just the rose to train up in a conservatory or bay window, where its exquisite blossoms will show to wonderful advantage. Price, 10 cents each; 3 for 25 cents; large, two year old plants, 35 cents each.

Three
of the
Finest
New
Roses
Grown.

New French Hybrid Tea Rose, Souv. de President Carnot.

Nothing we have seen is so fascinatingly attractive, or that will compare with the beautiful flowers, which are very large, perfectly double, exquisitely shaped, with heavy, thick, shell-like petals. Superb buds; long and pointed, and borne on long stiff stems, and are produced in remarkable profusion. The color is new and refined, a very delicate shade of rosy blush, shaded a trifle deeper at the center of flower. The fragrance is deliciously refreshing and charming. The plant grows strong and sturdy, and has no weak spot in its constitution. The foliage is unusually large and handsome. In every way it is one of the handsomest Roses, and perfect in its graceful form and finish. (See cut.) Price, 15 cents each; large two-year-old plants, 35 cents.

New Climbing Wootton Tea Rose.

When the Wootton Rose was introduced some years ago it created a sensation in this country, and it has ever since been grown by florists as a valuable cut flower. The value of the New Climbing Wootton will, therefore, be still more apparent, inasmuch as it is perfectly hardy out of doors, having withstood a temperature below zero. It makes an early growth, and in one season produces shoots 15 to 20 feet in length and nearly an inch thick, the branches being literally laden with its well-known large rosy crimson fragrant flowers from every leaf and stem. 15 cents each; large two-year-old plants, 35 cents each.

SPECIAL OFFER—The 3 New Roses for 30 cents. In large two-year-old plants, 75 cents net. No other discount.

Great Mermet Family of Roses.

The Most Fashionable Cut-Flower Roses Grown

THE MERMET Roses have no equal. They are peerless in every respect. Vigorous growers, free bloomers, while the flowers are as handsome as Roses can be. They rank in popular favor with the *La France* type. Amateurs will succeed with the Mermet Roses when they would fail with others. They are identical in every respect with Catherine Mermet, except in the colors of their flowers.

DEEP PINK MERMET, BRIDESMAID—Here we have a new Rose, a sport from that old standby, Catherine Mermet. This new variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur, and more cut bloom is sold by the flower dealer, of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time, under every condition of weather and surroundings. We have procured a good stock of this valuable Rose at great expense, and offer it with confidence. We recommend this Rose, believing that our patrons will be pleased with it. Price, 10 cents each, three for 25 cents; large two-year-old plants, 25 cents each.

YELLOW MERMET, MRS. JAMES WILSON—Similar in shape to Catherine Mermet. Pale yellow, tipped with rose-pink. A strong and vigorous grower, and will prove to be valuable. All who know that old favorite, Catherine Mermet, will be pleased with this Rose, as it is one of the most beautiful Roses we grow. Price, 15 cents each, two for 25 cents; large two-year-old plants, 30 cents each.

WHITE MERMET, OR THE BRIDE—The best pure ivory-white Tea Rose. The bloom is not finer than Niphetos, for that is impossible; but it is a stronger grower, and will thrive where Niphetos will not do so well. Save in color it is identical with Catherine Mermet, from which it is a "sport." The buds, which are of a grand size, are carried high and erect on bright, smooth stems. A fine bunch of these buds, cut with long sprays of foliage, would

WABAN.

grace any bride in her wedding robes. Unsurpassed for purity of whiteness, form and size. It "pinks" in the bright, hot weather of mid-summer, when planted out doors. 10 cents each, three for 25 cents; large two-year-olds, 25 cents.

CATHERINE MERMET, LIGHT PINK—This is one of the finest Roses grown. Its buds are inimitable, faultless in form, and charming in their every shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose, which illumines the base of the petals. Beyond doubt the Rose of all Roses. This charming Rose deserves and receives recognition from all Rose lovers. It is eagerly sought after in Winter by the ultra fashionable, and is perhaps the most admired of all the Tea Roses. The color is a delicate rosy pink, unapproached by any other. The buds are large, long and pointed, and of great substance and most delicious fragrance. For over 20 years it has reigned supreme in its class and color. You should not fail to have a Mermet in your collection. Price, 10 cents each, three for 25 cents; large two-year-old plants, 25 cents each.

DWARF MERMET, MADAME ETIENNE—One of the very finest clear pink Tea Roses. The form of the flower is quite similar to that of Beatrice—that is, the petals recurve, giving it the shape of a Camelia. The texture is heavy and the color is a warm, yet delicate pink, slightly deeper on the edge of the petal. A very beautiful variety, and freer in bloom than Catherine Mermet. This Rose is styled the Dwarf Mermet by the French growers. Price, 15 cents each, two for 25 cents; large two-year-old plants, 25 cents each.

CARMINE MERMET, WABAN—In foliage and vigor it resembles its parent. Flowers borne on long stems, in form somewhat larger, and exceeding in size and number of its petals. Color, carmine-pink (when we say carmine we mean all that the word implies), shaded brilliantly on the outside petals, color increasing in intensity toward the end of petal, and approaching the center of the bud each petal increases in intensity of color. Reflex petals more delicate in color, but shaded stronger at the end of the petal. From our knowledge and experience in growing Roses we do not hesitate to say that this is one of the greatest acquisitions to the Tea family, the finest which has yet come to our knowledge. A gem in every way. Price, 15 cents each, two for 25 cents; large two-year-old plants, 30 cents each.

SPECIAL OFFER—The set of six Mermet Roses for only 50 cents. The set of six in large two-year-old plants for only \$1.00. No further discount.

THE FAMOUS SOUPERT ROSE FAMILY.

THE BEST FOR POT CULTURE IN THE HOUSE. - - - THE BEST FOR BEDDING.

Continually in Bloom, It makes No Difference What Season of the Year it May Be.
Almost Entirely Hardy. Will Live Out in the Open Ground With Slight Protection.

THE Clotilde Soupert Rose is famous the world over for its freedom of bloom and splendid flowers, and is the synonym for all that is beautiful in Roses. Whether it is grown in pots or in the open ground, it can always be depended upon to give a bountiful and continuous supply of buds and bloom throughout the entire year. They never fail to grow and bloom in almost any situation.

New Yellow Soupert, "Mosella."

This splendid novelty we have just secured from Germany; its origin is almost identical with that of the Soupert, a cross of the Polyantha and the beautiful Tea Rose, Madame Falcot. It blooms in profuse clusters of three to five flowers, which are very double, ball-shaped and open like a Camelia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals, then deepening to an orange yellow. The plant is dwarf, bushy and free-blooming. We take great pleasure in offering this fine Rose this year. It is sure to be a popular companion to the original Clotilde Soupert.

Price, 10 cents each; three for 25 cents; large two-year-old plants, 35 cents each.

SPECIAL OFFER—We will send you 20 fine plants of MOSELLA for \$1.00. This will make you a most beautiful bed, from which you may cut a handsome bouquet of Roses from early spring until cut down by the heavy winter frosts.

New Silver White Soupert, Leonie Osterreith.

Large, full flowers, cup-shaped; color, brilliant porcelain white, shading to very delicate light yellow in the center. One of the grandest blooming Roses known and the coloring is magnificent. Price, 15 cents each, two for 25 cents; large two-year-old plants, 35 cents.

The Crimson Soupert—Red Pet

Beautiful dark crimson maroon; large, full and fragrant, very double; a constant and profuse bloomer; extra good for outdoor culture, and for pots, makes a gorgeous bed when massed. Price, 10 cents each, two for 25 cents; large two-year-old plants, 35 cents each.

New Pink Ever-Blooming Bedding Rose—Pink Soupert.

A seedling from that premier Bedding Rose, Clotilde Soupert, of which we have spoken so highly. "Pink Soupert" inherits all the grand garden qualities of its parent, and is a clear pink throughout, bright and attractive; the coloring deepens

NEW YELLOW SOUPERT MOSELLA.

in some flowers to cherry red, and in others it lessens to clear Hermosa pink. The profusion of bloom is wonderful, the whole plant being a mass of flowers. No rose can possibly excel this for outdoor bedding, and none can be more attractive. It is compact and sturdy in habit, and so hardy for an ever-blooming Rose that it will remain out all winter safely with slight protection. Price, 15 cents each, two for 25 cents; large two-year-old plants, 25 cents each.

The Best Bedding or Pot Culture Rose Known, Clotilde Soupert.

This lovely Rose comes from the Garden of Luxemburg, France, and is undoubtedly the finest Rose of its class. The flowers are borne in clusters, and are of large, round, flat form, with beautifully imbricated petals; perfectly full and double, and deliciously sweet; color, beautiful pinkish amber or pale, creamy yellow, delicately flushed with silver rose, sometimes ivory white, exquisitely tinted with palesalmon, and sometimes both red and white flowers are produced on the same plant. It is a particularly elegant and handsome Rose, always greatly admired. The bush is a vigorous, compact grower, and a continuous and remarkably profuse bloomer, being literally loaded with roses. It is highly recommended for window and house culture; in fact, we think it is one of the very best. Price, 10 cents each, three for 25 cents; large two-year-old plants, 25 cents each.

SPECIAL OFFER—For 50 cents will send one plant each of the five members of the Soupert Family. Set in large two-year-olds, \$1.00. No further discount.

CLOTILDE SOUPERT.

8 BEAUTIFUL EVER-BLOOMING RED ROSES

WE DO NOT KNOW OF BETTER RED ROSES THAN THIS SET OF EIGHT BEAUTIFUL VARIETIES.

New Crimson Rose, Princess Sagan.

The flowers of this variety are the richest crimson of any Rose in our collection, a single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed it is unmatched in its velvety richness, could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. One of our customers in California writes that she is kept busy by people asking what Rose is this. Price 10 cents each; large two-year-old plants, 25 cents each.

New Hardy Bedding Rose, Dr. Reymont.

This fine, hardy, ever-blooming sort was obtained by crossing the well-known General Jacqueminot and the Rose Polyantha, or Multiflora. With such good parentage it is needless to say that the progeny is excellent. It inherits the hardiness and splendid crimson colored flowers of the General Jacqueminot—which are but little reduced in size—with the profuse blooming qualities of the Polyantha class, thus combining the two qualities most desired in a garden Rose. Bear in mind that this Rose is entirely hardy, ever blooming and delightfully fragrant. Price 15 cents each; large two-year-old plants, 35 cents each.

New Hybrid Tea Rose—Augustine Halem.

In this Rose we have a beauty indeed, or it fairly rivals the well-known American Beauty in the size and color of its flowers. It has well-developed buds, having good, thick, waxy-like petals of excellent substance. Color clear, bright, rosy-red, verging to deep, rich crimson. With these changes it adds the delightful fragrance of the old June Roses. Taken altogether, we are much pleased with this beautiful variety. It is very free-flowering. Offered for the first time last year. Price 15 cents each; large, two-year-old plants, 40 cents each.

New Hybrid Tea Rose—Meteor.

A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. Beautiful open Rose, free bloomer, and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. A vigorous, bushy grower with healthy, bright foliage of the deepest green. The best red Rose for the garden ever introduced. Our correspondent in California says that the flower of the Meteor equals General Jacqueminot, and will produce 50 flowers to Jacqueminot's one. This is unquestionably the best dark velvety-red Rose yet produced. Grand, both in bud and flower. It has our highest commendation. Price, 10 cents each; large two-year-old plants, 35 cents each.

METEOR.

PAPA GONTIER.

Francois Gaulaine.

A continuous-blooming Tea Rose, with an unusual and remarkable color for this type. Bright, rich, velvety dark crimson; very fragrant and handsome. Don't fail to try this rose. Price, 10 cents each; large two-year-old 35 cents.

Papa Gontier.

A grand red Tea, fine crimson shade, silken texture, (as distinct from velvety texture). Bud of fine size, graceful form. Extremely free in growth and bloom. Long, beautifully-leaved stems can be cut, the foliage being very dark and heavy. One of the best and a perfect bedder. Price 10 cts each; large, two-year-old plants, 35 cts. each.

New Crimson Tea Rose, Christine de Noe.

This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent production. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright, deep green foliage; a constant and very free bloomer; the flowers are well borne upon strong stems, and are usually large and handsome; the buds are long and finely pointed; and the color clear, rich maroon or deep purplish red, passing to lake, center sometimes streaked with silvery-white; the petals are finely imbricated, and the flowers are deliciously sweet. It is highly recommended as a valuable and in every way desirable Rose for general planting. Price, 15 cents each, two for 25 cents; large two-year-old plants, 30 cents each.

New Crimson Tea Rose, Marion Dingee.

A strong, vigorous grower, a handsome, graceful bush, large, thick, deep green leaves. Flowers are large, beautiful cup-shaped, moderately full, borne in wonderful profusion all through the growing season. In fact we scarcely know of any other Rose that will produce so many perfect flowers in a given time; whether in open ground or under glass it is a most constant and profuse bloomer. The flowers are borne nearly upright on long stems, and are of excellent substance, having thick, leathery petals, holding their form and color a long time. The color is perhaps its most remarkable feature. It is a deep, brilliant crimson, one of the darkest and richest colored Tea Roses in existence. Price, 10 cents each; large two-year-old plants, 35 cents each.

SPECIAL OFFER—We will send you the set of Eight Red Roses for 65 cents postpaid; in large two-year-old size for \$1.25. No further discount on these offers.

"Champion" Set Hardy Ever-Blooming Roses.

CHAMPION OF THE WORLD.

BALL OF SNOW—(Boule de Nieve)—In this variety we have a hardy, ever-blooming Rose of great value. It is a Rose of great size, perfectly double, exquisitely fragrant, pure white in color and entirely hardy. Invaluable for cemetery planting, or where white flowers are desired, as it blooms freely all summer. 10 cents each; extra large plants, 35 cents.

CHAMPION OF THE WORLD—A very hardy, ever-blooming Rose; advertised extensively. The introducer claims that it is the champion in hardiness, fragrance, vigor, form and color, and for winter blooming. While we can not endorse all the good qualities claimed for it, we have found it a remarkably free-flowering, hardy Rose, resembling very much Mrs. DeGraw. Color, a rich, deep, rosy pink, darker and richer than Hermosa. It is always in bloom, and is quite hardy. 15 cents each; two-year-old plants, 35 cents.

DINSMORE—Very similar to Madame Charles Wood, but claimed by the originator to be much stronger in growth and more fragrant. It is a vigorous Rose of dwarf, branching habit, and is fairly loaded down with flowers all summer long. The flowers are large, perfectly double, of a dazzling scarlet crimson color, with a rich, spicy fragrance. It is entirely hardy and blooms incessantly. 15 cents each; two-year-old plants, 35 cents each.

MRS. DEGRAW—One of the best Roses for general cultivation. It is entirely hardy and equals the tender sorts in profusion of bloom. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong grower that it is almost impregnable against the attacks of insects, which usually destroy some of our finest Roses; thus it is certain to be unequalled for the garden. 10 cents each; two-year-old plants, 35 cents each.

MADAME MASSON—An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color, a clear, bright Rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. Try it. Price, 15 cents each; two-year-old plants, 35 cents each.

MADAME ALFRED de ROUGE MONT—A strong, vigorous grower; begins to bloom at once and continues until stopped by severe freezing. Pure snow-white flowers, finely tinged and clouded with pale, rosy blush. Large, full and double, and borne in large clusters. Fragrant and fine. Price, 10 cents each; two-year-old plants, 35 cents each.

SPECIAL OFFER—For 60 cents we will send free by mail the above set of six Hardy, Ever-Blooming Roses, or for \$1.00 we will send two sets of the above Roses. This set in large two-year-old plants for \$1.00. No discount on this offer.

The Five Hermosas—Perpetual Bloomers.

Price, 10 cents each. Large two-year-olds, 25 cents each.

The Best for House or Garden Culture. Constantly in Bloom.

RED HERMOSA—Color, a rich, dark, velvety crimson scarlet, literally loaded with flowers at all times; extra good for the house or garden.

WHITE HERMOSA, or *Marie Lambert*—Pure white. It has been called Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite valuable, for though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots.

PINK HERMOSA—A clean, healthy grower; color, bright pink. It is grown largely in New York cemeteries for its hardiness and continuous blooming.

YELLOW HERMOSA, or *Coquette de Lyon*—This is a most charming yellow Tea Rose, a good grower, has elegant buds, and is so free in flower as to be called the Yellow Hermosa. A rose that will please all.

BLUSH HERMOSA—This elegant Tea Rose has been thoroughly tested and has given perfect satisfaction. It is a strong, robust grower, and a constant and profuse bloomer. The color is a soft white blush, delicate rose center shaded with fawn; the flowers are of large size, very full and delightfully sweet.

SPECIAL OFFER—We will mail the 5 Hermosas, one of each, for 35 cents. The set in two-year-old plants for 75 cents. No further discount.

WHITE HERMOSA.

The Beautiful—

La France Family.

The La France Family of Roses are certainly nearest perfection of all flowers, and nothing can compare with them in the eyes of the true rose-lover. A distinctive characteristic of the set is the true La France fragrance by which every one may be known.

Set of Seven Hardy Ever-Blooming La France Roses.

Red, White, Striped, Pink, Crimson, Yellow and Climbing.

WHITE LA FRANCE—Augustine Guinoisseau.

Here we have a beauty indeed, one we can recommend to all, whether for outdoor culture or for pots in the house in winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. It is identical with La France except the color. It is pearly white, sometimes tinted fawn. We predict for it more popularity than La France ever attained. 10 cts., large two-year-old plants, 25 cts.

PINK LA FRANCE.

Undoubtedly the most perfect type of a cut-flower Rose. Its large, well-opened flowers, with long stems and elegant foliage, shown in finest cut-flower stores of the largest cities, are considered by cut-flower buyers as the most beautiful of this class. No variety surpasses it in delicate colorings—silvery rose, shaded pink, large, keeps well, and of distinct pervading fragrance, which, more than anything else, marks this Rose and the other six which we offer with it. Blooms profusely until frost. 10 cts. each large two-year-old plants, 25 cts.

STRIPED LA FRANCE—Angelique Veyssset.

Imagine a lovely Rose with the shape and fragrance of a La France, of a rich creamy pink with a silvery gloss, growing deeper at base of petals, the whole beautifully etched and streaked with delicate carmine. This Rose is a sort of La France, but, if anything, stronger in growth, with the same elegantly shaped bud and same beautiful full-blown flower. We find it the most attractive and showy Tea Rose of recent introduction. A very free bloomer, every shoot producing a bud. 10 cts., large two-year-old plants, 25 cts.

RED LA FRANCE—Duchess of Albany.

Every one who loves a Rose is familiar with La France, the Queen of all Roses, for not only is it a constant bloomer but is perfectly hardy, and deliciously sweet. The new Rose, Duchess of Albany, is a sport from La France, and retains all the characteristics of the type, with the blooms three to four shades darker of a deep rose-pink hue. The flowers are produced in wonderful profusion upon long stems, are very large, double and superb form. 10 cts. each, large two-year-old plants, 25 cts.

CLIMBING LA FRANCE.

Identical with La France in every respect except in style of growth, which in this new variety is of a strong climbing habit. Charming peach-pink color and exquisite fragrance which have made the La France a favorite, and which is almost totally lacking in the climbers. It is equally hardy as its parents and so may be safely planted in our Northern climate. 15 cts. each, two-year-old plants, 35 cts.

LA FRANCE DE 1889—New Crimson Hybrid Tea Rose.

The most remarkable Hybrid Tea of late years. One notable peculiarity of this variety is its long, elegant buds, while the expanded flowers are of immense size. Color, very nearly scarlet, sometimes lined and bordered with pure white. The brightest and most brilliant Rose we know. 15 cents each, two-year-old plants, 30 cents.

YELLOW LA FRANCE—Mad. Pernet Ducher.

A charming Rose and a new shade in this section, being the first with a distinct yellow coloring. The outside petals are sulphur yellow and assume a deeper shade toward the center, with a polished glittering surface like a Water Lily. The open flower is semi double, very graceful and holds well together. The habit of the plants is free and graceful; the fragrance of the flowers is delightful. This is in every way a charming Rose and should be in every collection. Price, 15 cents each, large two-year-old plants, 35 cents.

SPECIAL OFFER—For only 65 cents we will send the above set of seven Hardy Ever-Blooming La France Roses, or three sets for \$1.50; or the set in large two-year-old plants for \$1.50. No further Discount on this offer.

Eight Golden Yellow Beauties.

THE BEST OF ALL DEEP YELLOW ROSES.

ETOILE DE LYON.

Media, New Golden-Yellow Tea Rose.

This is the grandest of all Yellow Roses, and should be planted by everybody. When we first saw this Rose two years ago, we predicted then that it would create a furore among Rose growers, and it has verified the prediction. Its flowers are of the largest size, perfectly double to the center, and of the most perfect shape, both in bud and blossom, while its color is a degree of loveliness unapproached by any other Rose, being a rich, deep golden, with decided sulphur tints. The brightness and richness of this Rose is the admiration of all beholders. We have grown in our establishment some fifty varieties of Yellow Roses, and think Media the best. Try it. Price, 10 cents each; large two-year-old plants, 35 cents each.

Perle des Jardins—"Pearl of the Gardens."

The one Tea Rose you positively can not do without. The majority of cut-flower buyers who order a "dozen Marechal Niel buds" the year round do not know their orders are filled with Perles, and quite to their satisfaction, for Perle does not suffer by comparison with Niel. Has no weak point; a perfect and popular Rose. Color is faultless, whether the waxy petals show the rich cream tint of cool weather, or take richer golden shades of a warmer sun. Form of bud, rich, rounded and luxuriant; only equalled in beauty by the open Rose, which is large, full to center. No shy, creeping plant, but fairly riotous in growth; sends out beautiful foliage, thick, glossy, dark, every branch tipped with dark reddish maroon of the young shoots, bearing clusters of buds high above the leaves. Price, 10 cents each; large two-year-old plants, 35 cents each.

Perle de Lyon.

Beautiful orange yellow, with peach shading, sometimes coppery gold, stained with crimson; charming buds and large, globular flowers, full and deliciously perfumed. Price, 10 cents each; large two-year-old plants, 35 cents each.

SPECIAL OFFER.—The eight beautiful golden-yellow Roses on this page for 65 cents; large two-year-old size, the eight for \$1.25. No further discount on this offer.

Comtesse de Grigneuse—The Golden Perle.

In color, charming; in freedom, second to none. The buds are long and pointed, not unlike Niphetos in form and of good size. The color is a deep golden yellow, with softer shade inside of petal. As a yellow Rose this takes rank next to Marechal Niel. Price, 10 cents each; large two-year-old plants, 30 cents each.

Etoile de Lyon, Star of Lyon.

This magnificent Tea Rose is a rich golden yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the summer. Price, 10 cents each; large two-year-old plants, 25 cents each.

Isabella Sprunt.

A bright canary yellow, large, beautiful buds, suitable for cut flowers; very sweet Tea scent, profuse bloomer. Freest blooming of all Yellow Roses. Has been a favorite in all gardens where good Yellow Roses are grown for the past twenty years. None better. Price, 10 cents each; large two-year-old plants, 25 cents each.

Mademoiselle Cecil Berthod.

Most beautiful in bud and flower, which is deep golden yellow. Deepest yellow color of any Rose we grow; foliage very bright. Of magnificent size and color. A grand Rose, and always in bloom. Price, 10 cents each; large two-year-old plants, 25 cents each.

Madame Pellissier.

A grand new Tea Rose, and a most beautiful yellow bedder; broad, creamy outer petals, deepening to fine yellow in center. Large shell-shaped petals. 10 cts. each; 2-year-old plants, 35 cents.

PERLE DES JARDINS.

The Queen Set of Lovely Pure White Roses.

To all who wish the best pure white Roses we can recommend these eight varieties as being desirable in every respect. They are hardy, vigorous growers, are abundant bloomers, deliciously fragrant and of the purest color. Try them.

||| SPECIAL OFFER—Eight pure snow-white Monthly Roses on this page |||
for 65 cts.; or the eight Roses in large two-year-old plants for \$1.25. |||

NEW PURE WHITE
ROYAL TEA ROSE.

Queen or Kaiserin Augusta Victoria.

THE BEST WHITE ROSE IN THE WORLD.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities; is a continuous bloomer, producing successive crops of buds and flowers in the greatest profusion. Buds are very beautifully formed, with large petals of best substance; shows no center when fully open; color, pure snowy white; and when you add a rich perfume, coupled with a vigorous growth, what more could you ask? This Rose is an easy winner over all competitors in its color, and we predict that more of it will be planted than all other white Roses combined. We have tested it thoroughly. Price, 15 cents each; large two-year-old plants, 35 cents each.

The Queen.

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow white, makes good, finely formed buds; is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proven valuable both for forcing and open-ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white, ever-blooming Roses. Price, 10 cents each; large two-year-old plants, 25 cents each.

Marie Guillot, a Snow-White Rose.

We consider this variety the equal, if not the peer, of any Rose of its color in cultivation. A trial will convince any one that this indorsement is not extravagant. The flowers are full and extra large, very double and sweetly scented; has many rivals, but no equals, for open-ground cultivation. Price, 10 cents each; large two-year-old plants, 25 cents each.

QUEEN AUGUSTA VICTORIA.

Cornelia Cook.

The buds are most beautiful, of immense size, and are borne up high on massive stems, and, with their round, full, heavy form, carry an air of grace and dignity quite unusual. The flowers are the clearest, snowiest white, and are arranged in the most faultless and symmetrical manner. Cornelia Cook has the largest bud of any of the white Roses. It is a massive and magnificent Rose. Price, 10 cents each; large two-year-old plants, 25 cents each.

Snowflake.

This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest-flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it can not be excelled, as it possesses every good quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover two and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. Price, 10 cents each; large two-year-old plants, 25 cents each.

Madame Hoste.

One of the finest ever sent to this country. It is a strong, bushy grower, and a bud can always be cut with long stem and closely set leaves, of heavy texture and dark green color. It is like Perle in growth, and also in the fact that the bud shows different shades in different temperatures. In cool weather it is an ivory white (scarcely cream), of even tint; in the summer it is a bright canary, with a deep amber center. We know of no Tea Rose with larger or more finely shaped bud. It is globular, and at the same time distinctly pointed, and, as this shape of bud always indicates, is very double, and an unusually beautiful open Rose. Price, 10 cents each; large two-year-old plants, 25 cents each.

Niphetos.

Large, graceful, immense buds of snow white, remaining in perfect form many days. No other Rose bears buds of this peculiar, elegant form. Plant is dwarf; requires great care if grown outdoors; does finely as a pot rose; blooms freely and constantly, and for whatever attention it may require the blooms are an ample return. It forces readily in winter. Price, 10 cents each; large two-year-old plants, 35 cents each.

The Beautiful New White Tea Rose, White Maman Cochet.

The finest Rose of the year. Like its parent, the growth is vigorous, with rich, healthy foliage, producing large fine flowers of the purest white—in fact, it is an exact counterpart of the beautiful Maman Cochet, and all who have tried it pronounce it the finest bedding Tea Rose in existence. We would advise all who love choice Roses to plant at least one of this beautiful new Rose. Price, 15 cents each; large two-year-old plants, 35 cents each.

The Baroness Set of Beautiful New Tea Roses.

ECIAL OFFER.—We will send you this set of beautiful new Tea Roses, six in all, for 75 cents; two sets for \$1.25. The set in large two-year-old plants for \$1.25.

MAMAN COCHET—Is, without exception, the best new Rose introduced. Up to date it is the best of all pink Roses for planting in the garden or growing in the house. Marvelous for exquisite form and color. The full, firm, rounded buds are long and elegantly pointed.

As they expand the petals show great depth and richness, sometimes measuring two and a half inches from base to tip. They are shell-shaped, waxy, thick, and shining, and overlap each other in folds of silvery pink, deepening to bright rose in the circle of uncurling edges. The large, high-built, open flower is an elongated half globe, perfectly double, and enchanting in fragrance and delicate brightness.

The tips and reverse of petals show pearl-pink glints and shadings of rosy mauve; at their base the deep, rich, full center has a glow of soft chamois orange. The plant is strong and clean in growth, blooming constantly and profusely. The foliage is dark and glossy, the flower stems stiff and long. A peerless and well-nigh faultless Rose.

Price, 15 cents each; large two-year-old plants, 35 cents each.

BARONESS BERGE—New Tea Rose. A bewitching Rose, full to the center, and rather short petaled, but with plump, chubby buds that are as dainty and pretty as can be for wearing. Colors odd and almost indescribable, catching the eye at once; outer petals a tender lemon-white, passing to li-

lac-rose on the reflexed edges, which overlap each other regularly and just enough to glimpse the yellow shade below. The center curls into pretty cup-shape, and is lighted by tints of apricot and soft rose-pink. Price, 10 cents each; large two-year-old plants, 35 cents each.

LEO XIII—New Tea Rose. An exquisite Rose, and certain to become popular on account of its buds, which are as long and of the same shape as Niphetos; the color is white shading to pale yellow, with a light salmon center. The plant is of vigorous growth. Price, 10 cents each; large two-year-old plants, 35 cents each.

ENCHANTRESS—New Tea Rose. Introduced from England. Flowers beautiful creamy white, slightly tinted with buff in the center; large, full and globular, the petals slightly recurved at the edges; of vigorous growth, fine foliage and great freedom in blooming; a most distinct and effective Tea Rose, of equal value for exhibition and decorative purposes; a splendid Rose for pot culture and late autumn and winter blooming. Plants in full bloom exhibited at the Royal Horticultural Society's meeting, on November 26, 1895, received a silver Banksian medal and an award of merit, and were universally admired by all visitors present on that occasion. We can not recommend this splendid variety too highly; it is par excellent. Price, 20 cents each. Large two-year-old plants, 35 cents each.

FRANCOIS DUBREUIL—A new red Tea Rose of unusual merit, with fine, large and double flowers, which in color are equal to the best of our deep-colored Hybrid Perpetuals. The

flowers are large, very full and double, with thick, regularly arranged petals. Color deep crimson with velvety shadings, rich and fine; buds of large size and of beautiful shape for cutting. A grand bedder, of strong, free growth and profuse bloomer. Price, 15 cents each; large two-year-old plants, 35 cents each.

VIRGINIA—This elegant Rose is the result of a cross between Safrano and Marechal Niel. We consider it one of the most promising Tea Roses of modern introduction. It is a vigorous grower, of bushy habit, the blooms are large and double, finely formed, lasting and of excellent substance, often remaining on the bush until dried up. Color a light yellow, with a tinge of saffron at the center and reverse of petals a pinkish cast. Perfume a delicate and delightful Tea scent. Price, 15 cents each; large two-year-old plants, 35 cents each.

GOLDEN GATE SET OF BEAUTIFUL HIGH-COLORED

Tulip Roses.

These are called Tulip Roses because of the feathery shading of the bright rose around the edge of every petal. They are distinct from all other Roses in the peculiar manner of this marking.

New Ever-Blooming Rose of American Origin, Golden Gate.

We would gladly add to our praise of it, if this were possible. The engraving gives you some idea of its great beauty. There are so many beautiful Roses, and they are beautiful in so many different ways, that it scarcely seems possible for any one variety to be the most beautiful of all Roses; and yet, if the question was to be decided, we are strongly of the belief that the palm would have to be awarded to the new Tea Rose, Golden Gate. This magnificent Rose is the result of a cross between those old and greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both, is vastly more beautiful than either. The flowers are extra large, very full and finely formed, and of excellent substance; the buds are long and of the most desirable form; the color is a rich, creamy-white, beautifully tinged with fine golden-yellow. The petals are large and broad, and exquisitely bordered and tinted with clear rose, making altogether a Rose of the rarest and most indescribable beauty. A strong, healthy grower, and a most profuse and continuous bloomer. Will produce more perfect buds and bloom than almost any variety we know. It is excellent for bedding, also for house culture. In short, we can heartily recommend it as one of the finest and most beautiful Tea Roses ever grown. Price, 15 cents each, two for 25 cents; large two-year-old plants, 35 cents each.

New Tea Rose, Souvenir Gabriel Drevet.

This is a superb rich Rose, carrying such fine combinations of color that it is sure to please. It is so thick in petal as to resemble soft velvet to the touch. It belongs to the Tulip class, salmon-pink, with the center of coppery-rose, elegantly edged darker. We have had many letters from the South praising the great beauty of this Rose, probably the most distinct Rose we grow: the petals are so thick and velvety-like as to hardly resemble a Rose. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Tea Rose, Marquis de Viviers.

Here we have a beauty indeed. The flowers have a great depth and substance, and are of fine globular form, with broad, thick petals and large, finely shaped buds. The color is a bright carmine at the edge of the petals, soon graduating into light rose and becoming lost in the pale yellow of the center. A bright and showy Rose of the Tulip section, very highly colored and blooming without cessation. It would be difficult to imagine a more lovely Rose. Price, 15 cents each; large two-year-old plants, 35 cents each.

Madame de Watteville.

This grand Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy blush; the petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full and highly perfumed. For planting in the open ground Madame de Watteville takes front rank, being a hardy, vigorous grower, standing the sun and weather well, a profuse bloomer and unsurpassed for cutting. Price, 10 cents each; large two-year-old plants, 25 cents each.

New Tea Rose, Princess Beatrice.

A pure tea, of strong habit, heavy foliage, coloring deeply, after the style of the Perle, flower stems stiff and upright, and bright red, carrying large buds of an exquisite color, outer petals varying from canary-yellow, edged lightly with bright rose color. From its first opening the petals roll their edges backward, displaying the bright apricot center. The open Rose is exquisitely beautiful, very double, and lasting well when cut. Strongly Tea-scented. It has proved a fine garden Rose. The writer well remembers the first time he saw this Rose, and how he was captured by it. The bed comprised some five hundred plants of this variety, and it was truly a gorgeous sight. Its leafage and growth were the picture of health. The buds and bloom stood erect, being borne on strong stems, each plant having

GOLDEN GATE.

from twenty to fifty of its charming flowers. They almost said, "I am a princess, indeed," they were so winsome and lovely. Just imagine a coppery or ruddy-yellow Rose with a distinct red edge on each petal. Your imagination can paint nothing nearly so beautiful. Order a strong, large plant of this variety and see how lovely a Rose can be. Price, 15 cents each; large two-year-old plants, 40 cents each.

New Tea Rose, Madame Martha Du Bourg,

One of the most beautiful of the new Roses. The habit and foliage are beautiful, denoting a ready grower. The flower is large, perfectly double and of beautiful form. The outer petals recurve at the edges, showing a beautiful pointed center. The color is creamy-white, touched with carmine or pale heliotrope on the edges. Of heavy texture, like a Camellia flower. Price, 15 cents each; large two-year-old plants, 30 cents each.

Souvenir de Victor Hugo,

One of the most beautiful Tulip Roses. Color lovely citron red, with amber and fawn shadings. Price, 15 cents; large two-year-old plants, 30 cents.

New Tea Rose, Princess of Wales.

This grand new Tea is almost unsurpassed in beauty. A greater number of persons have written us concerning its enchanting loveliness than almost any Rose we send out. The color is a beautiful amber-yellow, deepening toward the center to orange or coppery-yellow, delicately tinged and shaded with crimson, distinctly edged with carmine, long, pointed bud, extra large flower, fine globular form, very double and full, and exceedingly sweet. Very chaste and waxy in appearance. Superb. Price, 15 cents each; large two-year-old plants, 35 cents each.

SPECIAL OFFER—The eight Tulip Roses for 75 cents; large two-year-old plants, the eight for \$1.50.

MINIATURE POLYANTHA OR FAIRY ROSES.

A beautiful class of everblooming Roses from Japan. Uniting, as they do, hardness with fragrance and constant bloom, we know of no more satisfactory plant for general use. The flowers are small, but perfectly formed, and are produced in clusters of from ten to twenty-five Roses.

Price, 7 cents each; large two-year-old plants, 25 cents each, except where noted.

ETOILE D'OR—A new Polyantha resembling *Perle d'Or*, excepting in color, which is a deep chrome yellow. A dainty beauty that will win its way wherever planted. Price, 10 cents each.

GLORIE DES POLYANTHA—A beautiful dwarf variety, with small, cup-like flowers. A real "Fairy Rose." The color is a bright rosy pink, with a red ray through each petal. This Rose is very distinct and beautiful, flowering in large clusters of from twenty to twenty-five flowers each. For growing in pots for winter blooming no plant can surpass it in delicate coloring, freedom in bloom or delicious fragrance. 10 cents.

GEORGE PERNET—Flowers bright rosy pink, of medium size, with petals beautifully rayed and reflexed; soft and pleasing in color; fragrant.

MIGNONETTE—Very small flowers, about one inch in diameter; produced in large clusters; color, delicate rosy flesh, fading to pure white; dwarf, vigorous growth.

MADEMOISELLE CECIL BRUNER—Plant grows nearly two feet in height; the strongest of the class. Fine for flower beds or borders; beautiful clusters of double flowers of a rosy pink, creamy-white edges. Splendid for beds.

PERLE D'OR—Orange salmon; exquisite buds of perfect form; very small, a general favorite.

PAQUERETTE—We consider this variety the best of all the Polyantha Roses. The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blossoms. Very full, prettily formed, recalling blossoms of the double-flowering cherry; equals double white Primrose in profuse blooming during winter.

MME. E. A. NOLTE—(New.) Flowers small, full, of perfect rose form; color deep yellow, passing to rosy white. A true "Fairy Rose." Price, 10 cents each.

PRINCESS ELIZABETH LANCELOTTI—A grand new large-flowering variety, like *Clotilde Soupert*, full and double. Creamy white, canary center. Price, 15 cents each. Large two-year-old plants, 35 cents each.

ETOILE DE MAI—(New.) Wonderfully free, both in growth and flower. A continuous and persistent bloomer, being literally covered with bloom the whole season. A beautiful nankeen yellow, changing to creamy white, with lemon center in the open flower. Price, 15 cents each.

SPECIAL OFFER—For \$1.00 we will send the set of 15 FAIRY ROSES, postpaid. The set of 15 in large two-year-old plants for \$2.00, postpaid. No further discount.

Mlle. ANAIS MOLIN—(New.) A dwarf, compact grower, flowering in clusters; blooms small and very full, color flesh white, shading to snow white. Very free and fragrant. Price, 15 cents each. Large two-year-old plants 40 cents each.

JEANNIE DRIVON—Color light flesh, changing to white. Very perfect, double flowers. Price, 10 cents each; large two-year-old plants, 35 cents each.

PRINCESS MARIE ADELAIDE—(New.) This variety has a beautiful habit, and produces large clusters of small double flowers beautifully imbricated; color ivory white, with bright rose center. Price, 15 cents each. Large two-year-old plants, 35 cents each.

ELIZA CHATRAN—One of the most lovely of all Roses, having lovely rose-colored flowers, elegantly pencilled and touched with ruddy saffron. Very free bloomer.

PETITE LEONIE—(New.) Flowers small, full and imbricated; the outer petals porcelain white, center carmine-lake. Extra fine variety. Price, 10 cents each.

HARDY CLIMBING ROSES.

Price 8 cents each. Large two-year-old plants, 25 cents each.

The Hardy Climbing Roses are always valuable for training over arbors, verandas, and for screens for unsightly objects, such as old fences, walls, etc. They bloom the second season, but are then loaded with splendid Roses, and for a few weeks in June are the most beautiful of all flowers.

BALTIMORE BELLE—Pale blush, shading to rose color, very double; flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the best climbing Roses.

GREVILLE, or *Seven Sisters*—Flowers in large clusters; varies in color from white to crimson. Luxuriant dark green foliage.

MILLEDGEVILLE, or *Pride of the South*—A splendid variety. Color a rich satiny pink, very fresh and beautiful. Fine, large globular flowers, full, regular form; very double and sweet. A profuse bloomer and quite hardy.

PRAIRIE QUEEN—Clear, bright carmine pink, sometimes with a white stripe; large, compact and globular; very double and full; blooms in clusters; is of the best.

TENNESSEE BELLE—A strong, vigorous grower and free bloomer; color bright rosy blush; large, full and fragrant.

CHAMPNEY—A fine, hardy pillar Rose; quite double and fragrant; flowers deep rose, changing to clear pink; desirable.

RUSSELL'S COTTAGE—Dark velvety crimson; very double and full; profuse bloomer.

MRS. GUNNEL—Soft rosy blush, becoming almost white; large clusters; full and double. Much admired.

CARMINE PILLAR—New single Rose, the flower from 3½ to 4 inches across, of the brightest possible rosy-carmine, and produced very abundantly; the display lasts for several weeks; quite hardy; one of the very finest of ornamental shrubby Roses of the freest growth. Price, 15 cents.

List of Choice Ever-Blooming Tea Roses

For General Planting. All Tested Sorts.

Price 10 cents each, 3 for 25 cents; large two-year-old plants 25 cents each, 3 for 50 cents, 10 for \$1.50.

No Further Discount.

COUNTRESS EVA STARHEMBURG.

ALINE SISLEY—One of the best. This is a splendid, free flowering, strong growing, dark colored Tea, and beyond a doubt one of the most satisfactory varieties for open-ground culture, where it grows to perfection. The flowers are very large, full and double. The color is a rich, rare shade of red, brightened with crimson maroon. The fragrance is exceedingly sweet, and more pronounced than is found in most Teas. It blooms with wonderful freedom. This is a grand red variety.

AMERICAN PERFECTION—This is a very fine Rose, and worthy of a place in the list. The color is light pink, shading deeper toward the center of the flower. The flower is very double, full and deep; in the bud it is exceedingly handsome. Fine free bloomer and strong grower, especially adapted to winter blooming.

ANDRE SCHWARTZ (Ever-blooming "Jack")—Since its introduction this Rose has been known as the "true Tea Jacqueminot" because of its striking re-embance to that famous variety. The flowers are beautifully made, being large, full and of excellent substance. The color is brilliant, glowing scarlet, passing to rich crimson, very bright and strikingly beautiful. It is a strong, sturdy grower, and a constant and profuse bloomer. It can not be surpassed in open ground.

ARCHDUCHESS IMMACULATA—The color is an intermingling of bronze orange, yellow, pink and crimson.

**BEAUTE INCON-
STANT**—A wonderful, new, changeable, colored Rose, deriving its name from its quality of producing flowers of different shades on the same plant. The colors vary from crimson to light pink, through all shades of tawny red, orange, chrome and deep rose, all these colors being frequently seen on one bush at the same time. The beauty of color effects is indescribable.

BOUGERE—Old and famous. Anyone who has seen this grand old sort growing in open ground will agree that it deserves the brightest words of praise we can give it, having been introduced in 1832. Since then it has been tried, and found to be of rare value for general planting. The flowers are unusually large, deep, full and double; they are supported on long, stiff stems, and are produced in bountiful abundance throughout the growing season. In color they are brouze rose or violet crimson, delicately shaded with lilac; exceedingly sweet; remarkably hardy.

CHARLES LEGRADY—Color, chamois red, richly shaded with violet crimson.

COUNTRESS ANNA THUN—Immense size, perfect form, beautiful citron yellow, shaded with peach, orange, salmon and silvery pink.

COUNTRESS EVA STARHEMBURG—Long and pointed buds of great beauty; color, creamy yellow, shaded and touched with rose. (See cut.)

DEVONIENSIS—Magnolia fragrance; creamy white with rose center.

DR. GRILL—Coppery yellow, with fawny rose reflex; a fine garden Rose.

DUCHESS DE BRABANT—Color, soft, light rose, with heavy shadings of amber and salmon.

DUCHESS OF EDINBURG—Large buds of the most intense dark crimson.

EARNEST METZ—Finely formed and beautifully tinted in buds and open flower. Color, soft, satiny carmine pink, bordered with bright rose, and flamed with crimson in the center. Buds long and handsome. Flowers are large and sweet. Vigorous and free blooming. A favorite Rose everywhere.

EDOUARD LITTAYE—A free bloomer; flowers medium size and quite double, borne on strong, erect shoots; color, a lovely shade of pink and carmine, changing to pale rose.

ELLA MAY—The color is a rich amber, or "old gold," shaded with a dark ruddy crimson; a sport from Sunset, which it resembles.

ELIZA FUGIER—Rich creamy white, tinged with pure golden yellow; large and of fine form. Fine, long buds like Niphetos.

ENFANT DE LYON—Creamy pink center, rosy blush. An excellent bloomer. Its fragrance is quite distinct from that of any other Rose—like sweet anise.

FIRE PEARL (Perle de Feu)—New Tea Rose. A perfect gem. The flowers and buds are perfectly formed, and the color so intense that its name, "The Fire Pearl," is a better description than any we can give. Rosarians describe it as a poppy-red, shaded vermillion and nankeen yellow, with chamois tints on the reflex of petals. A captivating Rose.

GEN. R. E. LEE—It is entirely distinct among Yellow Roses, and very beautiful and unique in color; moderate and branching in growth, and very lavish at all times of its richly colored delicately scented buds and flowers. Color, soft apricot yellow in the wide outer petals, warming to a brighter salmon yellow in the center. Shadings of cadmium and orange occasionally deepen the heart of the flower, and in sunshine it is brightened all through by a delicate tinting of salmon pink. The buds are

quite long and quaintly pretty in form, the tips of the large, outer petals swirling away from the full center with a charming fluff effect. The outer petals are much wider and longer than the inner ones, and, when the Rose is half-blown, form a pretty, pale-tinted cup, filled with brighter flutings. The flower is large, and opens widely in a somewhat flattened form, showing a center that is very full, double and sweet. When cut it is quite lasting, not falling apart even when withered. The foliage is graceful and glossy. A charming trait of the Rose is that it often sends up on the stem of an opening flower a long, light spray of leaves, topped by a tiny bud, to give an extra grace and daintiness for corsage wear.

HENRY M. STANLEY—The color is a rare shade of amber rose, tinged with apricot yellow.

JAUNE D'OR—A beautiful flower. Yellow, clouded with fawn; globular, very full and double; delicious tea fragrance.

J. B. VARRONE—Intense scarlet crimson, rich and bright, shaded with salmon yellow.

JOSEPH METRAL—Extra large flowers, very full; deep carnation red, passing to cherry carmine; a good, healthy grower and abundant bloomer.

LADY ZOE BROUGHAM—Bright, tawny yellow; a charming color.

LA PHOENIX—Fine brilliant carmine rose; good-sized flowers, full and double; profuse bloomer. One of the best bedding sorts in the list.

LE SOLEIL—Fine, bright, glossy yellow; large, thick petals; very full and cupped. Very strong grower.

LETTY COLES—Color, soft, rosy pink, shaded with intense crimson; exquisite.

LUCIOLE—Unequalled in its delightful coloring and size of buds; color, bright carmine rose, tinted and shaded yellow.

MADAME CAROLINE KUSTER—Bright lemon yellow, very large and handsomely shaped; one of the finest Roses; very free flowering. When its wood has once been hardened it bears buds as large and handsome as Marechal Niel.

MADAME DE VATRY—One of the brightest Roses. We consider this splendid variety to be not only one of the brightest, but one of the very best and most satisfactory Roses for general planting, especially outdoors. It makes big, clean buds of great beauty, and opens well, showing the large, full, double flowers to great advantage. The color is a rich crimson scarlet, bright and beautiful. Blooms freely and constantly; grows strong and healthy; holds the foliage well. In every way a fine Rose.

MADAME ELI LAMBERT—An exquisite Rose; rich creamy white, faintly tinted with pale yellow, and bordered and shaded with soft, rosy flesh.

MADAME E. RESAL—Flower of medium size, with long, pointed buds; semi-double when fully open; a novel and distinct color—orange and scarlet at first opening, changing to pink and orange in the open flower. A prolific bloomer.

MADAME HONORE DEFRESNE—Beautiful citron yellow, coppery yellow shading.

MADAME LOMBARD—A first-class Rose for bedding. Extra large, full flowers, very double and sweet; color, a beautiful shade of rosy bronze, passing to salmon and fawn, beautifully shaded with rich, bright carmine.

MADAME LOUIS PATRY—A new Tea Rose, with large, fine, tapering buds of excellent form and substance. Extra large, well-filled flowers. Color, rich silvery pink, delicately shaded with rosy blush. Tea scented; very double and attractive. A good, compact grower and constant bloomer.

MADAME PIERRE GUILLOT—The buds are large, creamy white, each petal bordered with bright rose.

MADAME RIVOY—Looks like a Hybrid Perpetual in flower and foliage; is hardy. In this grand old variety we have a Rose of no ordinary excellence. It is entitled to a place among ever-blooming Roses equal to that which General Jacqueminot takes among Hybrid Perpetuals; indeed, it is not unlike a Hybrid Perpetual in the extra large, full and loosely-formed double flowers, enchanting fragrance, intensity of color, large, hand-

GEN. R. E. LEE.

some foliage, and extreme vigor of growth; it is hardy with slight protection, a quick, constant and profuse bloomer, and for outdoor culture can not be excelled by any Rose of its color. The flowers are produced in wonderful abundance upon long, stiff stems, and in color may be described as a rich crimson scarlet, very bright and effective. We doubt if any of our customers have ever seen this lovely Rose, and it is for their benefit, that all may secure one of the finest and best Roses grown, that we call special attention to it.

MADAME SICIPIEN COCHET—Color, a soft, primrose yellow, with rose shadings; unique in size and shade of buds.

MADAME WELCHE—Color, soft Rose, with pale yellow, sometimes cream. A charming Rose.

MADAME SICIPIEN FRANCISKA KRUGER—The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery yellow it stands unique and distinct from all others. The flower, when open, is of good size. One of the finest to plant in masses and clumps.

MADAME SICIPIEN PERREAU—A splendid new Rose. The flowers are very large, full and double; the shape is very round and beautiful; color beautiful rosy flesh, passing to clear pink, on white ground, with rich crimson center. A strong grower and profuse bloomer. Delightfully perfumed.

MALMAISON—This is certainly one of the choicest Roses in our collection. The color is a beautiful, rich creamy flesh, shaded clear peachy red, with a rose center.

MALMAISON RED—An exact counterpart of Malmaison, except in color, being a rich, velvety crimson.

MALMAISON STRIPED—Color, creamy white, with rose center, reverse of petals striped carmine.

MALMAISON WHITE (Crown Princess Victoria)—The color is pure, waxy snow white. The center of the flower has a delicate lemon tint.

MARIE VAN HOUTTE—A most elegant Rose; white, shaded lemon yellow.

MRS. PAUL—A fine garden Rose. The color is a blush white, usually overlaid with rosy peach shading; an exquisite variety.

NEW ROSE, THE GEM (or The Fair Unknown)—This Rose is identical with Marie Van Houtte, except that it is claimed to be twice the size. We have seen enough to know that it will do to talk about and praise. Of a fine, faultless straw yellow color, with the outer petals washed and outlined with a bright rosy crimson. Occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely, and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose.

PEARL RIVERS—The ground color is ivory white, with petals delicately shaded and bordered with pale rose.

PRINCE KAMILE PACHA—New Tea Rose. The flowers are produced on long stems, very large and globular, with petals of good substance; color, apricot, changing to salmon yellow. Will undoubtedly be popular on account of its beautiful buds.

RAINBOW—The color is a lovely pink, blotched and striped with the darkest crimson.

RHEINGOLD—Long pointed buds; the color is a Naples yellow, shaded with orange; a beautiful flower.

RUBY GOLD—Tawny yellow, shading to "old gold"; crimson center, with veins of rosy red and pink.

SAPPHO—The color is a rich apricot yellow, tinged with fawn and pale rose.

SOUV. DE LAURENTS GUILLOT—A novel, new and distinct Tea Rose, with a marvelous combination of color and shadings. Flowers very large and double, with recurved petals. The plant is a splendid grower, with dense foliage; a very profuse bloomer. Color, a deep pink, shading to a center of yellowish peach; edge of petals distinctly bordered carmine. Very showy and distinct.

SUMMER QUEEN—The color is a bright silvery pink; full and double; twelve hundred buds have been cut from a single plant. A very handsome Rose.

SUNSET—This exquisite orange yellow variety is one of the finest Tea Roses grown. The flowers are large and double. The exquisite shades of coloring in this variety can only be compared to the gorgeous colors of a summer sunset; hence the name. It is deliciously fragrant. A strong-growing and free-flowering variety.

VALLEE DE CHAMOUNIX—A changeable Rose. This is one of the real elegant Roses, distinct and beautiful; very double, full and sweet; buds exceedingly pretty. The color is rich, and, like Beaute Inconstant, is variable. One bush will produce flowers of many different colors that are rich and charming in the extreme. The colors range from coppery yellow to rosy blush and crimson. The fragrance is delicious, and distinctly different from any other variety we know; it is rich, and suggests the delicious fragrance found in cherry blossoms. This is an exceedingly fine Rose, and one that everyone will like.

WHITE PEARL DES JARDINS—A pure ivory white "Pearl of the Garden." A superb Rose.

New Hardy Memorial or Cemetery Rose.

(ROSA WICHURIANA.)

ROSA WICHURIANA.

This Rose is especially desirable for planting in cemeteries, as it is entirely hardy everywhere and is a perfect sheet of bloom. All who want a beautiful Rose to place on a grave should plant this Rose. Six plants will completely cover a grave and be in bloom all the time. It does not grow upright, but spreads on the ground like myrtle. It is of a very rapid, prostrate habit of growth, not over eight inches in height, quickly covering the ground with a mass of very deep glossy green foliage. In middle of June the flowers appear in bunches in profusion, and continue all summer. Flowers are about two inches across, single, creamy-white, with showy masses of golden-yellow anthers, and intensely fragrant. For use as a cover plant on banks, edges, or masses of rock, this is unsurpassed, quickly producing the effect desired, and this with the showiest of foliage and a season when flowers are becoming scarce. Used in quantities for landscape work in parks and cemeteries, and no private place exists on the grounds of which it can not be used to advantage. 10 cents each, 3 for 25 cents, 15 for \$1.00 net. Large two-year-old plants, 35 cents.

NEW HYBRID MEMORIAL ROSES.

Mr. Manda, the introducer of these Roses, says: "It is for the first time that hybrids of this very useful hardy Rose are offered. They have been a great surprise to me, and to every one who has seen them.

"They keep the same trailing habit, and the same fine green foliage, lasting well into January, and the same freedom of growth, some of them having made from a small cutting plant a shoot eighteen feet six inches last season, and are therefore well adapted for any place, either to cover bare spaces on the ground, or for trailing purposes, for which they are invaluable.

"As to flowers, they produce innumerable quantities of well-formed blooms, lasting a long time in perfection, and flowering with such a freedom that no Rose can equal it, so that a two- or three-year-old plant can be fairly counted to produce a thousand or more flowers, and thus be a sight that can hardly be described.

"As to hardiness, they have stood the severe winter of 1895-1896 on a very exposed and bleak situation, without any covering whatever, and have flowered beautifully the following spring. They are not particular to any soil, but will grow even on the poorest gravelly and sandy banks, for which they are well adapted, not only for these purposes, but also as a pot plant, either to force early in the spring or let it come naturally.

"The variety named 'Manda's Triumph' is well adapted for pot culture, as it is literally covered with fine double white flowers for several weeks. Taking them all in all, the set of four varieties represents a collection that should be in every garden."

MANDA'S TRIUMPH—This is a grand hybrid of free growth, with fine foliage and clusters of from twelve to eighteen flowers on even a small side shoot, literally covering the plant with its perfectly formed double white flowers, nearly two inches across, beautifully imbricated; a valuable sort, either for cut flowers or pot plants. It is also very sweet scented—a valuable variety for florists.

UNIVERSAL FAVORITE—A free grower, producing long branching shoots, with bright, shiny foliage in abundance, and soft light pink double flowers two inches in diameter, strongly perfumed.

SOUTH ORANGE PERFECTION—This is a gem, with free growth, close to the ground, and multitudes of the most perfectly formed double flowers, about one and a half inches in diameter; soft blush pink at the tips, changing to white.

PINK ROAMER—This is without question a hybrid between the Sweetbrier, and carries these characteristics in bloom, while the growth, which is very rampant, and the luxurious foliage partake more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter; bright, rich pink, with almost a white center, which lightens up the orange-red stamens, producing an effect which, combined with fragrance, makes it one of the most valuable Roses in cultivation.

SPECIAL OFFER—Price, 15 cents each. The set of five new Memorial Roses for 50 cents. No further discount.

STANDARD EVER-BLOOMING ROSES.

Price, Seven Cents Each.

Comtesse de Barbantine—Color, a flesh white and sweet.
Comtesse Riza du Parc—Coppery rose, tinged soft velvet.
Cramoisi Superieur—A rich velvety crimson.
Crimson Bedder—Bright fiery red, velvety. Recommended.
Douglas—Dark, cherry red, rich and velvety. Large, full.
Duchess de Thuringe—Beautiful silver rose. Finely cupped.
Eugene Beauharnais—Beautiful, deep red.
Edith Gifford—Flesh white, shaded cream and pink.
General de Tartas—Deep mottled rose, often tinged buff.
Henry Maynadler—A beautiful shade of rose color. Sweet.
Homer—Soft clear rose, with a salmon shade. Splendid.
Jean Pernet—Buds of light canary, suffused with salmon.
Jules Finger—Bright rosy scarlet and intense crimson.
La Chamoise—Nasturtium yellow. Very beautiful buds.
Lady Warrender—Pure white, sometimes shaded with rose.
La Princess Vera—Pale flesh, changing to salmon.
La Sylphide—Blush, with fawn center. Very large, double.
La Pactole—Elegant buds. Color, pale sulphur yellow.
Louise de la Rive—A flesh white, changing to a rose center.

Louis de Savol—Pale yellow tinged with lemon.
Louis Phillipe—Rich, dark velvety crimson. Free, beautiful.
Louis Richard—A coppery rose, beautifully tinted lilac.
Lucillus—A beautiful dark crimson. Full and fragrant.
Marechal Robert—Pure white, tinged rosy blush.
Marie Duchere—Rich, transparent salmon, fawn center.
Mile. Rachel—A lovely Tea Rose. Pure snow white.
Mme. Bosanquet—Flesh shaded deep rose; large size, sweet.
Mme. Bravy—Creamy white. Large, full, very symmetrical.
Mme. Camille—Delicate rosy flesh, changing to salmon rose.
Mme. Damalzin—A salmon rose color, changing to amaranth.
Mme. Dennis—Waxy white, center fawn and flesh. Large.
Mme. Falcot—Color, a deep apricot yellow; very beautiful.
Mme. Joseph Schwartz—White flushed pink. Cupped.
Mme. Lawrence—Button Rose. Two colors, pink and red.
Mme. Margottin—Citron yellow, with coppery center.
Mme. Pauline Labonte—Salmon rose. Large, full, sweet.
Mme. Philemon Cochet—Rose shaded salmon; very fine.
Mons. Furtado—A beautifully formed yellow, very full and fragrant.

Monthly Cabbage—A rosy red. Globular shape, fragrant.
Pink Daily—Large pink flowers, produced in clusters.
Purple China—Rich, purplish crimson; velvety.
Queen of Bourbons—Clear carmine, changing to clear rose.
Roi de Cramoisi—Bright purplish crimson; very double.
Rubens—White, shaded with rose, yellowish center.
Safrano—Apricot yellow, changing to orange and fawn.
Sanguinea—Rich, dark velvety crimson. Semi-double.
Sombreuil—Beautiful white, tinged with delicate rose.
Souv. d'un Ami—Fine, delicate rose, shaded with salmon.
Sulphureaux—Sulphur yellow. Fine in bud; fragrant.
Susanna Blanchet—Pale flesh, passing to silvery white; shaded rosy amber.
Triomphe de Luxembourg—Rosy carmine on buff ground.
Viridiflora—The flowers of this variety are pure green.
White Daily—Pure white. Beautiful, long, pointed buds.
Yellow Tea—Pale lemon yellow. Beautiful, large buds.

THE BEST 6 NEAREST BLACK HARDY ROSES.

THE SET OF 6 FOR 50 CENTS.
 THE SET IN LARGE TWO-YEAR-OLD SIZE
 FOR ONLY \$1.25.

No Further Discount on This Offer.

IF YOU wish the nearest Black Hardy Hybrid Perpetual Roses you should order the varieties named below. They are the darkest of any, and exceedingly beautiful.

BLACK PRINCE—A superb Hybrid Perpetual Rose; very dark, blackish red, richly shaded with violet crimson; extra large, full flowers, delightfully perfumed; good, bushy habit; a hardy and vigorous grower, and free bloomer. One of the very best dark Roses. Price, 15 cents each; large, two-year-old plants, 30 cents each.

SOUVENIR DE DUCHERE—A superb Rose. Extra large, compact flowers; very full, double and sweet. Color, a beautiful, brilliant scarlet, deepening to dark, glowing crimson; very rich and handsome. Price, 15 cents each; large, two-year-old plants, 30 cents each.

BARON DE BONSTETTEN—Splendid, large flowers, very double and full. Color a rich, dark red passing to a deep velvety maroon; highly scented and very beautiful. Price, 15 cents each; large, two-year-old plants, 30 cents each.

ANTOINE QUIHON—Extra large flowers, very full, compact and regular form. Color, a rich, violet crimson, elegantly tinged and shaded with maroon red; a free bloomer, and very sweet. Price, 15 cents each; large, two-year-old plants, 30 cents each.

PRINCE CAMILLE DE ROHAN—Very dark; rich, velvety crimson, passing to intense maroon, shaded black; large, full flowers, looking at a little distance as if really black. One of the darkest roses; very handsome. Price, 15 cents each; large, two-year-old plants, 30 cents each.

DUKE OF EDINBURGH—Dark, velvety maroon, full, regular form; very handsome and fragrant. A perfect beauty. 15 cents each; large, two-year-old plants, 30 cents each.

DUKE OF EDINBURGH.

HYBRID TEA ROSES.

THE NEW Hybrid Tea Roses are recommended for their great beauty, exquisite fragrance, and constant bloom. They generally succeed well in favorable localities in the open ground, and are particularly valuable for growing in pots and greenhouse culture. They are moderately hardy, but require covering in Winter north of Washington, D. C.

PRICE—10 Cents Each; Large Two-Year-Old Plants, 25 Cents Each, Except Where Noted.

AMERICAN BEAUTY—Many of our friends know all about this grand Rose, and value it accordingly. To others we would say that it is well known as one of the best and most valuable Roses, both for garden and house culture. Color, rosy crimson, exquisitely shaded, and very handsome. Extra large, full flowers, exceedingly sweet, makes magnificent buds, is a constant bloomer. **Price, 25 cents each; one size only.**

ANTOINE VERDIER—Large, beautiful flowers; bright glowing pink, beautifully shaded rich crimson, very full and sweet; immense bloomer, fine for bedding.

BEAUTY OF STAPLEFORD—Color, clear, bright pink, shading to bright rosy crimson. A most charming rose with beautiful buds.

BELLE SIEBRECHT—(New.)—Described as imperial pink of good form, large flowers, borne on good strong stems and retaining a good shape when fully developed. A good, vigorous grower and free-blooming, with fine, handsome foliage, and altogether a very desirable addition to this class. Also a very hardy variety, valuable for bedding. Has received awards wherever exhibited. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

GRACE DARLING—A splendid rose, not new, but always scarce and rare; the flowers are large and full, exquisite form and very sweet; a strong, vigorous grower; color, a porcelain rose, elegantly shaded with vinous crimson; a decided color, but never quite obscuring the ground of beautiful yellow upon which it rests. A beautiful Rose when once seen will never be forgotten; this is one of our pet varieties, and we think there is nothing sweeter than *Grace Darling*. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

LADY H. GROSVENOR—Flowers, flesh color, large, full and globular. An exceedingly free and effective variety; a fine forcing Rose.

MADAME CAROLINE TESTOUT—The petals are large and of the elegant La France form; exquisitely edged and bordered with clear silvery rose; color, a brilliant satiny rose, deepening to clear red.

MADAME VEUVE MENIER—A strong, vigorous grower, producing buds in great profusion. Pale, light rose; flowers of good size, double and very free flowering.

MAD. JULES FINGER (New)—Of great beauty. The large and handsome flowers are full and globular, well poised, and can be cut with long stems. Color, a beautiful cream-white, shaded with rose, and salmon-colored center passing to pure white. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

MRS. W. C. WHITNEY—A new American seedling Hybrid Tea. The buds are large, long, full and pointed; the flowers are full and delightfully sweet. Color, a clear, deep even pink. The plant is robust and free blooming. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

NEW HYBRID TEA ROSE, MADAME SCHWALLER—Like *Puritan*, this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals, and deepening at the edge. Apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any we offer. Try it, it is magnificent.

PIERRE GUILLOT—Bright, dazzling crimson; large and very double flowers, resembling a Camellia blossom; an excellent variety. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

SOUVENIR DE WOOTTEN—Bright magenta red passing at base to a fine violet crimson, richly shaded; makes the most beautiful buds. We cannot recommend this variety too highly for outdoor or house culture.

TRIUMPH DE PERNET PERE—"Pernet's triumph."—A fine, clear, bright red, sometimes passing to a deep crimson.

VISCOUNTESS FOLKESTONE (Southern Queen)—Unsurpassed among light-colored varieties. It is very graceful and has strong, heavy foliage. The flower is delicately tinted flesh color, almost white and lustrous as satin. When in full bloom it is like a white peony, but without a suggestion of stiffness. Full flowers often measure six-inches in diameter and are delightfully sweet. Vigorous and free-blooming.

NEW CRIMSON EVER-BLOOMING ROSE.

PRINCESS BONNIE.

A new ever-blooming Rose of great promise for outdoor bedding. It is one of the most prolific blooming Roses we know, the color is a grand, solid crimson, just the shade wanted in the ever-blooming section, the base of the inner petals prettily marked with clear white, the fragrance is delightful, superior to most, if not surpassing, any Rose in its class, and equal to the finest hybrid perpetuals. It is a most valuable addition to our garden Roses, and will prove valuable also for Winter blooming. **Price, 15 cents each; large two-year-old plants, 40 cents each.**

AMERICAN BEAUTY.

New Ever-Blooming Rose, "CLIMBING MALMAISON."

A "sport" from the well-known Souvenir de la Malmaison, similar in flower and foliage to its parent, but of exceedingly robust, climbing habit. There is no finer Rose than the old well-known Malmaison, or "Souvenir of the South," and we are sure that our patrons, one and all, will be glad to hear that we have a climbing variety that is identical with the parent. First time offered. This variety will prove of inestimable value to all lovers of fine climbing Roses. It will prove perfectly hardy south of Washington, D. C. **Price, 20 cents each; three for 50 cents; large two-year-old plants, 50 cents each.**

Grand New Climbing Tea Rose, MRS. WAGRAM—COMTESSE de TURRENNE.

This is one of the most beautiful of the New Climbing Tea Roses. A strong, rampant grower, with very large, magnificent full flowers of a satiny rose color. Extremely beautiful when fully opened, often measuring four to five inches in diameter. It will surely be one of the most popular sorts for the South and Pacific Coast, as it resembles that grand old hardy Rose, Paul Neyron. Don't fail to try this Rose. **Price, 25 cents each; large two-year-old plants, 50 cents each.**

THE NEW HARDY PERPETUAL BLOOMING CLIMBING ROSE, EMPRESS OF CHINA.

This remarkable new variety from China has been thoroughly tested, and its great excellence is guaranteed. Its valuable feature, apart from its entire hardiness, is its perpetual blooming. It commences to flower early in Summer and from that time until late in the Fall it blooms continuously. It is entirely hardy, having withstood a temperature of sixteen degrees below zero, unprotected, without injury. In habit of growth it is vigorous, and in this respect is unsurpassed: small plants will make a growth of 6 to 8 feet in a single season. The foliage and habit is not unlike Marechal Niel. The flowers are of medium size, very graceful in form and highly fragrant. The bud is pointed and very shapely and is borne on long, stiff stems. The color of the bud is a soft dark red, and as the flower expands changes to an apple blossom pink. Think of Roses from May to December! It is surely the Rose for amateurs, as it needs but slight attention and no protection. **Price, 15 cents each; two for 25 cents; large two-year-old plants, 50 cents each.**

BEAUTIFUL CLIMBING TEA OR NOISSETTE ROSES.

In the South and the Pacific Coast, where they stand the Winters, nothing can compare with them for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

PRICE, 8 CENTS EACH, EXCEPT WHERE NOTED.

LARGE TWO-YEAR-OLD PLANTS COST 25 EACH, EXCEPT WHERE NOTED.

CAROLINE GOODRICH, OR RUNNING GENERAL JACQUEMINOT—This Rose has finely formed, very double flowers, and its fragrance is most delicious. This is a hardy Climbing Tea, and should not be classed with the hardy climbers that bloom but once a year. The color is the same as that of General Jacqueminot. Price, 15 cents each; large two-year-old plants, 30 cents.

CELINE FORESTIER—Deep sulphur yellow; flowers of good size.

CLAIRE CARNOT—Buff orange yellow; peach blossom center.

CLIMBING DEVONIENSIS—The same as Devoniensis, except that it is a rampant climber. A Magnolia fragrance.

CLIMBING NIPHETOS—Beautiful, long, pointed buds; pure white, with pale lemon colored center. Price, 15 cents each; large two-year-old plants, 35 cents.

CLIMBING PERLE DES JARDINS—Same in every respect as the well known "Pearl of the Garden," except that it is of climbing habit; the buds and flowers are much larger than those of the parent. Price, 25 cents each; large two-year-old plants, 40 cents.

CLIMBING WHITE PET—SPLENDID NEW ROSE—An unusually strong, vigorous grower, with clean, handsome foliage, producing in wonderful profusion flowers that are charming in form. They are of medium size, very double and full, and borne in clusters. The color is pure white. This new variety is really a remarkable climbing Rose, being as vigorous as Empress of China and as free as any Polyantha in the list. It is a nice companion to Crimson Rambler. Hardy with moderate protection. Price, 15 cents each; large two-year-old plants, 35 cents.

CLOTH OF GOLD, OR CHROMATELLA—Clear, golden yellow; large, very full and double; highly fragrant. Much prized in the South for pillars and verandas.

ESTELLA PRADLE—Lovely pure white buds; flowers full and sweet.

FURST BISMARCK—An improvement on Glorie de Dijon. The color is a blending of amber, carmine and cream, and of delicate fragrance. One of the most exquisite Roses, and hardy. Price, 15 cents each; large two-year-old plants, 30 cents.

GLORIE DE DIJON—Our Southern friends are unbounded in their admiration of this fine Rose, which is seen there in its fullest perfection, being hardy in their section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate Tea scent, and its exquisite shades of color, being a blending of amber, carmine and cream. One of the finest Roses on our list. Price, 15 cents each; large two-year-old plants, 30 cents each.

GOLDEN CHAIN, OR CLIMBING SAFRANO (Reve d'Or)—A beautiful pillar Rose, being a strong climber. Color, orange yellow or deep saffron; good size; full and sweet.

GOLD OF OPHIR (Ophire)—Nasturtium yellow, suffused with coppery red. One of the most beautiful of the Climbing Roses.

JAMES SPRUNT—Deep velvety crimson; very double.

LAMARQUE—Flowers of medium size, borne in large clusters; pure white and double. A most beautiful Rose. A strong, hardy grower and free bloomer.

MADAME ALFRED CARRIERE—Extra large, full flowers, very double and sweet; color, a rich, creamy white, faintly tinged with pale yellow; exceedingly beautiful.

MADAME BESSONNEAU—New Climbing Tea Rose. Large-sized flowers, with a delightful Tea fragrance. Color, blended shades of amber, carmine and cream; one of the finest new Roses. Price, 15 cents; large two-year-old plants, 40 cents.

MADAME CLAIRE JAUBERT—New. Extra large, full flowers, and borne in large clusters; pale apricot yellow, beautifully clouded with rich Indian red.

MARECHAL NIEL—One of the most magnificent Roses ever grown; superb buds and flowers, extra large, very double, and deliciously perfumed; color, deep golden yellow; highly esteemed for general planting and greenhouse culture, and in the South a splendid climber. Price, first size, 10 cents; large plants, 25 cents; extra large plants, 50 cents; very large two-year-old plants, \$1.00.

MONSIEUR DESIR—New Climbing Tea Rose. A most magnificent, velvety, crimson Rose, often shaded with maroon. This is like Marechal Niel; strong, vigorous Climbing Rose, possessing a character quite different from other Roses in this section. Price, 10 cents.

PINK ROVER—A decidedly meritorious new Rose of semi-climbing habit. The color is pale pink, deeper in the center of flower. The open flowers have the delicate tints of Alba or Maiden's Blush Roses. The flowers are large, full and expanded, and exceedingly sweet; most useful in the bud state for buttonholes. A most desirable variety for pegging down for pillars, standards, or covering moderately sized spaces on walls or fences. Is hardy, with moderate protection. The growth and bloom is extremely free; worthy of extensive planting. Price, 15 cents each; large two-year-old plants, 35 cents each.

REINE MARIE HENRIETTA, OR RED FLOWERING GLORIE DE DIJON—A strong, vigorous grower; flowers, large, full and of fine form; color, a pure cherry red; large, full and sweet scented. Succeeds well in the South. Price, 10 cents.

REINE OLGA DE WURTEMBERG—This is a splendid Rose. Should be grown where the Marechal Niel succeeds. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color, rose crimson, suffused with yellow. Price, 10 cents.

SETINA, OR CLIMBING HERMOSA—Nearly everyone is acquainted with the merits of this grand old Rose. The flowers and their color are identical with Hermosa, from which it only differs in regard to its habit of growth. The flowers are borne in great profusion, and in color are clear, bright pink, medium size, full and very fragrant; it is a rapid climber, and is an exceedingly vigorous grower; one of the best Climbing Roses in existence. Price, 10 cents each; two-year-old plants, 30 cents each.

SOLFATERRE—Climbing habit; fine, clear, sulphur yellow; large, full and double; very sweet.

WALTHAM QUEEN—A splendid new ever-blooming Climbing Rose. Hardy in the North. It is a strong grower and continuous bloomer. The flowers are large, full and sweet. The color is a rich, scarlet crimson, very beautiful and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion of its rich red flowers of magnificent size. Price, 15 cents; large size, 35 cents.

WILLIAM ALLEN RICHARDSON—Orange yellow, with outer petals lighter; center, coppery yellow. Very rich. Rapidly becoming popular.

THE LADY BANKS, OR BANKSIA ROSES—These are fine Climbing or Trailing Roses, very good for the South or Pacific Coast, where the winters are not too severe. They require two or three years' growth to bloom to perfection, and are then very beautiful. Flowers are produced on the old growth; prune very little, merely cutting away what is absolutely necessary. The flowers resemble a double cherry blossom, and are the size of a silver dime; produced in large clusters, and have a decided violet perfume.

WHITE BANKSIA—A pure untinted white. 15 cents.

YELLOW BANKSIA—Rich, golden yellow. 15 cents.

The two varieties for 25 cents, net.

THE MARY WASHINGTON CLIMBING PILLAR ROSE—This Rose, so widely advertised, is claimed by the introducer to have originated in the garden of George Washington at Mt. Vernon over one hundred years ago. It is an ever-blooming Climbing Rose of vigorous, rapid growth, and makes a profusion of fine buds, which are borne in large clusters. The flowers resemble the Polyantha Roses, and are of medium size, perfectly double, very sweet, and borne in endless numbers all summer. Price, 15 cents each; large two-year-old plants, 35 cents.

The Floral Wonders of the Century.

The Celebrated Gold Medal "Rambler" Rose Family.

The New Hardy Climbing Rose, "Crimson Rambler."—The New Hardy Japanese Climbing Rose, "**Crimson Rambler**," is one that we offer to our customers with unbounded confidence in its merits. It came to this country heralded as a wonder among flowers, but the most extravagant praises yet bestowed on it fall short of doing it ample justice. At every exhibition throughout Great Britain, where it was shown, it received the highest honors, and this opinion was indorsed. The National Rose Society of England, the National Horticultural Society of France and the International Exposition awarded gold medals to **Crimson Rambler**.

It is of rapid, vigorous growth; plants in our grounds attained a height of fifteen feet the past season. The flowers are produced in trusses, pyramidal in shape, good specimens measuring **nine inches from base to tip and seven inches across**, fairly covering the plant from the ground to the top, so that it is a **mass of glowing crimson**. The color is superb, and remains strong and vivid to the end; plants in our grounds retained the bloom for two months. The profusion of bloom is marvelous. A correspondent of the "London Garden" stated that on **one shoot he counted over three hundred blooms**. It is essentially a **garden Rose**, but makes a magnificent specimen in pot or tub. It is adapted to the entire country. **Price, 10 cents each; large size, 35 cents each.**

The Pink Rambler (Euphrosyne)—Identical with **Crimson Rambler** in growth, hardiness and richness of bloom. The color of flower is pure shiny Rose; the half-opened bud brilliant light carmine. This beautiful variety is distinct and fully the equal of **Crimson Rambler** in every way. All the Ramblers grouped together will make a beautiful contrast. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

The White Rambler (Thalia)—A blood relation to **Crimson Rambler**. The habit of growth, manner of blooming and form of flowers is identical with that grand variety. The flowers are superb, pure white in color, and are produced in splendid large clusters of the same distinct pyramidal form found in no other family of Roses, and being absolutely hardy, it is the highest type of a white climbing Rose yet introduced. The flowers are sweetly scented and remain on the bush for weeks. This additional charm is bound to make it unusually popular. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

Golden Rambler (Allister Stella Gray)—In habit of growth and profusion of bloom this is similar to the famous **Crimson Rambler**. It is a vigorous grower and blooms profusely both early and late. The straw and orange yellow flowers, of small size, are borne in large, handsome clusters—a big bouquet in each cluster. **Price, 15 cents each, 2 for 25 cents; large two-year-old plants, 35 cents each.**

The New Perfectly Hardy Yellow Climbing Rose, Yellow Rambler—Withstanding Zero Weather With Impunity.—The flowers are borne in immense clusters, after the same manner as the **Crimson Rambler**, often as many as 150 blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of **Crimson Rambler**. Many Roses which are described as yellow have really only a creamy tinge. **Yellow Rambler** is a clear, decided yellow. Flowers of moderate size, borne in large clusters, often bearing from 120 to 150 flowers in a cluster, very sweetly scented. Flowers last 3 to 4 weeks without fading, and a large bush in full bloom is one of the most beautiful and magnificent sights imaginable. The habit of growth is very vigorous, well-

established plants often making shoots of from 8 to 10 feet in height in a single season. It is bound to attain great popularity. Buy the only real hardy yellow Climbing Rose known at the present time. **Price, 15 cents each, 2 for 25 cents; two-year-old plants, 35 cents each.**

SPECIAL OFFER.

For 50 cents we will send the entire set of the "**RAMBLER**" family, post-paid. Entire set of 5 large two-year-old plants for \$1.25. No further discount.

YELLOW RAMBLER

Beautiful Moss Roses.

MOSS ROSES stand alone in picturesque beauty different and distinct from all others. Their opening buds, half covered with delicate, clinging moss of fairy-like texture, are the admiration of every beholder. Strong, vigorous growers, perfectly hardy, and justly esteemed as very desirable for outdoor culture in the open. Being difficult and slow of propagation, the price is higher than for other Roses.

Price of Moss Roses 10 cents each, except where noted.

We will send six of these Roses, our selection, for 50 cents. Large two-year-old plants, 35 cents each, except where noted.

ALICE LEROY—Fine, clear pink; extra fragrant flowers, generally produced in large clusters, delightfully perfumed. Buds thickly covered with lovely deep green moss.

ALPHELI PURPUREA—Deep, rich, velvety crimson; large, fine form, well covered with moss.

COMTESSE DE MURINAIS—Flowers white, sometimes tinged with flesh color; large double, cupped, buds heavily mossed. **Price, 15 cents each.**

DE LUXEMBOURG—Bright crimson scarlet, large and double; very sweet and mossy.

CAPTAIN BASROGER—New Centifolia Moss Rose. Large, full flowers, bright carmine, shaded with rich dark red. Very fine. **Price, 15 cents each.**

DARCET—Light rose pink, producing buds that are very pleasing in shape and of good size.

ELIZABETH ROWE—Extra large, massive flowers, very double and well filled out; bright, satiny pink, elegantly shaded; very fragrant and finely mossed.

GLORY OF MOSSES—Has the most delicious fragrance; color, a rich, glossy pink, tinged crimson; large and globular; the buds are almost hid with beautiful, green moss.

MME. HOCHÉ—Nice, full bloom of rose and white.

HENRI MARTIN—Color, a deep rosy carmine, shaded bright crimson; very mossy and fragrant.

NEW CENTIFOLIA MOSS ROSE, CRIMSON GLOBE—This is the richest crimson in color of all the Moss Roses. Very large and bright. The buds are well covered with moss. **Price, 20 cents each; large two-year-old plants, 40 cents each.**

NEW PERPETUAL MOSS ROSE, MOUSSELINE—Extra fine, large, very full and delightfully fragrant; color, a

pure white, sometimes shaded with rosy blush; elegantly mossed and very beautiful. **Price, 20 cents each; large two-year-old plants, 40 cents each.**

"PERPETUAL WHITE" MOSS ROSE—One of the mossy varieties; prettiest in bud; the flowers are of medium size and borne in clusters; fragrant, but not very double; color, a pure white. **Price, 20 cents each; large two-year-old plants, 40 cents each.**

PERPETUAL MOSS ROSE, BLANCHE MOREAU—New and highly recommended; flowers are large, full and sweet. The color is a pure white, and both flowers and buds have an abundance of deep green moss. **Price, 20 cents each; large two-year-old plants, 40 cents each.**

PERPETUAL MOSS ROSE, JAMES VEITCH—One of the finest; has extra large flowers; very fragrant and full. The color is a bright carnation red; very fine. **Price, 15 cents each; large two-year-old plants, 40 cents each.**

LORD PENZANCE'S NEW HARDY HYBRID SWEETBRIAR ROSES.

THESE LOVELY HYBRIDS, apart from their extreme beauty, are most interesting, being crosses between the common Sweetbriar and various other Roses. Like their parent, the common Sweetbriar, the foliage is deliciously scented. The flowers are of the most beautiful tints, and produced in great profusion. Not the least of their recommendations is the fact that they are **perfectly hardy**, even in the coldest situations, and possess a robust vigor quite astonishing; these, when covered with flowers of the most delicate shades, have a most beautiful effect.

PRICE, 25 cents each; the set of five, \$1.00. No Further Discount on this offer. Large two-year-old plants, 50 cents each; the set of five, \$1.75, postpaid. No Further Discount.

AMY ROBSART—Lovely, deep rose; the buds before opening are most graceful; of true Sweetbriar type; an abundant bloomer, robust and free.

ANNIE OF GIERSTEIN—Dark crimson, followed by an abundance of pretty clustered bunches of hips; large foliage, good grower and graceful branching habit.

BRENDA—Maiden's blush or peach blossom; a very dainty shade, contrasting finely with the bright golden anthers.

FLORA M'IVOR—Pure white, blushed with rose; perfect

for cutting; large flowers, their elegance being increased by the sprays of tender foliage that pass up between them; graceful in growth and habit.

LUCY ASHTON—Pretty, white blooms, with pink edges; not so large as some others; wonderfully free-flowering; free grower, with rather erect shoots; foliage as sweet as old Sweetbriar.

ROSE BRADWARDINE—Beautiful, clear rose; perfect in shape; very profuse; strong, robust habit.

THE OLD ENGLISH SWEETBRIAR ROSE.

— NO GARDEN SHOULD BE WITHOUT ONE PLANT AT LEAST. —

EGLANTINE—Very desirable for shrubberies and general planting. Flowers are bright pink and single, but the exquisite fragrance of the flowers, leaves and young branches in the early spring frequently perfumes a whole neighborhood. **Price, 25 cents each.**

THE CHEROKEE ROSE.

A strong, erect-growing shrub, with deep glossy green leaves, and bearing large, pure white Roses in great profusion; the flowers are double, very beautiful and wax-like. It is much esteemed in many parts of the South and Southwest, where it is extensively used for hedges, etc. It is a beautiful shrub, and is worthy of more general planting; requires protection in winter north of Washington, D. C. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

A SPLENDID INDUCEMENT TO HAVE YOU TRY OUR LARGE TWO-YEAR-OLD ROSES.

THEY ARE STRONG, STOCKY, ROBUST PLANTS, READY FOR IMMEDIATE EFFECT. The increasing demand for large-sized Roses for immediate effect has induced us to grow a larger number of this size than ever before, and as we grow no inferior varieties of Roses, we know that they will give you entire satisfaction.

OUR SPECIAL OFFER.—We will send you **TWELVE** fine large two-year-old Roses for immediate effect for outdoor planting or for house culture, by express at your expense, packed for light weight, for \$1.00, or we will send them by mail, postage paid by us, for \$1.25.

INVARIABLY OUR OWN SELECTION OF VARIETIES. We guarantee that all will be labeled and that the varieties will be of the "HIGHEST QUALITY."

Hardy Hybrid Perpetual Roses.

FOR PERMANENT PLANTING IN
THE OPEN GROUND ∴ ∴ ∴

For permanent planting the hybrid Perpetual Roses are the most valuable of all hardy plants. The flowers are very large, of delightful fragrance, and the colors are much richer than the ever-blooming Rose. They are not, as a rule, constant bloomers, but live from year to year, and flower profusely in June, with occasional flowers during the summer and autumn months. While they will thrive with very little care or attention, they will richly repay careful attention in pruning, cultivation, and mulching in the fall with stable manure. The following list embraces the best varieties in cultivation:

Price, 10 cents each, except where noted. Large, two-year-old plants, 25 cents, except where noted.

ALFRED COLOMB—A bright carmine crimson. Very large, full and fine, globular form.

ANNA DE DIESBACH—Long and pointed buds; brilliant crimson, sometimes shaded with bright maroon.

BARONESS ROTHSCHILD—One of the grandest and most beautiful of all Hybrid Perpetual Roses. Immense flowers, of a lovely shade of bright, rosy pink; very handsome. **Price, 25 cents; one size plant only.**

COUNTESS OF ROSEBERRY, NEW HARDY ROSE—We have in this charming variety probably the most beautiful Rose grown. No other Hybrid can approach it in its exquisite coloring. Indeed, no one would take it for a Hybrid, as it is as delicate and beautiful in its tints as the most gorgeous of the Teas. The color is satin-pink in the center, and deepens to the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors. Very free flowering; a good grower. Try it. **Price, 15 cents each; large, two-year-old plants, 40 cents each.**

COQUETTE DES ALPES—A lovely, pure white Rose. Very full and free in flower. Delicious fragrance.

COQUETTE DES BLANCHES—One of the finest white Hybrid Perpetuals. Flowers large; pure snow white; very double, full and fragrant. A constant bloomer.

CAPTAIN CHRISTY—The color is lovely shade of pale peach, deepening at center to rosy crimson. **15 cents; two-year-old plants, 30 cents.**

CAROLINE DE SANSAL—Clear, brilliant rose, merging into rosy lilac, edged with bronze; large and sweet.

CHARLES GATER, NEW HARDY ROSE—Award of merit, R. H. S. Is one of the new race of large, shrub-like Roses, of exceptional value. Flowers large, very globular, deep crimson, of grand shape, and distinct in color. One of the grandest additions to the class of red H. P.'s of recent years. **Price, 20 cents each; large, two-year-old plants, 50 cents each.**

CHAS. LEFEVRE—A beautifully formed Rose, with large, full, heavy petals; color rich crimson, with dark shadings; a very fine variety.

DOCTOR HOGG—Deep violet crimson, richly shaded with maroon; shell-shaped petals; full, compact form. Very double and desirable.

EARL OF DUFFERIN, NEW HARDY ROSE—Fine, velvety-crimson, beautifully shaded with dark, rich maroon; very large, full and finely formed; fragrant and free bloomer. **Price, 15 cents each; large, two-year-old plants, 35 cents each.**

EMPERESS OF INDIA—Dark, rich, velvety crimson, perhaps the darkest variety.

ELISA BOELLE—An elegant Rose. Very full and double, and delightfully perfumed. Color, a pure ivory white, sometimes clouded with blush, and tinged with amber.

FISHER HOLMES—Dark, rich scarlet, elegantly shaded with deep, velvety crimson; beautiful, extra large, full flowers; fragrant.

JOHN HOPPER.

FORTUNE'S DOUBLE YELLOW—(*Beauty of Glazenwood*). Bronzed yellow or copper and fawn color. Remains a long time in bloom, a strong grower and very hardy.

FRANCOIS LEVET—A very beautiful Rose. Soft China pink, delicately shaded carmine and blush; large, finely formed flowers, delightfully fragrant.

GENERAL WASHINGTON—This magnificent Rose is one of the best for general planting. Color, a beautiful, shining crimson; very rich and beautiful; flowers are large and perfectly double. It is a very free and regular bloomer.

GIANT OF BATTLES—This is still esteemed the very best rich, red Rose. Very large, double, full and sweet.

GUSTAVE PIGANEAU—The color is a beautiful shade of bright and brilliant carmine.

GLORIE DE MARGOTTIN—Clear, dazzling red; one of the most brilliant in the collection.

GLORIE DE LYONNAISE—The flowers are a pale shade of chamais or salmon yellow and shaded white, orange and fawn.

JULES MARGOTTIN—Bright, clear, cherry red; large and very double; a general favorite. One of the best Roses.

JOHN HOPPER—One of the most reliable and satisfactory Hybrid Perpetual Roses; flowers are large, very regular and full; color brilliant rose, changing to bright glowing pink, shaded with rich crimson; very sweet and remarkably profuse bloomer. **Price, 15 cents each; 2 for 25 cents; large, two-year-old plants, 35 cents each.**

CAROLINE MARNIESSE.

MAGNA CHARTA—A bright, clear pink, flushed with crimson; very sweet; flowers extra large, with fine form and very double.

LADY HELEN STEWART—Large, fully rounded flowers; highly perfumed; bright crimson, shaded scarlet; very beautiful.

NEW HARDY ROSE, GRAND MOGUL—Splendid, large, bold flowers, borne on erect stems. Very grand and striking. Color, a deep crimson, elegantly flamed with scarlet and dark maroon. Price, 15 cents each; large, two-year-old plants, 35 cents each.

CAROLINE MARNIESSE, GRAND CEMETERY ROSE—A hardy Rose that is always in bloom. As a bedding Rose this variety has no superior. It is literally a continuous bloomer, being constantly covered with flowers the entire summer. The blossoms are of medium size, full and double and borne in very pretty clusters. Color pure white, slightly tinged with pink, with delightful tea fragrance. The bush is low-growing, and especially adapted for a border or cemetery planting. It is entirely hardy, having withstood unprotected a temperature of eighteen degrees below zero without the least injury. Price, 15 cents each, two for 25 cents; large, two-year-old plants, 35 cents each.

NEW HARDY ROSE, J. D. PAWLE—Full rounded build, deep crimson, color very rich and effective. Magnificent flower of immense size, very full, and for form, substance and smoothness of petals is unequalled. Foliage very large, without being coarse, of a rich dark green color, forming a beautiful contrast with the flower. Price, 20 cents each; large, two-year-old plants, 50 cents each.

NEW HARDY ROSE, MARCHIONESS OF LORNE—This fine new English Hybrid Perpetual was introduced by Messrs. Wm. Haul & Son, of London, who say: "This beautiful Rose, dedicated by special permission to her Royal Highness, the Princess Louise, Marchioness of Lorne, produces flowers of an exceedingly rich, fulgent rose color, slightly shaded in the center with vivid carmine; they are large, very sweet, full and finely cupped shape; petals large, and buds long and handsome; it is especially remarkable for its truly perpetual habit, every shoot being crowned with a flower bud." Price, 15 cents each; large, two-year-old plants, 40 cents each.

NEW HARDY ROSE, T. W. GIRDLESTONE—Flowers of enormous size; very double and of fine form; color, a bright vermilion with shadings of lake; a strong grower, free in bloom and odorous. Received first-class certificate from Royal Horticultural Society. Price, 15 cents each; large, two-year-old plants, 40 cents each.

PRESIDENT LINCOLN—A beautiful dark crimson, shaded with red, very large and double; a magnificent, hardy Rose.

GENERAL JACQUEMINOT—A rich, velvety, crimson, changing to scarlet crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all the Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and is perfectly hardy.

KING OF SWEDEN—(The Black Rose.) This wonderful new Hybrid Perpetual Rose was raised in France. It is an extra strong, vigorous grower; flowers large and double, and of the darkest velvety, crimson-black color yet seen in any Rose. It is very sweet-scented and of perfect shape, and the richest-colored sort yet introduced. It blooms when very small. Price, 15 cents each; large, two-year-old plants, 30 cents each.

VICK'S CAPRICE—(The Striped Rose.) Its great beauty is impossible to describe. It is a Hybrid Perpetual, commencing to bloom when very small and producing flowers of enormous size; are perfectly double to the center, and of perfect form. It is very fragrant, and its color is a deep satiny pink with numerous wide stripes of pure white, making the most odd and unique Rose in cultivation.

LA REINE—A beautiful, clear bright Rose, fine full form; very fragrant. It is well named "The Queen."

LADY EMILY PEEL—Very sweet; color, white, sometimes tinged and shaded with blush.

LOUIS VAN HOUTTE—A rich crimson, heavily shaded with maroon; beautifully formed and double flowers.

MARCHIONESS OF LORNE.

MADAME PLANTIER—The iron-clad white cemetery Rose. This is the old standby, and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful snowy white, fragrant Roses. It is as hardy as an oak.

MRS. JOHN LAING—Clear, bright, shell pink, exquisitely shaded. Price, 15 cents each; two-year-old plants, 30 cents each.

MABEL MORRISON—Petals thick and of a very soft, smooth texture; shell-shaped; very double and rounded in form; of the purest white. 25 cents; one size only.

MARSHALL P. WILDER, NEW HARDY ROSE—This fine new rose originated in this country, and was named in honor of the venerated President of the Pomological Society. It is a Rose of unusual excellence. Flowers are large, semi-globular, full and of good substance. Color a bright, scarlet-crimson, richly shaded with maroon, very fragrant and a free bloomer.

NEW HARDY ROSE, MADAME JOSEPH DESBOIS—A most vigorous grower and persistent bloomer. The flowers are very large and double, on long, stiff stems, of fine, waxy texture and substance, and last a long time in a fresh state after being cut. The color is a pure snow white. This we commend as being a very desirable sort. We had buds on this Rose four inches through. A veritable beauty. This no doubt is the very best white Hardy Rose in existence. It is difficult to propagate, and for this reason will always be scarce and high priced, but it grows well after once being rooted. Price, 20 cents each; large, two-year-old plants, 40 cents each.

PERFECTION DES BLANCHES—The best and freest-blooming of the hardy white Roses. It is a finely formed, pure white variety, but occasionally shows light blush when first opening. Beautiful shell-shaped petals, evenly arranged. Flowers, good size, perfect and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush.

MARGARET DICKSON—The color is white with pale flesh center; petals very large, shell shaped, fine form, and have the true Magnolia fragrance. 25 cents each; large, two-year-old plants, 50 cents.

PAUL NEYRON.

PAUL NEYRON—Deep shining Rose, very fresh and pretty. Flowers large, often measuring five inches in diameter, and it has this merit: though very large, the buds always develop fine, perfect Roses. A good, strong grower, with nice, almost thornless, stems. We know of no Rose possessing so many good points to recommend itself as the Paul Neyron. Grown by thousands in the Eastern cities for its good, free-blooming qualities. 15 cents; two-year-old plants, 30 cents.

SILVER QUEEN—Silvery-blush, shaded in the center with a delicate rosy pink, very distinct, large and full, of beautiful cupped form, and produced in great profusion, every shoot being crowned with a flower bud. Foliage handsome and habit unusually good, the flowers standing well above the foliage.

ROSY MORN—A lovely name and magnificent Rose. Extra large size, very double, full, deliciously sweet. Color, an exquisite salmon rose, shaded delicate peachy red; sometimes pale blush, suffused with soft, rosy crimson.

ULRICH BRUNNER, A SUPERB ROSE—A seedling from Paul Neyron. Extra large, bold flowers, full and globular; petals large and of good substance. Color, a rich, glowing crimson, elegantly lightened with scarlet. Fragrant.

MADAME JOSEPH DESBOIS.

The Latest Introductions in Beautiful New Roses.

EUROPEAN AND AMERICAN PRODUCTIONS. TESTED VARIETIES.

NEW TEA ROSE,

❖ "JEWEL," ❖

The Rose of Many Colors.

NEW TEA ROSE, JEWEL, THE ROSE OF MANY COLORS.

We now offer the most remarkable Rose in cultivation, and extremely novel and beautiful. Jewel produces flowers that range in color from dark orange yellow to crimson, variegated, blotched, mottled, etc. A plant in bloom shows no two flowers alike. Some will be dark yellow, others light yellow, buff, light and dark crimson, pink, bluish, etc., while others will be beautifully variegated. As may well be imagined, the sight which such a plant in bloom presents is a novel and beautiful one. It is a true Tea Rose, the flowers being large and delightfully fragrant, and in both bud and bloom exquisitely beautiful. It is a free grower and profuse bloomer, especially in the open ground. As a Rose novelty this is the most remarkable ever introduced, and, as may well be imagined, creates a sensation wherever seen. Price, 15 cents each, two for 25 cents; large two-year-old plants, 50 cents each.

WHITE BOUGERE—A lovely new Tea Rose. A sport from that famous old variety, Bougere. For open-ground planting it has no superior. The flowers are unusually large, deep, full and double; long, stiff stems, and borne throughout the season in great abundance. The color is pure ivory white. Very beautiful, and a particularly good Rose for general planting. Price, 15 cents each; large two-year-old plants, 40 cents.

EMILIE GONIN—Beautiful new Tea Rose. White, tinted with orange yellow on a deeper ground. Each petal broadly edged with bright carmine; very large and full. Price, 25 cents each; large two-year-old plants, 50 cents.

ANTOINE RIVOIRE—A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color, rosy flesh, on a yellow ground, shaded with a border of carmine. Flowers have been exhibited five inches in diameter. A remarkable variety of great worth. Price, 25 cents each; two-year-old plants, 50 cents.

AUGUST METRAL—Buds, crimson red; large, full, red flower, varying from purple to crimson red; fragrant and very beautiful. Very choice. Price, 20 cents each; two-year-old plants, 50 cents.

AUGUST COMTE—A fine all-round Rose—one that we recommend, very odd and entirely distinct. Color, rose red, outside petals carmine red, with broad border of a deeper color, and the center salmon colored rose centre. Flowers of good size, double and full. Substance excellent. Well worth having. Price, 25 cents; two-year-old plants, 50 cents.

RODOCANACHI—A new hardy hybrid Rose of great promise; color, soft, transparent pink, shaded with carmine; immense flowers, very full and fragrant. The sensation in the cut-flower market last winter—single flowers retailing for fifty cents and seventy-five cents each. We consider this variety to be one of the best Roses in cultivation, and we think our customers will agree with us after seeing a few well developed blooms. Stems long, straight, and clothed with large, deep-green leaves; buds bright and handsome. Price, 25 cents each; large two-year-old plants, 50 cents.

LA NIEGE—A new Bengal or Daily Rose. We have only a few Roses of this class, and this lovely variety is a welcome addition. The flowers are pure white, medium in size, very double, and so freely produced that a bed of it will be in bloom the entire summer. The form of the full flower is quite distinct; the center petals are formed like an Anemone, while the outer ones are reflexed. We know that this variety will be very popular when once planted. Price, 15 cents each; large two-year-old plants, 35 cents.

MADAME E. HELFENBEIN—A charming variety of remarkably bright and pleasing color—chamois yellow, shaded and veined with apricot and carmine rose. Price, 15 cents; large two-year-old plants, 35 cents.

NEW HARDY VARIEGATED ROSE, ROGER LAMBELIN—Greatly reduced in price for this season. One of the most remarkable Roses yet offered. The petals are irregular on the edges like a double Petunia; the color is glowing crimson throughout, except the edges of the petals, which are all distinctly marked with a white band, forming a sharp contrast and the most unique combination of colors known in Roses. The growth is free and vigorous and the fragrance is delightful, equal to the finest of the hardy Roses. This is a "novelty" of the most striking order. Price, 25 cents each; large two-year-old plants, 50 cents.

CORONET—A magnificent new hybrid Tea Rose of great size, wonderful fragrance and beauty. It is as large as Paul Neyron, as sturdy as Bon Silene, as free blooming as Princess Bonnie or Clothilde Soupert, and as fragrant as the Rose Damascus, whose fragrance has been celebrated for centuries. This grand new Rose will create a sensation throughout the entire Rose world. It is truly the greatest Rose introduced in this decade. Color, clear shining, rosy carmine, with edge of petals distinctly marked with a band of silvery gray. Price, 25 cents each; large two-year-old plants, 50 cents.

FERDINAND BATEL—A hybrid Tea. A strong, healthy grower, and remarkably free flowering; color variable, changing from a rosy flesh on a yellow ground to a nankeen orange. Price, 20 cents; two-year-old plants, 50 cents.

ELISE HEYMANN—Light yellow, shaded with nankeen yellow; center r sypach; very free flowering. An excellent bedding sort. Price, 15 cents each; large two-year-old plants, 35 cents.

Mlle. Helena Gambier.

NEW YELLOW HYBRID TEA ROSE.

This is a decided advance towards a true yellow Hybrid Tea. The color at first is a salmon rose, varying to apricot yellow at base of petals, changing to rosy flesh with deeper center in the open flowers. The plant is a robust, bushy grower with erect stems and beautifully bronzy green foliage, a prolific bloomer. Flowers large, very double with full high center. **Price, 20 cents each; large two-year-old plants, 50 cents each.**

AUGUST WATTINE (New Tea Rose)—The bud is long and flower large; an odd shade of red, changing to yellow; a vigorous, free grower and bloomer. **Price, 15 cents each; large two-year-old plants, 35 cents.**

SOUV. DE JEANNE CABAUD (New Tea Rose)—A beautiful "Frenchy" rose of most exquisite color; it is very large and very full, and its chief beauty is in its open state, when its appearance is that of a pink rose set in the heart of a large orange rose. The outer petals are coppery yellow, the center bright carmine pink. It is a strong grower and free in bloom. Wherever bedding roses do well, this will be a delightful addition. **Price, 25 cents each; two-year-old plants, 50 cents.**

SOUV. DE CATHERINE GUILLOT (New Tea Rose)—An extra fine novelty, producing a long-pointed bud of the color of the Austrian Copper. The open flower is large and full, and a wonderful combination of colors. Very fragrant and a very free, easy grower. **Price, 20 cents each; large two-year-old plants, 50 cents.**

LA FRAICHEUR (New Hybrid Tea)—Bright rosy carmine; the most exquisite color and very fragrant; of moderate growth. **Price, 20 cents; two-year-old plants, 40 cents.**

COMTESSE LILY KINKSKY (New Tea Rose)—Flower large, moderately full, of beautiful form, bush white with yellow shadings; center almost ochre-yellow; very fragrant, very beautiful. **Price, 20 cts.; two-year, 40 cts.**

CHEVALIER FERRARIO (New Crimson Tea Rose)—A vigorous grower with large flowers; quite full, petals very large, color deep, clear crimson. A remarkably fine red variety; obtained a first prize. **Price, 20 cents each; large two-year-old plants, 50 cents.**

CARMINE PILLAR (New Hardy Climber)—New single Rose. The flower from $3\frac{1}{2}$ to 4 inches across; of the brightest possible rosy-carmine, and produced very abundantly; the display lasts for several weeks; quite hardy; one of the very finest of ornamental shrubby Roses of the freest growth. **Price, 20 cents each; large two-year-old plants, 50 cents each.**

QUEEN MAB (New China Tea Rose)—This variety belongs to the decorative and button-hole class of Roses. It is, however, perfectly distinct from all others, and is much superior in its sturdy habit of growth and the substance of the petals of the flowers, the latter quality enabling it to last longer when cut than any other Rose we are acquainted with. The color may be described as soft rosy apricot, the center of the flower shaded with orange, and the outside tinted with rose and violet; it blooms with extraordinary freedom, and is most excellent for garden decoration and for cutting. It has received a certificate of merit from the Royal Botanic Society. **Price, 25 cents each; large two-year-old plants, 50 cents.**

VICTOR VERDIER—Rich, cherry rose, shaded with carmine. Very attractive color; flowers large and beautifully formed; very full. A beautiful Rose. **Price, 10 cents; two-year, 25 cents.**

IMPORTED HARDY YELLOW ROSE, PERSIAN YELLOW—Dark golden yellow; the best variety of its color; entirely hardy. It is difficult to imagine a finer sight than this when in full bloom, covered with its bright yellow blooms, which are borne along the ripened wood so that they appear in sprays. It must not be pruned much, if any, unless to cut out dead or diseased branches. **Fine, large plants, 50 cents each,**

WHITE MARECHAL NIEL.

exhibition purposes. Price, 15 cents each; large, two-year-old

NEW HARDY ROSE, PAUL'S EARLY BLUSH—Light, silvery blush; large, fine, bud shape, producing its bloom amongst the first, so decidedly the earliest light Rose. For forcing it has proved of exceptional value, flowering freely in March, and so perpetual as to again bloom in May, so that when early flowers are wanted for market or otherwise, it will be invaluable. It was awarded a prize, International Exhibition, for "New Rose of merit." Price, 20 cents each; large, two-year-old plants, 50 cents each.

MURIEL GRAHAM. New Tea Rose. This superb Rose is from that favorite variety Catherine Mermet, and is perfectly distinct in color from anything extant, which is a pale cream, faintly blushed rose. The habit of growth is similar to its parent. Sent out by Alexander Dickens & Sons, Belfast, Ireland, who consider it one of their best introductions. Well worth our best recommendation. Price, 20 cents each; large two-year-old plants, 50 cents each.

AUGUSTINE HALEM—Extra large and handsome; full, well developed buds and flowers, having good, thick, waxlike petals of excellent substance; color, clear, bright, rosy red; very beautiful; a constant and profuse bloomer; very fragrant. Price, 15 cents each; two-year-old plants, 40 cents.

BLADUD—New hardy hybrid Rose. A very distinct and beautiful light colored Hybrid Perpetual. The flowers are large, very full, and globular in shape; the outside petals silvery white, the center pale-blush pink. The growth is strong, erect and branching. It is very free blooming, and, with every shoot standing firm and crowned with magnificent large flowers, is a majestic Rose. It will be found to be a grand acquisition to our gardens, and is sure to be in great demand. Price, 50 cents each; two-year-old plants, \$1.00.

MADAME JULES GROLEZ—An exceedingly free-blooming variety, with very bright, large, full, finely formed flowers. Color, a distinct and charming shade of satiny China rose. Price, 15 cents; two-year-old plants, 35 cents.

JOSEPH TEYSSIER—A beautiful new Rose, freely producing flowers of elegant form and substance. The color is odd and attractive—on the order of *Beaute Inconstante*. One bush will produce many different colored flowers, such as carmine, chrome, yellow and rose. We consider it a fine Rose, particularly in the open ground. Price, 15 cents each; two-year-old plants, 35 cents.

GRANDE-DUCHESSE HILDA—Large flowers of good substance; very double; color, a beautiful shade of rich creamy white; center and base of petals faintly tinged with pure golden yellow; a free bloomer. Price, 15 cents; two-year-old plants, 40 cents.

WHITE MARECHAL NIEL. New Climbing Rose. Identical with its famous parent, save color. The fame of Marechal Niel, with its large, deep golden-yellow flowers, is so world-wide that nothing further need be said of this new variety to make it instantly popular than that it is the exact counterpart in every respect of Marechal Niel, its parent, save the color of flower, which is a pale creamy white; totally distinct. This remarkable variety is selling at enormous prices in Europe, where it originated. We consider ourselves fortunate in possessing some of the original stock-plants procured direct from the introducer, from which our stock has been propagated. It is a rapid climber and quickly makes a bush of considerable proportions. For Southern cultivation it will be of great value, and as a companion plant to Marechal Niel we anticipate a splendid demand for it. Price, 25 cents each; large two-year-old plants, 75 cents each.

MAPIE BAUMANN—A bright carmine; flower very large and of exquisite form; free bloomer. In every way one of the finest Roses grown. Price, 10 cents; two-year, 25 cents.

MAD. GABRIEL LUIZET—One of the most beautiful of all Roses. Extra large, elegantly formed, very double and full, fragrant; color an exquisite shade of clear coral rose, suffused with lavender and pearl; once seen will always be remembered; good bloomer; hardy. Price, 25 cents each; two-year-old plants, 40 cents each.

MAURICE BERNARDIN—A vigorous grower, with large, full, vermilion flowers of fine form and good fragrance. A choice sort. Price, 10 cents; two-year, 25 cents.

OLGA MARIX—Pure white, delicately shaded with amber and blush; large, full flowers, very double and sweet; a free bloomer, and very handsome and desirable. Price, 10 cents; two-year, 25 cents.

NEW HARDY ROSE, SIR ROWLAND HILL—This fine new Hybrid Perpetual Rose comes to us from England, and is undoubtedly one of the very darkest of all Roses; the color is a remarkable shade of blackish maroon, passing to a rich violet or plum color; very novel and distinct, the flowers are extra large, globular, well filled and fragrant. Price, 15 cents each; large two-year-old plants, 35 cents each.

NEW HARDY ROSE, SALAMANDER—One of the leading prize-winners of the year; flowers a bright scarlet crimson; very vivid in summer, and a free autumnal bloomer. A brilliant and most effective Rose, either for garden or

MURIEL GRAHAM

PRINCESS VENOSA.

CORINNE—Has taken a gold medal and several certificates of merit. The color is a beautiful flesh, shaded with rose and suffused with tawny copper. The flowers are large size, excellent shape, and very freely produced. Price, 15 cents each; large two-year-old plants, 40 cents each.

MRS. PIERPONT MORGAN—New Tea Rose. One of the finest Roses ever introduced in America. Enormous flowers; petals broad and massive. Color intensely bright cerise or rose pink. Received prize medals and certificates wherever exhibited. Price, 15 cents each; large two-year-old plants, 40 cents each.

DAVID PRADLE—One of the most charming Roses we have, and one that will surely become prominent for summer bedding or indoor planting when it becomes better known. While this is an old-time Rose, with good reason for its oblivion, as the stock which has been generally sent out was not true to name, and was very inferior if not an almost worthless variety. We have lately secured, direct from Europe, the true stock. Its habit is perfection, of strong, upright growth, with the cleanest and healthiest foliage that is almost impervious to disease. The flowers are produced in wonderful profusion on long, straight shoots, deliciously fragrant and of the largest size, double to the center, and of the most beautiful form. The coloring is an exquisite blending of lilac and rose, with a delicate and rich crimson center; beautiful in the bud state, but particularly so when the bud is unfolding into the open flower. Then the beauty of the glints of color and the shading is almost indescribable, and must be seen to be appreciated. Don't fail to secure one or more of this beautiful Rose. Price, 15 cents each; large two-year-old plants 40 cents each.

KATHARINE WARREN—This is a beautiful, new China Tea Rose of rare and exquisite beauty and elegantly formed, both in bud and open flower. Color a fine deep carmine with shadings of garnet that lighten on the inner petals, a grand composition of color. Price, 15 cents; large two-year-old plants, 40 cents.

MRS. ROBERT GARRET—A beautiful large Rose of exquisite shape, finish and blending of colors. It was raised by Mr. John Cook, of Baltimore, Md., the result of a cross between Sombreuil and Madame Caroline Testout. It partakes largely of the latter variety in habit of growth in foliage, spines and stems, and in shape of flowers shows a complete blending of both parents. The flowers are very large, on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles Souv. President Carnot, but is very much larger; color, a glowing shell pink, very deep in the center; the fragrance is delicate and pleasing. A correspondent of the American Florist, in commenting on this Rose in last March, says: "The exhibit of Mr. Cook was a departure from the rest, as it was a vase of Roses. But such Roses! They towered above the Carnations, on strong stems clothed with heavy foliage, and were as large as American Beauties, but of a beautiful clear pink, almost light enough to be called a shell pink." Price, 25

PRINCESS VENOSA—New tea Rose. A strong grower, producing a long bud; flower large, moderately full and beautifully formed; color tawny yellow, with shadings of carmine; a most remarkable combination of colors. Price, 20 cents each; large two-year-old plants, 40 cents each.

New Hardy Ever-blooming Climbing Rose,

MRS. ROBT. PEARY,

Is a sport from one of the most magnificent and celebrated Roses grown, *i. e.*, Kaiserine Augusta Victoria. This fact alone is sufficient to guarantee its advent, no matter what the climate may be, and it surely meets a demand that has never been supplied. The flowers are extra large, full, deep and double. They are of excellent substance, and are produced on long, stiff stems, like a forcing Rose; in fact, both in bud and flower, this grand new variety is superior in grace and finish to any white cut-flower Rose. The buds are long and pointed, a remarkable feature, not found in any other Climbing Rose; the fragrance is delicious. The most remarkable feature of this variety, however, is that it blooms continuously the first year, a characteristic found in no other white climbing Rose. Then it is absolutely hardy, and its flowers are truly beautiful. If you want a quick growing, hardy climbing Rose—one that will give you flowers this year—this is the only white variety that will do it. It has no weak spot. It grows to perfection outdoors, throwing up numerous shoots, 10 to 15 feet high, in a single season. We regard it as the most important introduction of modern times. Be sure to include this variety with your order. Its beauty and healthy, thrifty growth will astonish you. There is no better value in this book. For a sensational new Rose, of pronounced superiority over all others, the price is wonderfully low. Be sure to try it. Price, 50 cents each; 3 for \$1.00 net; no other discount. Ready in March.

CLARA WATSON—Beautiful salmon-pink color, with very large buds and flowers. A vigorous grower, with handsome foliage. It is highly recommended for bedding. A very excellent variety. Price, 15 cents each; large two-year-old plants, 40 cents each.

COMTESSE DE BRETEUIL—An exquisite Tea Rose, with fine-shaped buds and flowers. Color a rich shade of golden amber, delicately tinged with apricot and ruddy copper, beautiful in bud or fully open flower; very fragrant. Price, 15 cents each; large two-year-old plants, 50 cents.

DAVID PRADLE.

cents each; large two-year-old plants, 50 cents.

THE BURBANK ROSE.

A perfectly hardy, free-flowering, everblooming Rose, originated by MR. LUTHER BURBANK, known the world over as the "Wizard of Horticulture." This is the best Rose he has ever originated, and, in fact, the **ONLY Rose which he was willing should bear his name.** Some idea of the value of this Rose can be formed when we state that Mr. BURBANK says it is **THE BEST of seventy-five thousand cross-bred**

Seedlings which he has raised. The color is, perhaps, more like cherry-crimson than pink. It has none of the dead color of Hermosa, and is as different in form as possible, although even more free flowering and much more continuous in bloom—in fact, absolutely perpetual. It is, therefore, adapted as well to house culture as to bedding, & absolutely hearty with rich, perfect health of foliage.

The **BURBANK Rose** is well adapted both for outdoor bedding and for blooming in pots in the house during the winter. It is strong and vigorous, with neat, rich green foliage, not liable to mould or spot. The plant is of bushy, symmetrical form, and does not make sparse open growth out of doors, as do so many other choice varieties. Each plant becomes a well-rounded bush that is most effective when grown at some little distance from other plants.

It is **perfectly hardy.** The plants begin to bloom when only a few inches high and flower most profusely all through the spring and summer until stopped by heavy frost late in the autumn; a bed will furnish a constant supply of beautiful flowers for cutting all summer, and is without exception the **freest-flowering Rose in cultivation.** The flowers are double, of five form, nearly three inches across. The color is a deep rose-pink, shading to a beautiful soft rose at the center. The petals are well incurved so that the center is hidden. In September and October the outer petals change to a deep, rich carmine. The whole flower is most pleasing in its rich, graceful beauty, and is **delightfully fragrant.** Price, 20 cents each; 3 for 50 cents; or 12 for \$1.00.

THE BURBANK ROSE.

\$1.00, postpaid, by mail. No other discount. Large two-year-old plants, 40 cents each; 5 for \$1.00.

New Perpetual Flowering Hardy Rose, Mrs. J. Sharman Crawford.

This is a grand advance in the way of a true perpetual hardy Rose for the garden. The plant is very vigorous in growth, of strong branching habit, making numerous shoots three to four feet in length in a season, with fine, distinct foliage, every shoot crowned with a handsome, large flower of perfect imbricated form, and delightfully fragrant. Color a rich, deep rosy pink, outer petals shaded with pale flesh; very showy, attracting attention at once as being entirely distinct in form and color. It is a pure perpetual, flowering continually from early summer until late in the autumn, and can not fail to delight all who desire a perfectly hardy, ever-blooming garden Rose. Price, 15 cents each; large two-year-old plants, 50 cents each.

SYLPH—Introduced last year by William Paul & Son, Waltham Cross, England. Flowers ivory white, tinted with peach color—a very beautiful blending of colors; large, high-centered, with stiff petals; habit erect, a magnificent exhibition Rose; the growth is vigorous and the flowers are produced in great abundance, rendering it one of the most desirable varieties for garden decoration and for cutting purposes. Moderately hardy. Price, 15 cents each; large two-year-old plants, 40 cents each.

MLLE. GERMAINE TROCHON.

TOM WOOD—A new Irish variety, now offered for the first time, of great merit, either for garden decoration or for cut flowers. The color is cherry red, petals large, shell-shaped, and of immense substance. Flowers very large, full and perfectly formed. Growth vigorous and of free-branching habit, flowering freely and continuously from early in summer until late in autumn. The foliage is distinct and proof against mildew. Price, 25 cents each; large two-year-old plants, 50 cents.

PRINCESS ALICE DE MONACA.

MADemoiselle GERMAINE TROCHON—An ever-blooming, hardy, yellow Rose. Among the many new Roses imported by us of late years there are none, in our opinion, which are liable to have a wider popularity than this. It is an entirely new color in the Hybrid Tea class, and it has proven hardy in our climate. The best description we could give of the Rose is that given to the Tea Rose "Sunset," which we introduced some years ago, and which created a profound sensation. Technically described, it is orange yellow, with shades of buff, fawn and light yellow; the interstices between the petals show depths of coloring approaching what is very frequently seen in our sunset skies and which originally suggested the name for the "Sunset" Rose. Price, 25 cents each; large two-year-old plants, 50 cents.

New Hybrid Perpetual Rose, Captain Hayward.

When first exhibited this remarkable Hybrid made quite a sensation, and was judged superior to even General Jacquemont. This is not a matter of surprise, however, when its beauty is considered. The flowers are large and bold, thoroughly double, perfectly formed, and of a most lustrous, velvety, glowing red. Thrown into prominence by long, strong stems above dark, massive foliage, they are well calculated to create a sensation, whether cut for decoration or growing on the bush. The habit of the plant is vigorous, upright, free blooming and hardy, even in the North. Recommended as one of the best Hybrids of its color in cultivation. Price, 20 cents each; large two-year-old plants, 50 cents each.

DUKE OF YORK—Flowers variable between rosy pink and white; sometimes white-edged and tipped with deep carmine, sometimes pale with deep red centers, but always beautiful and quite distinct from any other Rose; of vigorous growth and good habit; a splendid, constantly flowering decorative Rose. Price, 15 cents each; large two-year-old plants, 35 cents each.

SOUV. DE MAD. EUGENE VERDIER—This is one of the grandest Roses in this book. It is a very strong, free-grower, throwing up strong, erect canes. Every shoot is crowned with a large, full, deep, double flower of exquisite shape and color, creamy white, shading to yellow. Beyond question, this is a superb Rose, and one that will draw forth exclamations of admiration from all who see it. Price, 15 cents each; large two-year-old plants, 40 cents each.

PRINCESS ALICE DE MONACA—We give our best indorsement to this charming, new, ever-blooming Rose, whose merits are of the highest order. It is a strong, upright grower, with clean, healthy foliage. The flowers are produced in wonderful profusion on long, straight shoots, are large in size, double, of fine form and deliciously fragrant. The coloring is exquisite—a creamy white on the outside of petals, with a faint, rosy blush on the edges; as the flowers expand they disclose a charming shade of pink, deepening to rich blush. The flowers are borne in remarkable profusion throughout the growing season. This is a grand Rose and one that will give splendid satisfaction. Price, 15 cents each; large two-year-old plants, 35 cents each.

Notice our Special Offer for our Select Quartet of New Roses.

PRISCILLA.

PRISCILLA—New white hardy ever-blooming Rose. What has been so long desired; viz., a pure white, hardy, ever-blooming Rose, has been at length obtained in this grand variety. It has all the requisites of a perfect garden Rose—substance, size, fragrance, hardness, vigor, and profusion of bloom, rivaling the best of the monthly ever-blooming Roses in the latter an important quality. It is a sport from the well known and much valued Rose, Maman Cochet, inheriting all its fine qualities—full and firm buds, long and pointed, the ideal shape for a Rose, and keeping a long time when cut. We can not speak too highly of it, and the fact that we include it in our "Select Quartet" is sufficient to indicate our high opinion of it. Wherever fine Roses are grown, or a hardy white ever-blooming Rose is wanted, the Priscilla should be planted. Price, 20 cents each; large two-year-old plants, 50 cents.

NEW HARDY HYBRID ROSE, CLIO—This is a grand addition to our list of white or blush, hardy garden Roses. The flower is simply perfection in form, with fine, broad petals, with high, full center, and is magnificent in all its stages of growth. Color delicate satin blush, with a light shading of rosy pink at the center. Plant a strong, vigorous grower, with large, handsome foliage. Added to its other good qualities, it has the merit of being a prolific bloomer; without question, the finest white hybrid to date. Price, 25 cents each; large two-year-old plants, 50 cents each.

SPENCER—New hardy hybrid Rose. This is a perfect Rose in every particular, and as an effective Rose for outdoor planting, it is unrivaled by any of its color. The flowers are a double satiny pink, the outer petals shaded and reflexed with white, very large, full and of compact form. They are produced freely, and, owing to the wonderful substance of the flower, they keep for a long while after cutting. The growth is robust. Worthy of extensive cultivation. Price, 25 cents each; large two-year-old plants, 50 cents.

MADAME ABEL CHATENAY.

MADAME ABEL CHATENAY (Hybrid Tea)—The celebrated Rose which the Washington, D. C., society people have used almost exclusively during the past season in their social events. This is a wonderfully strong, healthy growing variety with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy rose shaded with rose vermillion and tinged with salmon; the base of the petals is very highly colored, being a combination of the foregoing shades strongly accentuated. This will undoubtedly make a fine garden Rose because of its substance and hardiness. The flowers are borne on long stems, so that it is exceedingly well adapted for vases of cut flowers. **Price,** 20 cents each; three for 50 cents; twelve for \$1.00, net; large two-year-old plants, 40 cents each; five for \$1.00, net.

Our select quartet of new Roses, Priscilla, Madame Abel Chatenay, Muriel Graham and Mlle. Helena Gambier, for 50 cents, net; try them.

JUBILEE.

NEW GOLD MEDAL ROSE, JUBILEE—Hardy Perpetual Rose. It is a true Hybrid Remontant Rose, perfectly hardy, blooming in the fall as well as in the early summer; very vigorous, large, dark green foliage, one of its distinguishing features, short-jointed, long flower stems, and branches freely; blooms most abundantly, three flowers and over on each shoot, the ideal habit for a hardy garden Rose. The flowers are very large, reaching six inches across under good culture; outer petals partially reflexed and recurved, the center petals upright and very gracefully disposed, giving grace and finish without showing the center; they last a long time when cut. The buds are long and rounded, the petals falling away gracefully, revealing the rich, velvety texture. The fragrance is strong, delightfully rich and very lasting.

Its Wealth of Color.—A pure red in its deepest tone, shading to deep crimson red and velvety maroon red in the depths of the petals. "The coloring is alive," as one expressed it. "It fairly glows in its rich warmth of coloring," another said. The rich velvety finish to the petals is all its own, and is not even approached by any other Rose yet introduced. It is admirable, unique. It required the skill of the world's hybridizers to produce this peerless Rose, perfect in all its attributes, peerless in its magnificent color, and it is fair to assume that it will require centuries to produce its equal—if it is ever produced—for nature is not prolific in repetitions. **Price, 25 cents each; large, two-year-old plants, 50 cents each.**

DIRECTEUR RENE GERARD—New Tea Rose. Remarkable for the size, fullness and brilliant color combination of its blossoms. Color light yellow, bordered with china Rose, deepened at base of petals; the full, rich center of flower is bright, peachy pink. Fragrant, free-blooming, robust in growth. **Price, 15 cents each; large two-year-old plants, 35 cents.**

NEW HARDY HYBRID ROSE, HELEN KELLER—This new grand variety has won nine first-class certificates, and first honors at all the leading shows. It is a true perpetual bloomer, and is an ideal hardy garden Rose. It is a strong and vigorous grower, producing large, handsome flowers in the grandest profusion throughout the growing season. The flowers are of great substance, large, full and fragrant, while the buds are superbly beautiful; color is a brilliant rosy pink, certainly a lovely acquisition. **Price, 25 cents each; large two-year-old plants, 50 cents each.**

CHARLES DICKENS—A new hardy Rose. This we regard as a most wonderful Rose. It is vigorous in growth, the leafage is large and fine, and the flower startles all who see it by its great size and loveliness. The color is a rich, glossy carmine, tinged with bright crimson. Large globular flowers, full and sweet. **Price, 15 cents each; large two-year-old plants, 40 cents each.**

HIPPOLYTE BARREAU—(New Tea Rose.) Distinguished among the crimson roses of the year for its striking shape and contour, which are as beautiful as they are unusual. In the buds, which are solid and beautifully moulded, the petals close upon each other in folds of deep carmine-crimson, shaded with velvety maroon; in the open flower they are regularly and elegantly reflexed almost to the center, yet with a soft, light effect that has no suggestion of heaviness. A glowing flower, so double and perfect that it challenges you to find any fault with it, even when its utmost depths are disclosed. The color lightens somewhat as Rose opens, and shows touches of vermillion in the center; at night it lights up wonderfully. The stems are long, and the foliage rich, dark green. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

Our select quartet of new Roses for 50 cents, net: Madame Abel Chatenay, Muriel Graham, Priscilla and Mlle. Helena Gambier.

CARNATIONS. Fragrant, Everblooming Gems.

NO PLANT EXCELS the everblooming Carnation Pink; rivaling the Rose in beauty of colors and shades, equaling in lasting perfume and even excelling it in profusion of flowers. Easily grown, and bloom freely, either as bedding plants in summer or in the greenhouse or window garden in winter.

The "Standard" Set of Carnations.

— PRICE, 8 CENTS EACH. —

CREOLE—Color a very dark crimson, large flower.

DAWN—Large, perfectly formed flowers, flesh color, deep pink center.

DAYBREAK—Very large, perfectly double flowers of the most beautiful and delicate shade of brightest rosy pink.

PORTIA—Brilliant scarlet flowers, very fragrant.

PRES. GARFIELD—A very fine bloomer, blood red.

SILVER SPRAY—Pure white; profuse bloomer; beautifully fringed.

TIDAL WAVE—The flowers are a bright pink, shaded salmon, a new shade in Carnations.

FRED DORNER—Immense double scarlet flowers, of very richest shade. A strong grower and also free in bloom.

KITTY CLOVER—A very beautiful new yellow, an easy and healthy growing variety, with handsome, large, full flowers.

LIZZIE MCGOWAN—Purest white, the petals are lightly fringed.

SPECIAL OFFER—For only 50 cents we will mail to your address the above set of ten fine Carnation Pinks. No further discount on this offer.

The "Jubilee" Set of New Everblooming Carnations.

ALASKA—This grand white of last year has come directly to the front, and we feel safe in claiming for it first place among white Carnations. The color is very pure; the flower is large stem slender and stiff. It comes into bloom early; is extremely free and quite continuous. Price, 15 cents each.

ABUNDANCE—A unique pink Carnation. We do not believe that any other variety extant will produce as many blooms; it is continuous throughout the year, with a profusion to each plant; it is a dwarf, slender grower. Color, salmon pink. Perfectly clear and healthy, and with strong calyx. Price, 15 cents each.

DELLA FOX—Fine pink Carnation, intermediate between Daybreak and Edna Craig in color. Large flower, quite full, and of good form with first-class calyx. A splendid grower, of excellent habit, and quite free in growth. Received numerous certificates and first prizes. Price, 15 cents each.

FLORA HILL—This grand new white Carnation has made a sensation wherever shown. It is the largest white variety we know of. Foliage very pretty; flowers of enormous size and wonderfully free bloomer, stems long and moderately stiff, of the easiest culture. Price, 15 cents each.

JUBILEE—Color, intense scarlet of the richest shade; one of the largest flowering among the reds. A persistent and very free bloomer. Price, 15 cents each.

SPECIAL OFFER—For \$1.00, net, we will send you, postpaid, this magnificent Jubilee Set of Ten of the Newest Carnations. No further Discount.

MORELLO—An extraordinary good crimson; maroon shades; very free and continuous bloomer. Strong, healthy grower, with clean foliage. Price, 15 cents each.

MRS. MCBURNEY—An enormous flowered variety, of clear salmon; bloom Camellia-shaped; petals thick and wax-like; Color, clear salmon; very strong calyx; stem perfectly erect, and very free in bloom; one of the most distinct, and a queen among pink Carnations. Price, 15 cents each.

PSYCHE—One of the largest and most beautifully formed Carnations; exceedingly free flowering and producing extra long, stout stems. A strong, vigorous and healthy grower. Color clear, white ground, delicately and evenly flaked and striped with bright scarlet, giving it a very pleasing and effective finish; grand in every way. Price, 20 cents each.

TRIUMPH—This grand new variety does not rust like many other Carnations and never bursts its calyx, has a hardy constitution and is a splendid keeper after being cut. Color, a splendid pure pink, very beautiful. Price, 15 cents each.

YELLOW JACKET—Flower of medium size, on long, stiff stems; rather fine foliage; color, clear yellow, lightly pencilled red; freest and best all-around yellow among the standard varieties. Price, 15 cents each.

Our "Banner" Set of Ten Splendid New Carnations.

PRICE, 10 CENTS EACH; THREE FOR 25 CENTS.

If you want to have a superb bouquet of Carnation Pinks (so delightfully fragrant) this summer, be sure and order several of these collections. In the fall you can take them into the house, and they will bloom all winter for you.

AMERICAN FLAG—Color distinct, regular, and distinctly striped vivid scarlet and pure white.

ALBERTINA—Flower very large, round and full. Color, light flesh and pink, with strong clove fragrance.

GOLD FINCH—Rich golden yellow, lightly penciled with clear carmine.

HELEN KELLER—One of the largest and most beautiful. Exceedingly free flowering; a strong, vigorous and healthy grower. Color, clear white ground, delicately and very evenly marked with bright scarlet.

PURITAN—Large, white flower with heavy fringed petals; delightful clove fragrance.

ROBIN HOOD—A grand light scarlet of large size, with long, stiff stems; very distinct; a very strong grower of compact habit. Will be a prime favorite wherever known.

ROSE QUEEN—Color, soft, pure rose. So much admired.

THE STUART—The color is like the rich shade of scarlet found in so many Geraniums; immense-sized flowers, frequently three inches in diameter.

UNCLE JOHN—Pure white; finely fringed and very fragrant, with flowers of the largest size; strong, vigorous growth.

WILLIAM SCOTT—Exquisite and lovely shade of pink, with superb fragrance; very large flowers.

SPECIAL OFFER—For only 60 cents we will mail you, postpaid, the entire set of Ten Splendid New Carnations. No further discount.

Our "Columbian" Collection of Twelve Superb Carnation Pinks.

PRICE, 10 CENTS EACH; THREE FOR 25 CENTS.

ARMAZINDY—Color, a pure white, very lightly penciled with scarlet. Stem is stiff and slender. The flower is very large, and never bursts.

BLANCHE—A grand new white variety. A strong, healthy grower, and the calyx never bursts. Large, pure white flowers, finely fringed and deliciously fragrant. Looks like a great big snowflake.

COLUMBIA—The color of the flower is orange, flaked, and broadly striped with delicate carmine. Very bright and attractive. Very fragrant and free blooming. One of the very best varieties.

EDNA CRAIG—New and highly recommended. Rich, peach-blossomed pink of the most lovely tint; flowers are beautifully fringed, very large, and of perfect form; very sweet, and a true perpetual bloomer.

EMILY PIERSON—A deep red, with scarlet shadings; free bloomer, rich clove fragrance.

E. G. HILL—A very beautiful scarlet Carnation; extra large, and double; a good grower and free bloomer; very sweet.

GRACE WILDER—Beautiful Rose-Pink. Flowers large, finely fringed; clove scented; dwarf, compact grower, very free bloomer; very beautiful.

METEOR—New. Deep, brilliant crimson maroon; large-sized bloom on fine, strong stem. Free, vigorous grower and good bloomer.

MRS. FISHER—A fine constant-blooming, pure white variety; clove-scented; large, full flowers; very handsome.

ORANGE BLOSSOM—A clear Pink having a white band on the ends of all petals; the flowers are of the largest size, and perfect in form.

SNOW STORM—This is another grand new white. Flowers large and round, very double, of a pure, glistening, snow white; clove scented. A splendid variety and a good grower.

THOMAS CARTLEDGE—A pure, deep pink, of large size, and noted for early flowering. For this reason it is one of the best for the home garden.

SPECIAL OFFER—For 75 cents we will send the Columbian Collection, postpaid; or for \$1.25 we will send both collections, the Banner and the Columbian, postpaid. No further discount.

Hardy Garden Carnations.

MARGUERITE—Unequaled for garden or house culture; blooming continually. Every color known in Carnation is represented—white, crimson, scarlet, orange, maroon, yellow, striped, speckled, etc.; but although all these colors and numerous shades not mentioned are to be found in them, yet having been grown from mixed seed we can not supply any special color. Price, 6 cents; twelve for 50 cents, net. No further discount.

Hardy Scotch or Sweet May Pinks.

HER MAJESTY—New white hardy flowering Pink. A compact, healthy grower, with beautiful and distinct foliage of a charming Nile-green color, which it retains in its attractive evergreen appearance throughout the winter, whether planted in ground outdoors or grown for house culture. Flowers a lovely clear white in color, very double, and produced on long, stiff stems, exhalant an exquisite clove-scented fragrance, rivaling the finest Carnations in size and substance; a very prolific bloomer, producing immense masses of flowers. Price, 10 cents each; three for 25 cents.

SOUV. DE SALE—New. Has very large flowers, of a soft, rosy pink color, beautifully formed, and extra fine for cutting. Very free bloomer. Price, 10 cents each; three for 25 cents.

PRICE, 8 CENTS EACH.

ALBA FIMBRIATA—Pure white, beautifully fimbriated, quite fragrant. This is the Pink our grandmothers used to grow in their gardens, and smells like early summertime and ripe strawberries.

BRUNETTE—Center very dark and velvety, almost black; very fine

ESTHER—Splendid white, bordered with maroon.

JULIETTE—Deep cherry red, variegated with pink and pale silvery white; very fine.

LAURA WILMER—Very beautiful, with fringed edges. It has very large center; velvety maroon, surrounded by cream white.

SNOW—Large; pure white; exquisite clove fragrance.

SPECIAL OFFER—The entire set of Eight Hardy Pinks, including Souv. de Sale and Her Majesty, for 50 cents, postpaid. No further discount.

HER MAJESTY.

OUR LIST OF CHRYSANTHEMUMS

Is selected from the finest exhibition and large-flowering sorts from all over the world. The very cream of the Newest Varieties, and such of the older ones that are meritorious enough to maintain their position against those of recent introduction.

SEPTEMBER FLOWERING CHRYSANTHEMUMS.

PRICE, 10 cents each; three for 25 cents; any eight of your selection for 50 cents.

An entirely new class of Japanese Chrysanthemums, invaluable on account of its early flowering. They embrace all the most desirable colors. Hitherto the great objection to Chrysanthemums in our Northern States was that the frost destroyed most of the flowers before coming to maturity.

BARON VEILLARD—Pæony-flowered Hybrid Japanese; plant dwarf, flower very double and very large; brilliant yellow, each petal outlined in rosy crimson.

CAMILLE BERNARDIN—Very large, Pæony-flowered; amaranth violet and brilliant carmine, lightened with white.

CHAS. GREARD—Japanese; yellow ground, liberally overlaid with tawny red, flowers often six inches and over; very good.

CHAS. JOLY—Japanese Hybrid; flowers very large, with large petals; color beautiful violet rose, glossy white center gold, of dwarf habit.

DUCHESSE DE CRUSSOL—Rich crome yellow, overlaid with tones of tawny red; bright orange or citron red center.

MARQUISE DE MONTEMORT—Japanese; flowers very large, pure glossy rose and silvery white; a unique and distinct variety.

M. FRANCOIS KATZER—Japanese; very large flower, curled and disheveled; a rusty rose and light yellow, marked with long lines of deep yellow.

Mlle. JACOB—Japanese; flower very large; petals twisted and recurved; rosy lilac and glossy white, those at the center forming a large ball of silvery whiteness; a beautiful variety.

M. FREDERIC L'USMAYER—Japanese; flowers enormous and very double; large petals, those on the edge rolled up among themselves; of a most brilliant deep yellow color, each petal regularly framed with crimson maroon.

MME. EULALIE MOREL—Japanese Hybrid; flower very large, very long, recurved petals; rich, rosy pink, deepest at the center.

M. VALERY LARBAUT—Creamy white and rose, lemon center; of excellent dwarf habit; extra good for pot or garden culture.

MAD. VE PASQUIER—A grand Japanese; clear cream color, with white edges and rose at the base of petals.

MARION HENDERSON, NEW EARLY YELLOW—No engraving can show the rich, buttery yellow color of the flowers, which is superb. It is full of petals and lasts a very long time; in fact, although very early, it can yet be made late, because it remains perfect on the plant for such a length of time.

MME. LOUIS LIONNET—Pæony Japanese Hybrid; flowers very large, brilliant silvery white, richly tinged with rose; center old gold.

M. ZEPHIR LIONNET—Japanese; flowers semi-double, very large; petals long, recurved and curled; color, violet rose and purple.

VEVE CHIQUOT—Ranunculus formed flowers of fine size and of remarkable color; center brick red, edged with brilliant yellow.

EUGENE FAREZ—Indian red, reverse golden; flat petals, somewhat twisted, medium-sized flowers, very early.

GAETAN DE VENOGÉ—Large Japanese flower, nankeen yellow, with rose edges; very large, center creamy white; reverse rose.

JEAN NICOLAS—Japanese, petals slender and curled glossy rose and a shade of dim white, with fine cream center.

MAD. BERGMAN—A grand, new, early Chinese variety of dwarf habit, very full in growth, and with large, dark-green foliage. The flowers are large and globular, with reflexed petal; color, pure white, with creamy center; especially valuable because it is the earliest of all the flowering sorts.

SPECIAL LOW OFFER—For \$1.25 we will mail, prepaid, the set of 20 varieties September Flowering Chrysanthemums. No other Discount on this offer.

OUR "INDIANA PRIZE" CHRYSANTHEMUM SET

This collection is made up of such varieties that are generally grown for exhibition purposes. They are of the most attractive colors that constitute our very best commercial varieties.

PRICE, 10 cents each; 3 for 25 cents, except where noted; any 8 for 60 cents.

GOLDEN WEDDING.

BRONZE GIANT—Exhibition bronze. This is an elegant grower; heavy stocky stem, clothed throughout in fine foliage. The flower is of immense size, crowded with petals, which are stiff and of great substance, form incurving; a most imposing bloom of largest size; a beautiful, rich bronze or old gold color. Received premium of fifty dollars for the best bronze.

EMILY LADENBERG—Incurved Japanese bloom of large size and high-built, solid form; deepest crimson, nearest approach to black; never burns, as crimsons are apt to do; strong, healthy habit. Winner of first prize at Madison Square Garden; best seedling exhibited.

EUGENE DAILLEDOUZE—This beautiful variety captivated all who saw it at the World's Fair. There is nothing brighter or clearer among yellows. The center of the flower is folded close; the outer petals are broad, incurving, of great substance. The winner of twenty first premiums and gold medals.

FRANK THOMPSON—A splendid flower, very nearly spherical in form; petals very broad and heavy, and finely incurving. It is very nearly white in color, only showing a touch of pearl-pink at the base of the petals; magnificent flower. Received first-class certificate at Philadelphia and Indianapolis; a strong grower; stiff stems.

GOLDEN WEDDING—The grandest yellow ever offered; swept everything before it at shows; color, deep, bright golden; of shining texture; is very large in size; the petals are both long and broad, and channeled lengthwise; a perfect Japanese, incurved, of most beautiful form; very free in growth; a first-class exhibition variety. Price, 15 cents each; two for 25 cents.

GEORGIANE BRAMHALL—One of the finest sent out last year; grand, globular flowers, incurving form; color, soft primrose yellow, almost a cream; very fine and good.

GLORIOSUM—Light lemon color, with immense flowers, having narrow petals, gracefully curved and twisted; quite early and one of the best for exhibition purposes.

GOOD GRACIOUS—So remarkable for size as to suggest its name; first sight brings forth an exclamation of admiration; the color is also unique, being a delicate shade of peach pink throughout. The form is remarkable; the petals are incurved and twisted, overlapping each other in irregular fashion, and resembling talons; alone in its unique beauty, there being nothing at all approaching it.

SPECIAL OFFER—For \$1.00 we will mail you this grand collection of Prize-Winning Chrysanthemums, and it is certainly the best we ever offered. Sixteen varieties in all. No Further Discount.

GEORGE W. CHILDS—The Jacqueminot Crimson Chrysanthemum. This variety is the best and most perfectly formed reflex crimson variety yet introduced. The flowers are of massive size, with broad, stiff, reflexed petals. The color is a deep, rich, velvety crimson—no shade of brown or chestnut; strong, erect stems; awarded Pitcher Gold Medal at Orange, for best seedling; silver medal at Philadelphia, and others.

HELEN BLOODGOOD—A very bold, round flower; when in perfection blooms measure $7\frac{1}{2}$ inches through, and 7 inches deep. It is the finest true clear pink, without shading of purple or magenta; it has received a certificate at New York and Philadelphia; a veritable beauty.

INDIANA—New. Immense, full, globular flower, nicely incurved; color, clear, bright pink, outside petals a little lighter. Has been grown measuring twenty-two inches in circumference; a grand show variety, and one of the very best of the new varieties.

MAJOR BONNAFFON—New. Soft, clear yellow, full in center; eight inches in diameter, and nearly as deep; in perfect form and finish, like ivory at its best; habit dwarf; keeping qualities excellent; foliage well up to the flower, stem stiff; an ideal variety. Bound to be one of the Chrysanthemums necessary to every collection.

MRS. E. G. HILL—This beautiful variety is one of the very earliest to bloom; of vigorous growth and fine form, the blooms are eight to ten inches in diameter; the color is a delicate lavender pink, petals incurved. At the World's Fair it attracted all and was admired greatly; the winner of twelve first prizes.

MISS LOUISE D. BLACK—Color, reddish orange; height four feet; terminal bud; flower compact, very full and conical; lasts an indefinite length of time, either on or off the plant. This color is the richest imaginable shade of orange; makes a grand pot specimen; winner of ten prizes.

MINNIE WANAMAKER—Pure snow-white, incurved and perfectly double, with a breadth of petal and grandeur of build that is only found in the best varieties; flowers are exceptionally large, produced on long, stiff stems; large and handsome foliage. Has secured numerous medals.

THE WHITE QUEEN—Grandest double white; flowers enormous, of fine form. The best for every purpose, exhibition or house culture; a prize winner everywhere exhibited.

Our "October or Mid-Season" Chrysanthemum Set.

This set comprises twelve fine sorts of a great variety of color, that bloom in the month of October. We selected this collection with great care, so there will be no poor-blooming plants among them. Try this set; you will find it unusually satisfactory.

PRICE, 8 cents each, any 3 for 20 cents, or the entire set of 12 fine sorts for 60 cents, net. No further discount.

ADA SPAULDING—A grand globular flower, quite distinct in form and of the largest size, while quite compact. It shades from a few rows of lavender and pink at the base up to a great crown of waxen-white of heavy texture. Keeps splendidly when cut. Awarded the National prize for the best seedling, a silver cup, presented by Mrs. Harrison.

BEAU IDEAL—This is a bright rosy-pink, without a touch of lavender shadings. The form is somewhat flat, incurved, the outer petals horizontal, showing the bright pink, the incurving center showing a lighter shade. The petals are broad and of good substance, flower of fine size, stiff stems, foliage first rate. A good grower, everything that can be desired as a cut flower.

HARRY BALSLEY—A magnificent variety of a soft "Mermet Rose," pink in color. One of the best for exhibition or cut flowers known. Remarkably easy grower, with large flowers, semi-globular in form, borne on stiff and strong stems.

HICKS ARNOLD—Flower very large and deep, full, double, firming, when well opened, a massive sphere. Color, a deep, old gold, with occasional reddish veins; petals very broad and thick, spoon-shaped. Foliage very luxuriant, thick and leathery, deep green. Quite distinct among Chrysanthemums. One of the most vigorous of all varieties in cultivation, and unsurpassed for growing, either as a standard, as a bush plant, or for cut blooms or exhibition purposes. Winner of 12 first prizes.

IVORY—Unexcelled for pot culture or cutting. Pure white flower of exquisite form and finish. Shown in grand shape at recent exhibitions. Especially noticeable for its grand globular form, its Dahlia-like petals and absolute purity of color.

JOEY HILL—Of the grandest size; nothing larger in the entire family. Color, deep Cardinal-red of beautiful shade, faced with old gold; the outer petals are flat, showing the color to good advantage; the center is an immense mass of closely packed petals; no room for another one, apparently. It is very strong in growth, and an entirely new departure in the reds. The most beautiful of its kind.

MRS. E. D. ADAMS—This is one of the best and most distinct white Chrysanthemums in the market. The flower is large (specimens have been measured eighteen inches from tip to tip of petals), with long reflexed petals of medium width, the outer ones swirled; makes a splendid bush plant.

MRS. GOVERNOR FIFER—Japanese. Flowers flat, with pure white, broad petals, incurving when fully matured. Double at all stages of development. Stout stems, with fine foliage. Was shown at Indianapolis eight inches in diameter, where it won the twenty-five-dollar prize as best white seedling, and also received certificate of merit.

MRS. LEWIS CHILDS MADEIRA—A perfect, compact globe of golden-yellow, petals upright, of heavy texture, and like unopened quills; of strong constitution, stems stiff and flowers large. Both color and form are absolutely perfect. This variety will always be retained in your memory when once seen. Received silver medal at Philadelphia, certificate at Indianapolis, and numerous first prizes.

MAUD DEAN—An immense pink variety, finely incurved, petals broadly shell-shaped. One of the largest flowers exhibited in the Fall shows. Almost a pure self-pink. Received silver medal at Philadelphia, and awarded certificates of merit at New York and Philadelphia.

MRS. CARNEGIE—A bright, deep crimson; reverse of petals a shade lighter; broad, long and flat, of leathery texture, incurving on first opening, afterward assuming the form of a large Peony. Strong, erect, heavy footstalks. Took the grand silver cup offered by Mrs. Carnegie at the New York show.

NIVEUS—A good snow-white variety. Center irregularly incurving, with outer petals reflexing nearly to the stem. Constitution robust, foliage large and abundant, while the keeping qualities of the flowers are unsurpassed. Without doubt the best seedling of the year. Winner of gold medal and one hundred dollars at Cincinnati, the Perian & Thorpe special prizes at Chicago. Also, twenty-five dollars at Indianapolis, and the same at Bay City, as the best seedling of any color for 1892. Also certificate at Springfield.

Our "November or Late-Flowering" Chrysanthemum Set.

This set consists of such late-flowering kinds that can be had in bloom by Thanksgiving Day, or may be retarded so as to be in full bloom as late as Christmas.

PRICE, 8 cents each; any 3 for 20 cents; the entire set of 12 varieties for 60 cents. No further discount.

KIOTO.

MRS. J. GEO. ILS—A very large pure white variety with incurving, interlacing petals forming a massive, high-built flower of great substance. Growth vigorous. Won medal at the World's Fair.

BRIDE OF ROSES—The color is an exquisite shade of rosy pink, flowers of the largest size when properly grown; a strong grower and wonderfully free-bloomer.

CHRISTMAS EVE—Petals curved and twisted, forming a flower of peculiar appearance and of great beauty. It is the latest to flower, and remains in bloom until Christmas.

CHALLENGE—A great golden globe, very late. The best Thanksgiving sort we know of. Has won over fifty prizes. This is certainly enough to recommend it to all lovers of fine flowers.

C. B. WHITNALL—A very large, regular Chinese flower, outer petals slightly recurving, forming a perfect globe. Color, soft, velvety maroon, with a lighter reverse.

COL. W. B. SMITH—An enormous double flower, beautiful broad petals of high build and full to the center, forming a solid mass of the richest deep golden-yellow bronze.

DOROTHY TOLER—This variety is truly a gem, while of medium size its great depth, perfect fullness, and fine pink color, with its grand lasting qualities will make it rank as the leader among late pinks.

EDA PRASS—A grand, recurving, globular flower of great substance and depth. Color, on opening, a delicate salmon, changing to a creamy white, shaded with blush.

H. W. RIEMAN—This is a grand exhibition sort, deep golden yellow; very bright color, massive in build, as deep as it is wide; literally crowded with petals; stems stiff; foliage very beautiful. A very good grower and keeps indefinitely, either cut or growing on the plant.

KIOTO—An incurved Japanese; no engraving can do justice to this unique and beautiful variety. The color is deep yellow with a peculiar waxy lustre, petals incurved and a very free bloomer; has won prizes without number.

MRS. JEROME JONES—One of the grandest whites, with beautiful foliage; quite dwarf, with magnificent waxy-white flowers; broad, incurving petals. Still one of the finest sorts. Sometimes slightly tinged with pink.

VIOLET ROSE—Flowers very fine, of silky texture; petals long and straight; a good grower; flower of extra large size and of exquisite color.

SPECIAL OFFER—We will mail you, postpaid, both the October and November Sets for \$1.00.

Ostrich Plume Chrysanthemums.

THE title of "Ostrich Plume" was applied to the first of this new type of the Chrysanthemum (Mrs. Alpheus Hardy) to distinguish it for all time from those previously known, but more particularly to direct attention to the soft, feathery growth with which the flowers are thickly studded, forming so striking a resemblance to an ostrich plume that this title was instantly suggested when first seen.

PRICE, 10 CENTS EACH; THREE FOR 25 CENTS, EXCEPT WHERE NOTED.

BEAUTE LYONNAISE (Novelty)—This new variety has very large petals; altogether a very peculiar flower. Color, an odd shade of red, somewhat plumed.

EIDERDOWN—One of the grandest new Ostrich Plumes. Color, pure snow white, with broad, solid, incurving petals overlapping each other; a strong grower with stiff stems. Flowers lasting long after cutting.

GOLD DUST—Pure golden yellow; very full, and large finely incurved petals, showing no center at all. The most brilliant yellow in Ostrich Plumes. Received medals at the fall exhibitions. Honorable mention at the great Chicago Show. It is the grandest hairy Chrysanthemum extant.

L'ENFANT DES DEUX MONDES—This variety is a great improvement on Mrs. Hardy—with a grand flower, very large, fine, pure white, and very plummy. Makes a fine, bushy plant. Extraordinarily good for pots.

LOUIS BOEHMER—This is identical in its strange and beautiful formation with Mrs. Alpheus Hardy, but its color is an exquisite shade of silvery pink, with deep rose on the inside of the petals. It is of vigorous constitution, being one of the strongest growing varieties we have, so that it is certain to produce perfect flowers under the most ordinary cultivation.

MRS. ALPHEUS HARDY—No engraving can do justice to the unique and peerless beauty of this Chrysanthemum. Imagine plants completely covered with balls of flowers, one foot in circumference, whose petals curve gracefully inward, and which, in turn, are dotted with a peculiar hairylike growth, the whole resembling, more than anything else, masses of snow white ostrich plumes, and then you begin to form some idea of the beauty of this royal flower.

MRS. HIGINBOTHAM—Enormous, bright pink, broad spreading Japanese variety, with extremely wide cupping and incurving petals, covered with glandular hair. The largest and best hairy variety to date, exceeding twelve inches in diameter.

MRS. WM. TRELEASE—Color, beautiful shade of pink and violet; very hairy; large and full.

MISS ANNA MANDA—Flowers sweet scented; color, a beautiful clear white; petals incurved, finished with long hairlike outgrowths. A strong, healthy grower and a free bloomer. Very fine.

MONARCH OF OSTRICH PLUMES—Bright chrome yellow, shaded with amber; flowers very large, full, and incurved; a grand addition.

MIDNIGHT (Novelty)—Enormous double and solid Japanese bloom; broad, cupping petals, densely covered with hair. Color, a rich crimson lake. A new and striking departure. Price, 15 cents each.

PERLE LYONNAISE—New Ostrich Plume. Bright, clear golden yellow; somewhat plumed; quite full. One of the very finest, of medium size; beautiful globular form.

RACHAIS (Novelty)—An enormous flower of incurved form. Color, bright bronze and old gold; heavily plumed. This is, without a doubt, the largest flowering variety in this class. The most distinct and the most beautiful; unexcelled for exhibition purposes. Price, 15 cents each.

SAUTELS WHITE—Best white Ostrich Plume variety. A strong grower and an early, profuse bloomer. Flowers large, perfectly formed; pure white with creamy center; inner petals nicely incurved, and well covered with hair or plush. Very pretty.

THE MASTER OF OSTRICH PLUMES (Novelty)—This variety is certainly one of the greatest achievements in this class of "Mums." A color so rare that it is seldom found in the hundreds of other varieties composing the various other classes of "Mums." A beautiful flower of deep maroon, shaded and marked with flaming scarlet. Price, 15 cents each.

WHITE LOUIS BOEHMER—In every respect identical with Louis Boehmer, except that it is a beautiful pure white. A gem in its style, and a prize winner.

SPECIAL OFFER—For \$1.00 we will mail, prepaid, the above set of Sixteen Ostrich Chrysanthemums, including the Novelties. No further discount.

OUR "FIN-DE-SIECLE" SET OF NEW "MUMS."

PRICE, 15 CENTS EACH; 2 FOR 25 CENTS.

SPECIAL OFFER—For a remittance of \$1.25 we will mail the entire set of Sixteen new "Mums," or any Eight for 75 Cents. No Further Discount.

MRS. PERRIN.

MRS. HENRY ROBINSON—In the entire Chrysanthemum family there is no grander white variety, no matter where, it is of the most popular style—immense incurving, broad channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat, incurved form it gradually changes into a perfect ball of snow, 16 to 18 inches in circumference; foliage handsome; a variety of the easiest management. We do not think that it possesses a single fault. Winner of twenty-six first prizes.

MODESTO—Among all yellows this variety will have first place. As expressed by several experts: "The finest yellow yet produced for exhibition or trade." Intense in color, a real dandelion yellow, unsurpassed in size; of an incurved, slightly whorled form, with full, high center; mid-season.

OAKLAND—Clear shade of even terra cotta, full and deep; straight stem and good foliage; four feet high; a splendid exhibition bloom; has taken first prize wherever exhibited. This is one of the finest flowers of its color, and should be in every collection.

WESTERN PRIDE—This variety has a magnificent flower of grand size and form, with mammoth petals incurving and rolling toward the center; full and double, of the incurved form so much admired; color a beautiful amber and old gold.

BENJAMIN GOUROD—New Early Red. This is without doubt the earliest pure red to date; has a very large flower that does not burn or color dull for several weeks after the flower attains perfection; a strong grower of compact habit. A grand variety for pot culture and for exhibition purposes.

CRYSTALINA—Snowball type, pure white flower, which resembles a ball of cut tissue paper, the petals being fine. It is a grand keeper, and can be roughly handled and will not drop or burst; it comes into bloom early; is of a dwarf habit; unexcelled for pot culture. A winner of first prize for the best white seedling in the Chicago Exhibit of 1894.

DAYDAWN—A grand early white; center creamy lemon upon opening, gradually becoming pure white; the petals increase in length from the center; while the bloom is quite double, it is of informal and graceful arrangement, on a good, stiff stem, with foliage quite up to the flower. Received certificate after traveling to Boston.

GOLDEN TROPHY—A grand early yellow variety of elegant dwarf growth and beautiful foliage, quite up to the flower, which is very large, compact, and crowned with petals incurving into a complete golden ball of the most beautiful color. A wonderful keeper, either cut or growing on the plant.

KENTUCKY—A very fine variety for exhibition, with extra large, graceful flowers; petals long and narrow, much like our old favorite, Lillian B. Bird, stem strong and covered with handsome foliage, nearly up to the flower; a pure, even shrimp pink color. A grand sort.

LADY PLAYFAIR—This is one of the grandest of all the lighter shades of pink, and is the finest of all the incurving varieties of this color; in size one of the largest, elegant in finish, color exquisite; early mid-season. One of the finest for bush form.

MRS. PERRIN—Has slender, stiff stems, ornamental foliage. The flower is of globular form, incurved, full, and with a finish as fine as satin; color, rose pink within, glistening pink without; recognized as the ideal variety in this color. Received first prize wherever shown as best pink: at Boston, Philadelphia and Chicago, and received the most flattering notices everywhere.

MRS. S. T. MURDOCK—Purest and brightest self pink; large size, fine form; foliage and stem perfect; first premium. Grand under artificial light.

PHILADELPHIA—This most unique and beautiful variety is the wonder of all who saw it; an immense, large Japanese incurved flower, with grooved, pointed petals of great width, reverse ribbed; opening yellow, but changing to white with yellow at the tips. This is its distinctive feature, and a more charming effect can not be conceived. Awarded silver medal in England, and six certificates, four first premiums, and three silver medals in America.

SIGNAL LIGHT—Pale yellow. Incurved Japanese; reverse of lower petals tipped red bronze; finely built flowers; as truly incurved as a Chinese; solid and perfectly double, lasting a long time; habit very dwarfed; foliage beautiful and right up to the bloom.

SILVER CLOUD—This is a grand exhibition variety; a beautiful grower, with heavy, stocky stems, clothed with elegant foliage; the flower is of enormous size, crowded with wax-like petals of great substance; form of flower exquisite and at the same time imposing; color a beautiful cream, with citron shadings turning to a most delicate salmon.

VIOLESCENT—A magnificent variety for exhibition or commercial purposes, especially where lustrous blooms are desired for Thanksgiving Day. It is of enormous proportions, building up extremely well, finishing with a slightly rounding, incurved center; color, white, with lower petals delicately tinged lavender; one of the most beautiful flowers imaginable. Received first-class certificate of merit from Chrysanthemum Society.

THE CREAM OF THE CHRYSANTHEMUM NOVELTIES.

This list of varieties has won medals or certificates of merit, and we take pleasure in announcing that they are the very best of the newest of new "Mums."

PRICE, 10 cents each, or any six varieties of your selection for 50 cents.

AUTUMN BRIDE—A beautiful incurved white of grand form and size.

AMOR—Very large, rounded incurved variety, with broad convex petals; amber bronze, lined with a deeper color. Early.

BETTY BOCK—A medium-sized flower, incurved and full to the center, color, that of the Daybreak Carnation, clear, self pink.

EVANGELINE—Grand pure white, similar in form to the grand old favorite Kioto, the stem and foliage of perfect proportions.

E. M. BIGELOW—A magnificent red variety of even shading, with extra good stem and very beautiful foliage.

FLORENCE PULLMAN—Pure white flower, very large, of deep build and great breadth; extra fine and grand.

GRETCHEN BUETTNER—An extra large and massive pure snow-white; a very fine variety.

GLORY OF THE PACIFIC—A grand, new and magnificent pink. We predict that this fine variety will rank first among the pink sorts. Of magnificent size and depth, with broad petals, which finally reflex, showing the clear pink color to excellent advantage. This variety will delight every lover of the beautiful and artistic.

GOVERNOR MATTHEWS—A very free grower, with handsome foliage; stems moderately stiff; color, pearl pink; quite full, a globular incurved form of large size and a peculiar satin-like finish; a substantial flower, but the furthest remove from a formal or stiff appearance; a very beautiful variety. Received certificate at Chicago.

HER MAJESTY—This is one of the grandest varieties ever offered to the public. It is a pearl-colored sport from that renowned and justly celebrated Chrysanthemum, Mrs. E. G. Hill, and even eclipsing that magnificent variety.

INFATUATION—At first clear white, changing to a beautiful creamy white; a great globular flower.

L'AMETHISTE—A royal purple of the finest shade, and of extraordinary size; of globular form; a grand exhibition sort.

LATEST FAD—A mammoth bloom borne on stiff stems, with cord-like petals eight inches in length, gracefully recurved, without an eye. Color, a rich yellow, at times mottled, striped and slashed with bright crimson and bronze. A grand, unique pot plant.

LADY FITZWYGRAM—Grand flowers, pure white; one of the earliest and the very best for all purposes.

MRS. J. H. WHITE—One of the largest and richest crimson varieties. Petals reflexed, reverse bright gold.

MORNING GLOW—A beautiful peachy red, of fine rosette form, faintly streaked with white; very odd; pretty.

MRS. J. PEABODY—An enormous flower of pure white; one of the best of the new "Mums"; midseason.

MRS. ROSSETTE—Color, a deep chestnut brown, shaded with amber; slightly hairy; belongs to Ostrich-Plume class.

MRS. G. M. PULLMAN—Very large, reflexed flower, of deep golden yellow.

M. RICHARD DEAN—Very bright, clear pink of a beautiful shade; petals of great substance and depth and far above the average in diameter. First premium at Chicago last Fall for the best pink.

GLORY OF THE PACIFIC.

MRS. WM. H. RAND—A remarkably rich yellow color and quite distinct. Petals long, twisted and irregularly reflexed, making it resemble a tangle mass of gold.

MRS. POTTER PALMER—Rosy pink with silvery reflex; beautifully shaped, of large size, full to the center; outer petals reflexed to stem with incurved tips; growth vigorous, with stiff, upright stems.

MISS M. M. JOHNSON—Another beautiful variety. Won first prizes at Chicago and Cincinnati, October 20, thus making it a very early variety. Flowers broad and well built up in center; richest deep golden-yellow. Prize-taker wherever shown. Won eleven first prizes.

MRS. W. C. EGAN—A variety of perfect build; flowers of great depth; color, crimson-pink at base, shading off to a pale sulphur-yellow, suffused with buff.

MINERVA—Good clear yellow; flower very large and early; plant quite dwarf. One of the best yellows.

MRS. J. M. PARKER, JR.—Dwarf, robust habit; fine foliage; flowers seven to eight inches in diameter, broad, incurving petals; inner surfaces deep, rich pink; reverse, light silvery shade.

NEMESIS—Very early, and almost identical in color with Daybreak Carnation. A fine, bold, well built flower with straight broad petals.

OCTOBER—Perfect, incurving, dark Japanese bloom of great size; broad petals, perfectly double, forming a massive ball. Color, ox-blood; reverse, a shade lighter.

PARTING GUEST—The most chaste and beautiful late incurved Japanese. Large and very deep; color, white; lower petals lightly tinted rose-lilac.

PLUTO—A fine bold flower, globular in shape and well-built; all except the center petals are reflexed and of clear, bright red, which is the predominating color of the whole flower excepting the center, which is incurved. The reverse being bright golden, gives it a very novel and lasting effect.

PRIDE OF EXMOUTH—Grand exhibition variety of the largest size, with broad petals deeply incurved. A beautiful soft pink with a deeper suffusion.

PINK IVORY—(Miss A. L. Dalskow). A sport from the old favorite, Ivory. Identical with its parent, except in color, which is a beautiful shell pink.

RUTH ELLIS—The stem and foliage both good; color, lovely bluish white; form a magnificent specimen of the highest type of the Japanese incurved, one of the largest size.

RADIANCE—New and great improvement over the renowned Golden Wedding. Color, deep and shining golden yellow; heavy texture; broad, incurving petals.

RINALDO—Flower of rich crimson and old gold; very late; stem and foliage perfect. A magnificent flower.

SUNCLAD—The very best and brightest yellow October flowering Chrysanthemum grown. Received certificates of merit wherever shown.

SHAWMUT—Enormous yellow flower, composed of narrow petals; very graceful form; fine for cutting.

TIPPECANOE—An odd color, pink terra cotta, with a lighter colored reverse of petals; fine for exhibition.

THANKSGIVING—Very large Japanese bloom of a delicate self-pink color; medium height; good stem and habit; a grand keeper.

W. B. DINSMORE—Incurved golden yellow; very fine.

WM. SIMPSON—It is the earliest large Chrysanthemum grown. Has been cut early in October. Color, a pleasing shade of light pink; good, strong, healthy grower; stiff stem, with clean foliage. Received first premium for best pink American seedling.

PINK IVORY.

Our Standard List of Chrysanthemums.

NOT ONE INFERIOR SORT AMONG THEM.

PRICE, 5 cents each; any 12 of your selection for 50 cents, or you may select 30 varieties for \$1.00. No further discount.

Achilles—Very large flower; white, flushed with pink.
Amber Queen—Soft amber, deep shading; exquisite form.
Autumn Queen—Large, globular flower; light bronze.
Camille d'Arville—Large white bloom; on first opening is tinted with salmon, with upright dahlia-like petals.
Clarence—Large; intense bright red, golden reverse.
Clinton Chalfant—Golden yellow, upright dahlia-like petals.
Cullingfordii—Reflexed flower; color, brilliant crimson.
Dr. A. W. Wakley—Rich chrome bronze, inside shaded red.
Domination—Creamy white; extra large; early.
Edward Audiger—Crimson purple; early and good.
Fairview—Deep, rich crimson lake; large, full, round flower.
Gettysburg—The rich, deep crimson variety; fine.
G. F. Moseman—Deep crimson, old gold reverse.
Golden Ball—Grand flowers; ball of golden yellow.
Heron's Plume—Immense flowers of pure frosted snow.
H. E. Widener—Bright yellow, without shadings.
H. L. Sunderbruch—A grand, perfect yellow; a great exhibition sort, frequently reaching sixteen to eighteen inches.
Ingomar—One of the finest for exhibition purposes; color, yellow with bronze shadings; long, tubular petals.
J. C. Vaughan—Rich plum crimson; good size; good grower.
J. E. Lager—A very early yellow, of the Japanese style.
Jennie Falconer—Immense bloom, bright lemon yellow.
Jessica—The earliest white grown; flowers average six inches in diameter; ahead of anything yet produced.
John Shrimpton—The finest red extant; large flower and handsome foliage; color, brilliant crimson scarlet.
Jos. H. White—A large white variety, with upright petals.
Judge Hoitt—Anemone flowers, fully eight inches across; color, pale pink. Greatest new seedling in years.
Kate Brown—Early white; good for cutting.
Laredo—A Japanese of great merit, with whorled and incurled straplike petals; deep pink.
L. Canning—Pure white flower, very large and flat; good.
Lenawee—Incurled Japanese flower of the purest white.

Lillian Russell—Very large; early; clear silvery pink.
Mad. Gastillier—Large, early white flower; full and fluffy.
Malmaison—Very large; clear pink, shading to a flesh.
Marie Louise—Incurving white, with interlacing petals.
Marvel—White, with maroon center; fine and good.
Mattie Bruce—A fine pink, shaded mauve; petals reflexed.
Mayflower—A magnificent incurved white.
Miss Gladys Spaulding—One of the very best whites ever produced. A large, round, exceedingly well built flower.
Mrs. A. C. Burpee—Deep yellow, streaked with bronze; outer petals drooping, inner ones incurving.
Mrs. Chas. Lanier—A bright golden yellow; extra large.
Mrs. Craig Lippincott—The largest yellow. Color, a rich, deep yellow, center incurving; outer petals reflexed.
Mrs. Florence Langham—Very large flowers; loosely incurved; a beautiful, soft rose color; fine and striking.
Mrs. J. G. Whildin—A light yellow variety of splendid size.
Mrs. J. N. Gerard—Beautiful peach pink, of large size.
Mrs. W. K. Vanderbilt—Very large late flower; very full, solid and deep; of the purest snow white.
Mutual Friend—Very deep flower, of the purest white.
Pond Lily—The great two-colored variety; center, canary yellow; outer petals, pure white; very beautiful.
Pres. W. R. Smith—A pure self-pink; very heavy.
Prosperity—Primrose yellow; large, full, double flowers.
Puritan—Large, early white; should be in every collection.
Robert Bottomly—Large and full; pure white; late.
Roslyn—Immense; rose pink; petals thick and heavy.
San Joaquin—The largest Anemone variety ever produced. Long, white, tubular guard petals, with center ones lightly tinted light lemon.
Tuxedo—Amber bronze, of a very bright color.
V. H. Hallock—Delicate pink, of a very pleasing shade.
Waban—Fine shade of pink; superb flower for cutting.
W. C. Cook—Large; incurved; bright orange yellow.
W. H. Lincoln—Large; bright yellow.
Yellow Queen—Extra large; bright, clear color.

The Most Attractive and Beautiful Aureole Geraniums.

CAMILLE BERNARDIN—Very large trusses; individual florets large and well formed; plant of excellent free flowering habit; rosy peach veined with bright rose, and streaked and marbled with pure white. This is one of the best varieties we have seen in this class. Price, 15 cents each.

COLUMBIA—Single. A splendid bedder; light, high scarlet of dazzling brightness; two upper petals white, shading to scarlet on the edges; extremely showy; light green foliage. Of the general type of the Mirande family, but of distinct and flaming color, and very valuable on account of its bedding qualities; does not lose its color in the summer. Price, 15 cents each.

FLEUR POITEVINE—Another very distinct colored variety. Large single flowers; color, brilliant rosy carmine, marbled and striped with pure white, producing an aureole of deep orange carmine at the center. The plant is dwarf, but robust and wonderfully free flowering. Price, 15 cents each.

J. SALLIER—A vigorous growing and remarkably free flowering variety. Trusses very large and of perfect form, composed of single flowers entirely distinct from any existing variety; edges of petals carmine lake, the center is washed in tints of rose and bluish Heliotrope color; the upper petals are veined carmine, and marked with orange at the base. This is one of the most distinct and valuable Geraniums of the year, and we recommend it highly. Price, 15 cents each.

MADAME BRUAUT—No other Geranium has ever attracted so much attention or been so much admired as this beautiful new aureole flowered variety. It is entirely distinct from any Geranium in cultivation, so much so that visitors on passing through the greenhouses, where hundreds of other varieties are in bloom, single it out at once as the most beautiful and attractive in the whole collection. It might with propriety be called the Pansy-Flowered Geranium, so distinct is it from the ordinary style. The plant is a vigorous grower, making nice, compact plants, and very free flowering, producing fine, large trusses of blooms in great profusion; individual flowers large, of fine shape; center of flower white, veined with carmine lake, the five petals regularly and distinctly bordered with bright solferino. The arrangement of color is exquisite and entirely new in Geraniums. An excellent variety for pot

NEW AUREOLE GERANIUM, MME. BRUAUT. culture, being a continuous bloomer winter and summer. Price, 15 cents each; two for 25 cents; fifteen fine plants for \$1.00, postpaid. No other discount. A bed of this beautiful Geranium will excite the envy and admiration of your friends and neighbors for miles around.

SPECIAL OFFER—For 50 cents we send the Set of Five Beautiful Aureole Geraniums. No other discount.

Bed of 40 Magnificent Geraniums for \$2.00.

Every garden, large and small, has room for an attractive Geranium bed, and no Geranium gives better satisfaction for bedding than the now celebrated **Bruanti**. It is the best semi-double sarlet, and is one mass of bloom throughout the entire summer.

FOR \$2.00 We will send, postpaid, 20 Bruanti Geraniums and 20 New Golden Leaved Geranium **Arbutus**, with fine, large, single pink flowers—a grand improvement over Crystal Palace Gem—which can be used as a border, as it makes a round, ball-like plant, about a foot high, with foliage edged with golden yellow. The above 40 Geraniums will plant a bed five feet in diameter. If preferred, we will send 40 Bruants for \$2.00, postpaid. No further discount on these offers.

→ Bruant's Sun-Proof Geraniums. ←

NO MATTER what the temperature or weather, the Bruants are always growing, always green and crowned with flowers. New colors, new styles, profuse blooming sorts—all these have combined to make the Bruant family of Geraniums the most popular plant for bedding or pot culture.

PRICE, 10 CENTS EACH, THREE FOR 25 CENTS.

ALFRED MAME—A magnificent bedding variety. The trusses are of extraordinary size, the florets by actual measurement being two and one half inches long by two inches wide. Of almost pansy form; the color is a soft sub-scarlet, the lower petals shading to salmon in the center, which is deeply-veined crimson.

ALFRED TENNYSON—Very large trusses of large semi-double flowers; color, clear orange, petals marked with heliotrope.

AURORA BOREALIS—Bright, brilliant red; large flowers; very effective.

BARBIZET—Flowers very large; color, fresh, bright rose, maculated with white on upper petals.

BLANCHE MOULAS—A grand bedding and potting variety; flowers, large; color, salmon, beautifully bordered with white.

BRUANTI—The giant among Geraniums; color, most pleasing shade of vermillion red; trusses exceptionally large, spherical, and flowers absolutely perfect in shape, contour and make-up; one of the best for pot culture and bedding.

CHAPLIN—Large floret, semi-double, of brilliant red, shading to white center; a lovely shade.

COMPTE DE BLACAS—Of beautiful habit, foliage of medium

size, with good zone; large florets in good sized truss; center, brilliant orange salmon, with brighter border and large white eyes. The best salmon for producing a mass of this color in bedding.

FRANCOIS ARRAGO—A charming variety and free bloomer; color, salmon pink, shading to salmon in center.

MADAME DE LA ROQUE—Enormous, round flowers in large trusses; color, a beautiful salmon, with orange-shaded center.

MRS. A. BLANC—Apricot red, veined darker; rose center.

MRS. E. G. HILL—Single; floret, two by two and one half inches; center of each petal, soft, light salmon; bordered with rosy salmon and veined deep rose.

MONSIEUR LOUIS FAGES—Semi-double; clear, bright orange scarlet; extra fine.

MONSIEUR PONSIGNON—Color, bright aurora rose, shaded salmon, with white eye; large truss.

PROTEE—An exquisite variety; flowers very large; color, silvery lilac white, changing to silvery pink.

VAN DAEL—Enormous trusses of large florets; center, fresh salmon rose, bordered white.

SPECIAL OFFER—We will send you the entire set of Sixteen Varieties of Bruant's Sun-Proof Geraniums for \$1.00; One half of this set—Eight Varieties, for 50 cents. No further discount.

New Double-Flowering Geraniums.

PRICE, 10 cents each; three for 25 cents.

SPECIAL OFFER.—FOR \$1.00 WE SEND 18 OF YOUR SELECTION. NO FURTHER DISCOUNT.

NEW PEDIGREE GERANIUM, JOHNNIE DOYLE.

ALWAYS IN BLOOM, WHETHER IN BEDS OR POTS, INDOORS OR OUTDOORS.

This remarkable new Geranium is a cross between Grand Chancellor and Bruanti, and is destined to take the most prominent place in bedding or pot Geraniums. In our grounds during the past season this grand variety was the center of attraction the entire Summer through, which was one of the hottest and driest known for years. It never lagged but grew and bloomed continually. The growth dwarf and massive. The color brilliant and rich vermilion scarlet. Flower trusses enormous on stiff, upright stems; fine for cutting. **Price, 10 cents each; 15 fine plants for \$1.00. No further discount.**

S. A. NUTT, THE GREAT CRIMSON BEDDING GERANIUM.

This, the finest of dark crimson Geraniums, has now taken the lead as a bedding Geranium, being used in the largest parks and public grounds of the country in preference to all others. Its dense, compact growth, profuse blooming qualities and sun-proof constitution combined, give it the prominence as a bedder it has attained. We sold upwards of 25,000 plants of S. A. Nutt in the past season. As a pot plant it can not be excelled, as it does not make the long, straggly growth so many other Geraniums do in the Winter. **Price, 10 cents each; 3 for 25 cents.**

SPECIAL OFFER: For \$1.00 we will send you 20 fine plants of S. A. Nutt, or 8 for 50 cents, postage paid. No Further Discount.

MRS. GLADSTONE—Grand color, pure white and shaded flesh pink toward the center, a beautiful combination.

MME. CHAS. DABOUCHE—Double, extremely free flowering, with enormous trusses, composed of large, round flowers. Color, bright rose, shading to light pink.

MARY HILL—The richest and purest deep pink flowers of the largest size, fine form, with very large trusses.

MONTESQUIN—Very large flowers and truss; color, an exquisite pale mauve with white eye.

MONSIEUR PRESS—Enormous trusses of large, well-formed flowers; rich, rosy salmon, shaded with carmine and white.

MADAME AYME CHEVRELIERE—The best double white Geranium in cultivation. All through the Summer this superb, new variety produces more flowers than any other white variety. The trusses and flowers are very large.

ALPINE BEAUTY—What S. A. Nutt is among dark reds, Alpine Beauty is among double whites; we consider this the finest double white up to date.

CENTAURE—Color, the richest deep pink, shading near base of petal to light pink; the base of upper petals creamy white.

CONTRASTE—Very large. Lower petals orange and carmine, upper petals clear orange, making a striking contrast of colors that is unsurpassed and extremely beautiful.

DR. JACOBY—Enormous trusses of a clear nankeen salmon.

ELLA GIDDINGS—Large flowers, rich, dark scarlet.

GENL. MILLOT—Intense and dazzling crimson scarlet; an extra fine bedder.

GLORY DE FRANCE (New Double)—Large, round flowers, of waxy appearance, colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we know. This is the most beautiful of the parti-colored Geraniums, which appear so bewitching to the eye.

JOSEPHINE GERBEAU—This variety produces trusses of immense size, the largest of any of the semi-double varieties. In color it is quite distinct cherry, shading to rosy lilac, flower marked white.

LEONARD KELWAY—Glowing carmine, very bright and attractive; the petals showing a peculiar gloss; color as fine as S. A. Nutt.

LE CONTABLE—Large, full, double flowers of a beautiful bright rose color; an extra fine variety.

LA FAVORITE—This, without doubt, one of the best double white Geraniums ever offered. It is a strong grower, a profuse bloomer, always coming perfect in color and substance; the trusses are very large, flowers beautifully formed, of the purest white, retaining their color in the sun, not drawing to a pinkish color.

PROFESSOR POIRALT—One of the most beautiful of the fancy doubles; flowers large, and of brilliant violet color, the upper petals very distinctly marked with orange.

ROSEBUD—A perfectly formed, bushy plant, constantly covered with well proportioned trusses of exquisite little rosebud florets, so intensely brilliant in color that they appear to vibrate. Of hardy, vigorous, healthy habit and growth, and quite distinguished for its pretty dainty form and dazzling color.

SIR TREVOR LAWRENCE—Enormous trusses of bright rosy pink flowers; beautiful foliage. This is one of the best bedding and pot varieties.

WM. KELWAY—Very large trusses, double; fiery scarlet.

WILLIAM PFISTNER—Beautiful, bright apricot color, quite distinct and by far the best ever sent out of the color. Plant of perfect habit.

THE BEST NEW SINGLE GERANIUMS.

The improvement in Single Geraniums still goes on. In the following list are some grand high-colored bedders, as well as some of the most exquisite fancy pot varieties.

PRICE, 10 CENTS EACH; THREE FOR 25 CENTS.

SPECIAL OFFER—For \$1.00 we will send Eighteen Plants of this Set, of your selection. No further discount on this offer.

New Bedding Geranium, Columbian.

The Columbian is a perfect marvel among Geraniums, and is the best of the new dwarf growing sorts. It is very dwarf and compact, rarely growing over fifteen inches high, and of a very branching habit. The flowers are produced in the greatest profusion upon medium sized trusses; the flowers are brilliant scarlet, with large, strong trusses. A bed of this Geranium will cause a sensation wherever grown. The habit of plant is good, and may be classed as one of the freest bloomers in cultivation; without an equal for either bedding or pot culture.

Price, 10 cents each; three for 25 cents.

SPECIAL OFFER—For \$1.00 we will send eighteen plants of this fine Geranium; this number will be sufficient to make a gorgeous bed. Or for \$2.00 we will send forty fine plants. No further discount on this offer.

ATHLETE—New crimson Geranium. For many years it has been the aim of all Geranium growers to produce a bright scarlet Geranium with a distinct white eye. There have been many varieties, but until Athlete was raised there was none that filled all the requirements. Its florets measure two inches across, of the most intense fiery scarlet, and it has a large, distinct, pure white eye.

BENJAMIN SCHROEDER—Very large single flowers, of soft rosy pink, with distinct white blotch on upper petals.

BILL NYE—Color, peach, shading to pale salmon; flowers of fine size and form; beautiful and odd.

BRILLIANT—A grand scarlet; very fine circular florets and beautiful trusses; one of the grandest of the single scarlets.

REV. H. HARRIES—Soft rosy red, producing freely florets and pips of gigantic size.

ST. PETER—One of the largest single Geraniums; color, bright, glowing salmon, bordered with white and veined salmon.

SAM SLOAN—Fine velvety crimson, carrying quantities of immense trusses.

SCARLET CLOTH—Splendid rich shade of scarlet. Extra large floret and truss.

S. G. COBB—Two upper petals are white one half of the distance from the center; the other half is bright pink. The other three petals are bright pink, dotted with many points of bright red.

SIGNOR CRISPI—Immense florets, forming large trusses of the most delicately beautiful pink; large white eye.

THEO. LAVALLEE—Large, round flowers, very freely produced; salmon, changing to orange at base of petals; large white eye.

W. A. CHALFANT—Dazzling scarlet; florets slightly circular and slightly cupped, forming a magnificent truss; one of the best for bedding.

WEDDING RING—This Geranium took precedence over any Geranium we grew the past summer, for the excellence and great beauty of its flowers. It is a Geranium that one never tires of. Dazzling orange scarlet florets, circular and cupped, giving it the appearance of a beautiful ring. It forms magnificent trusses of the largest size.

WONDER—New scarlet single Geranium. This new Geranium, without doubt the finest that has ever been offered, is so intense in color, such a wonderful bloomer and strong grower, that it was named "The Wonder," from the fact that every one who saw it pronounced it wonderful. Flowers are the most intense, dazzling scarlet, and borne in trusses of enormous size—eighteen inches in circumference. A fine bedding or pot plant. **Price, 15 cents each; two for 25 cents.**

SOUVENIR DE MIRANDA—The greatest novelty in single Geraniums that has appeared for a number of years is undoubtedly Souvenir de Miranda. It is entirely different from any variety known, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets. Lower petals salmon rose, streaked with pure white; a most novel color. It is extremely free flowering, and produces fine trusses of beautiful blooms. **Price, 8 cents each.**

SPECIAL OFFER—For \$1.00 we will send you twenty fine plants of Souvenir de Miranda. For those who wish a novel and showy bed, this offer is a great bargain. No further discount on this offer.

COPERNIC—Floret perfectly round; a lively beautiful shade of rosy carmine, changing to bright salmon at the base of the petals, with small white eye. Very large truss of florets on long foot-stalks; very noticeable color and quite distinct.

F. BECKER—Color, glowing peach pink, shading to carmine near the center, and enclosing white eye.

GETTYSBURG—Bright crimson maroon, of a beautiful shade; flower very large and of fine form. Extra fine variety.

GRANVILLE—Floret perfectly round; a lovely bright pink. The flowers are of the largest size and excellent form; trusses very large and spreading, flowering at all seasons of the year; a fine bedder.

LOWELL—Soft scarlet pink, of beautiful shade, large trusses; fine indoors or out.

L. SWARTLING—Single. Center of the floret is scarlet flame, shading out to salmon; floret large and truss immense. A fine grower.

MADONNA—Very soft shade of pale pink; a most delicately beautiful color and striking variety.

MARGUERITE DE LAYRES—A grand single white; florets extra large and of the purest white.

MRS. J. M. GARR—Dwarf, compact habit, and in freedom of bloom is superior to all whites, and equal to best scarlet bedders.

M. POIRER—New fancy flowered single Geranium. It is a perfect marvel among Geraniums, and is the best of the new dwarf grown sorts. It is very dwarf and compact, and of very branching habit. The flowers are produced in the greatest profusion upon large sized trusses, and the color is like the beautiful Aurora, is unique and changeable, some trusses being of a deep rosy salmon, streaked and veined carmine, with deep magenta color; others with the outer petals almost a pearly white, carmine color. **Price, 15 cents each; two for 25 cents.**

PRINCESS MARGUERITE—A very large truss of pure white. A grand grower and bloomer.

SPOTTED GERANIUMS.

Here we have a class of Geraniums entirely new, and possessing a novel, distinct and important feature never seen before.

DR. LEVASSEUR—New. A fancy variety, peculiarly shaded and blotched; immense trusses of large florets. The three lower petals are orange cerise, marked with lilac, which shades into cerise; the upper petals are lilac, veined with red and bordered cerise; free and vigorous. **Price, 10 cents each.**

PIERRE MAEL—New. This is one of the finest and most striking single Geraniums we have seen. Color, violet lake or pure violet, upper petals peculiarly and delicately spotted and striped with white; trusses are extremely large. **Price, 15 cents each.**

→ The Best Standard Varieties of Geraniums. ←

PRICE, 8 cents each; three for 20 cents.

SPECIAL OFFER—For \$1.00 we will send you the entire set of 20 varieties, either Single or Double or half of each set * * * * *

20 VARIETIES BEST DOUBLE GERANIUMS.

Asa Gray—Flowers are a salmon pink, mixed with white.
B. K. Bliss—Trusses large, a vivid, rich scarlet.
Cheerfulness—A flesh pink, shaded and mottled rose.
Ernest Lauth—Deep glowing crimson, illuminated scarlet.
Emile de Girardin—Enormous rose-colored flower.
Emerson—Flesh-colored flowers shaded pink and salmon.
Grand Chancellor Faidherbe—Flowers very dark, soft red.
Gilded Gold—Deep golden orange, of medium size.
Hoff Beach—A rich amaranth purple.
J. P. Kirtland—A rich, deep crimson, dashed with purple.
James Y. Markland—Bright peach rose, margined white.
John Herron—Rich plume, purple flowers, large trusses.
Mrs. Hayes—A beautiful light shade of pink or flesh color.
Mrs. Chas. Pease—Rich, deep pink, marked with white.
President Garfield—Large scarlet flowers, free bloomer.
Peach Blossom—White, shaded with a dark peach pink.
Queen of the Fairies—Rich flesh, mottled pearly white.
Richard Brett—Fine orange scarlet and very double.
Robert George—Deep crimson scarlet, and of great size.
White Swan—Fine double white.

20 VARIETIES BEST SINGLE GERANIUMS.

Apple Blossom—Pearly white, suffused with rose.
Bamford's Glory—Clear scarlet carmine, white eye.
Brightness—Bright, dazzling scarlet, very fine.
Cinderella—Bright rosy salmon, large truss, good.
Dazzler—A fine, rich scarlet, with a large white eye.
Evening Star—White, with large rose-colored center.
Fairy—Flowers salmon, flaked with white, beautiful.
Favorite—A fresh and beautiful shade of light lilac.
Glorie de St. Louis—Cardinal flowers, immense clusters.
General Grant—A fine scarlet; largely used for bedding.
Jersey Lily—Delicate rose, shading to white; beautiful.
Jealousy—Orange scarlet; a decided yellow hue.
Kate Patterson—Deep, rich orange, overlaid with buff.
Mrs. James A. Garfield—Pure white; excellent.
Mary Halleck Foote—A bright salmon rose; very large.
Queen Olga—A fine, brilliant pink, with white at the base.
Ralph—A profuse bloomer; dark amaranthine purple.
White Perfection—Pure white, and a profuse bloomer.
W. C. Bryant—A soft, rich, pure scarlet; white eye.
Wood Nymph—Bright, clear pink, with light markings.

SWEET-SCENTED GERANIUMS—Noted for their Fragrant Foliage.

PRICE, 8 cents each, except where noted.

APPLE-SCENTED—Apple fragrance. Price, 15 cents.
BALM-SCENTED—Delicious balm fragrance.
FERNIFOLIA ODORATA—The most delicate of all the cut leaved Geraniums, of delightful fragrance, very free growing. The leaves are valuable for mixing with cut flowers. Price, 15 cents each.
LEMON-SCENTED—Delightful lemon odor.
MRS. TAYLOR—Foliage not very fragrant, but beautiful; flowers scarlet, in good clusters, shaped like a small Pelargonium, blooms very freely and constantly. Price, 10 cents each.

NUTMEG-SCENTED—Small leaves, with nutmeg perfume.
OAK-LEAVED—Beautiful foliage resembling oak leaves; black center, with green border.
PEPPER-SCENTED—Fine cut foliage, with distinct pepper scent.
ROSE-SCENTED—Two kinds, broad leaf and cut leaf; this is the most popular of all scented Geraniums.
SKELETON-LEAVED—Leaves very finely cut; rosy fragrance.

GOLDEN BRONZE GERANIUMS.

We offer only the best varieties, fine for bedding. Foliage beautiful. Colors bright during the heat of Summer.
BRONZE BEDDER—The brightest and best of all; foliage yellow, with a narrow zone of deep chocolate, simply grand. Price, 10 cents each.
CRYSTAL PALACE GEM—Broad golden yellow margin, with a central disk of green; dwarf and free. One of the best. Price, 8 cents each.

DOUBLE BRONZE GERANIUM CORINNE—Clear golden yellow foliage, with elegant bronze, double, fiery orange-colored flowers. Price, 15 cents each.
MARSHAL McMAHON—The best of the bronze Geraniums. Ground color of leaves, golden yellow, marked with a deep chocolate zone. A splendid bedding variety, the variegation withstanding our hot, dry atmosphere. Price, 8 cents each.

TRICOLORED GERANIUMS.

HAPPY THOUGHT—A tri-colored Geranium, with very dark green foliage, having a light creamy, almost white center, with a dark band about the light zone; flowers bright scarlet. 10 cents each; 16 for \$1.00. No further discount.

MOUNTAIN OF SNOW—The finest of this class; a vigorous grower, an abundant bloomer, and for ribbon lines or massing is one of the best; the center of the leaf is bright green, the outer margin broadly marked with silvery white; one of the

whitest-leaved sorts; flowers bright scarlet. 10 cents each; 18 plants for \$1.00. No further discount.
Beautiful Silver-Leaved Geranium, PEARL GEM (Mad. Salleroi)—A very compact variety of Silver Geranium; very fine for massing or bordering, rarely over six inches high; very thrifty; leaves small, clear green, edged with white. Price, 8 cents each.
SPECIAL OFFER—For \$1.00 we will mail you 20 fine plants of Pearl Gem. No further Discount.

PELARGONIUMS, OR LADY WASHINGTON GERANIUMS.

The flowers have deep blotches on the upper petals and bright spots on the lower ones. When in bloom during the months of May and June, they are very beautiful and ornamental, either as pot plants or in the garden. Although their time of blooming is short, their great beauty while in flower makes them very desirable. We offer the newest varieties. Their beautiful veins and markings are so hard to describe we can only refer you to the plants to give you an idea of them. We have five of the best varieties. Price, 25 cents each.

SPECIAL OFFER—For \$1.00 we will mail you the set of 5 Lady Washington Geraniums. No Further Discount.

Ivy-Leafed Geraniums.

CHAS. TURNER.

Price, 10 cents each; three for 25 cents.

BASTIEN LE PAGE—The flowers are very double, full, and of perfect form; color, rich carmine and lake; one of the best.

CHARLES TURNER—Color, light scarlet, with soft rose tint, two upper petals veined with crimson.

CAMILLE FLAMMARION—A beautiful variety, and a general favorite with all lovers of the ivy-leaf varieties; flowers large, full, cup-shaped, and a deep rose color; free flowering and vigorous.

COMTESSE HORACE DE CHOISEUL—The plant is vigorous, leaves with zones, double and imbricated, in good trusses; color, a bright golden salmon. We have no hesitancy in saying that this is the richest colored flower of any grown. All who see it say: "Is it possible that is a Geranium flower?"

GIROFLE—Flowers a beautiful wine color, shaded amaranth; very full of large petals of rosette form.

GARDEN GLORY—Fine, bright scarlet; probably the best of its color; bold, full flower, free grower and bloomer; one of the most useful of the Ivies.

GALILEE—Rich, deep pink; large flowers of good substance, and not only flowers in summer, but makes a beautiful plant for the window in winter.

INCOMPARABLE—Trusses very large; florets immense and very regular in form; quite full; the color is an exquisite shade of rosy carmine. Nothing finer.

JOAN OF ARC—This is one of the most beautiful plants it has been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy green leaves making it a most effective background for the great clusters of snow-white flowers.

JOSEPH DE MIASTRE—Fine, large trusses of heavy texture, clear and beautiful satin amaranth.

P. CROZY—The flowers are brilliant scarlet, borne in the greatest profusion, the trusses measuring six inches across, and the individual florets two inches; the habit is dwarf and compact; the flowers are semi-double and last a long time. As a plant, or in beds in the open ground, it surpasses in brilliancy any variety in our grounds.

Grand Set of Bruant's New Geraniums.

PRICE, 15 cents each; 2 for 25 cents, except where noted.

ALPHONSE RICARD—The color is a very bright vermillion scarlet; habit dwarf, and very vigorous; truss very large, measuring three to six inches in diameter; large, semi-double floret, sometimes exceeding two inches in diameter. The finest large-flowered Bruant that has ever been introduced, and the best bedding scarlet. The trusses are on strong footstalks, and so freely produced as to nearly conceal the foliage; a constant bloomer.

BARONNE DE SCALIBERT—Of dwarf and compact growth, and so free in bloom that the large trusses cover the plant; florets extremely large, of bright, soft pink color, center marked white, petals veined with red; a lovely color, and a grand addition to the Bruant type.

COMTESSE DE HARCOURT—A snow-white Bruant; strong, vigorous habit, with large, individual snow-white floret. We consider this the best double white Geranium extant.

COMTE D'ELBEE—Single; habit rather dwarf; foliage beautifully zoned; trusses immense, on rigid stems; florets immense; color, tender rose, passing to bright rose; very distinct. A decided novelty in this race.

GENERAL DODDS—Plant very dwarf in habit, and foliage very heavy; leaves beautifully dented; trusses very large indeed; florets more than two inches in diameter; color, soft vermillion; of grand effect. Single.

J. J. HARRISON—Double; brilliant capucine scarlet; florets of enormous size, habit all that could be desired; a fine bedder, and a most effective sort.

J. D. CABOS—Single; of dwarf growth, flowering in the ut-

most abundance; trusses of the largest size; composed of very large florets; showing a distinctly new and delightful color in this class, a beautiful, soft, rosy pink; magnificent bedding or pot plant.

MME. CHARLES MOLIN—Trusses and florets enormous; color, clear, bright salmon, white eye; remarkable for the beauty of the trusses, and also for its lovely color; plant semi-dwarf, zoned in black; very fine. Single.

MME. JAULIN—Without question the finest new semi-double Geranium offered in many years. This is an entirely distinct color in the Bruant or bedding type; very large florets compose a truss of grand size; center of flower very delicate pink, bordered with pure white; for freshness and beauty this variety is unrivalled.

THEOCRITE, NEW DOUBLE—A distinct, new Geranium, producing very large, semi-double flowers of the most beautiful and unique form; borne in immense trusses, the individual florets large; color, a soft, tender rose, with violet shadings; heavy, dense, foliage, neatly zoned; without a rival for bedding.

VILLE DE POITIERS—Double. There is nothing finer than this in the Bruant race; color, rosy scarlet, very clear and bright; trusses very large, composed of enormous florets, nearly three inches across.

W. P. SIMMONS—Single; a novelty remarkable for its dwarf stature, and its brilliant and abundant bloom; color, extremely bright orange scarlet; towers well up above the foliage, and of grand size.

SPECIAL LOW OFFER.—For \$1.00 we will mail you this entire set of 12 Grand New Bruant Geraniums, postpaid. No Further Discount.

NEW MAMMOTH FLOWERING CANNA, ITALIA.

NEW MAMMOTH FLOWERING CANNA, AUSTRIA.

GRAND NEW "ORCHID" FLOWERING CANNAS.

—Marvelously Beautiful. NO DESCRIPTION, no matter how well written, can begin to do them justice.—

NEW MAMMOTH FLOWERING CANNA, AUSTRIA—Is a counterpart of Italia in every way, except in the color of its flowers, which are of pure canary yellow, with but a few traces of small reddish brown spots in the center of the two inside petals. Price, 25 cents each.

NEW MAMMOTH FLOWERING CANNA, ITALIA—Is of a bright orange scarlet with a very broad golden yellow border; the flowers, which are produced on massive stems about sixteen inches long, are set well above the foliage, which is large and heavy, similar to Musa Ensete. Price, 50 cts. each.

NEW CRIMSON CANNA, PHILADELPHIA—Undoubtedly the brightest and most beautiful Crimson Canna in existence, color, intense glowing crimson scarlet, bright and

rich that it is at once distinguished from all others as far as the flowers can be seen. Price, 25 cts. each.

NEW "PEACHBLOW" CANNA, ALBA ROSEA GRANDIFLORA—The most distinct Canna known at the present time. The base of the petals is rich deep rose, tinting upwards through light rose into flesh pink, until the color merges imperceptibly into creamy white, fully one-half the flower being the latter color. Price, 25 cts. each.

NEW WHITE CANNA, ALSACE—The first of its color among the new and improved sorts; a vigorous grower, with clear green foliage, four feet high; an early and continuous bloomer. The trusses are full, rounded, densely crowded with flowers, which, upon opening, are of a delicate sulphur yellow, changing very soon, however, to a creamy white without spots. Price, 35 cts. each.

SPECIAL OFFER—We will send the set of Five New Orchid Flowering Cannas for \$1.00, postpaid. No Further Discount.

"Cream Collection" of 10 Valuable Dwarf Cannas. Price, 15 Cents Each; 2 for 25 Cents.

ALPHONSE BOUVIER—This grand and luxuriant variety grows 5 to 8 feet. Tips of shoots surmounted by immense clusters of brilliant crimson flowers of largest size. For bedding or as a specimen plant it is unequaled.

CHARLES HENDERSON—Flowers of largest size. Color, a wonderfully rich crimson, center pecked with gold. Owing to dwarf habit, this makes a perfect pot plant; invaluable for outdoor bedding.

DUCHESS de MORTEMARTE—Flowers of most perfect form, petals broad and rounded at the ends, which latter characteristic represents the best type sought for in the best hybridizations; are well opened and of the most brilliant golden-yellow, dotted with brightest scarlet.

EMILE LECLERE—Strong grower, bright; about 3 feet; foliage green; numerous flower stalks; of medium height; flower, golden yellow, mottled, spotted crimson and scarlet.

EGANDALE—Best of all dark leaved Cannas for bedding. Flowers borne in compact heads, and in great profusion; unequaled by any other sort. Color a deep currant red, of a peculiar and pleasing shade; different from any other.

SPECIAL OFFER—For only \$1.00 we will mail you, postpaid, this "CREAM COLLECTION" of 10 new Cannas. The best in the world. Don't fail to get the

FLORENCE VAUGHAN—Superb habit; flowers borne in grand spikes; broad, rounded petals, well expanded, showing the richly brilliant colors, golden yellow, dotted with brightest scarlet.

J. C. VAUGHAN—Dark purplish foliage, large vermilion orange flowers of satiny lustre, contrasting brilliantly with the dark foliage. Flower spikes large and showy. Bronze Medal awarded at World's Fair, Chicago, 1893.

MISS SARAH HILL—A beautiful lake, overlaid with carmine. One of the best; habit all that could be desired, surmounted by symmetrical heads of flowers.

MADAME CROZY—Luxuriant foliage; flowers borne in immense heads at the end of every shoot. Petals wide, broadly rounded; color, deepest vermilion, bordered with gold.

PAUL MARQUANT—Flowers large, enormous spikes. The color might be called a bright salmon with carmine tint, with a silvery lustre which glistens and glows in different lights. To some it appears the fashionable apricot shade now so popular.

SPECIAL OFFER—For only \$1.00 we will mail you, postpaid, this "CREAM COLLECTION" of 10 new Cannas. The best in the world. Don't fail to get the entire set. No Further Discount.

Four New Gilt-Edged Dwarf Cannas. Price, 20 Cents Each.

FLAMINGO—This is the most sensational Canna ever produced; the color is a solid crimson without spot or blemish; whether grown indoors or out, it is constantly surmounted by a crowning glory of perfect blooms, whose sparkling brilliancy is as bright as the plumage of the Flamingo bird. The foliage is a luxuriant deep green and tropical like.

J. D. CABOS—Dark greenish-maroon colored foliage, with a bronze metallic lustre; very large flowers, bright orange or apricot, sometimes brightened with a pinkish tinge; one of the most distinct of all Cannas, and one of the very finest. Profuse and continuous bloomer.

SPECIAL OFFER—For 60 cts. we will send you the Four New Dwarf Gilt Edged Cannas. No Further Discount.

SUNBEAM—Owing to its immense size, splendid finish and great substance of its flowers, it is bound to become the most popular Canna ever introduced. The flowers are brilliant golden-yellow color, dotted with bright orange scarlet spots. Handsome and very bright green foliage.

QUEEN CHARLOTTE—The finest of the gilt edged type, with heavy bluish-green foliage; enormous flower spikes, bearing a beautiful bouquet of large flowers of perfect form; a velvety blood red, broadly banded with a bright canary yellow.

Begonias==Flowering Varieties.

Price, 8 Cents Each, Except Where Noted.

They are suitable for pot culture in the window or the outdoor plant stand, and also for planting in hanging baskets and ferneries. The Begonia is the one flowering plant that is always found in the window garden.

10 Fine Flowering Begonias for Only 50 Cts.

SPECIAL OFFER—For only 50 cents we will send, postpaid, 10 fine Begonias of our selection from the following list, all different and all labeled. No Further Discount.

ARGENTEA GUTTATA—A cross between Olbia and Alba Picta, having the silvery blotches of Alba Picta and form and beauty of Olbia. The leaves are oblong in shape, of a purplish bronze color, with silvery markings. The flowers are white.

ALBA PERFECTA—In all respects identical with the well-known Rubra, except that the flowers are white.

ALBA PICTA—Long, pointed, slender leaves, thickly spotted with silvery white. Foliage small and elegant.

BERTHA CHATEAU—An upright growing variety, with small, bright green leaves, and flowers of a beautiful currant red. Very floriferous and a charming variety.

COMPTA—A new variety, resembling closely the old Zebрина. Compta is a more compact grower, with long, pointed green leaves; a silver tinge along the midrib; underside of leaves and stem a pale pink.

DEWDROP—The best flowering Begonia ever obtained. Its graceful flowers are produced in profusion during the Winter months. It can be planted out in the strong sun in the Spring, and will be one mass of bloom the entire Summer. It will grow and thrive anywhere, and requires no more care than a Geranium. Color, pure white.

FUCHOIDES COCCINEA—Beautiful flowers of a bright scarlet color.

FOLIOSA—A handsome basket plant. The foliage is small and delicate, and contrasts well with its white bloom; very elegant.

GLORIE de LUCERNE—(New.)—A beautiful variety. The bloom a most beautiful rosy vermillion. The leaves are of most dazzling form, broad and deeply lobed, bronze green above and purple below. The plant assumes a fine tree form with a little attention. Price, 15 cents each.

HYBRIDA MULTIFLORA—Very free blooming, with beautiful pink flowers.

McBETHII—Foliage fern-like. Panicles of pure white flowers produced in the greatest profusion. It is the most persistent bloomer of the Begonias.

METALLICA—This elegant variety has large glossy leaves, shaded with green, crimson and olive, with a peculiar metallic lustre over all; large, dark pink flowers. Price, 15 cents each.

MARGUERITE—Similar to Metallica; leaves bronze green; light rose-colored flowers. Price, 10 cents each.

MANICATA AUREA—In our entire list we have no plant whose foliage can equal that of this grand Begonia. The shading and distinct markings of the leaves is something wonderful. One part of the leaf will be a deep velvety green, while another is a light cream, shaded with bronze or pink, making a most novel and showy appearance. Its strong, healthy habit of growth and variegated leaves make it a favorite with every one. Price, 20 cents each.

M. de LESSEPS, New—A decided improvement on Argentea Guttata, the leaf being four times the size seen in that variety, while the silky texture is the same, and it is beautifully spotted with silver. A very strong, free-growing variety, that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful white and pink flowers. Price, 15 cents each.

NITIDA ROSEA—A strong-growing, profuse-blooming variety, immense panicles of rose-colored flowers.

NITIDA ALBA—Similar in every respect to Nitida Rosea, but with white flowers.

NEW BEGONIA, PRESIDENT CARNOT—A remarkable strong-growing variety, of stiff upright habit; foliage large and something in style of Rubra, but more than twice as large; upper side deep green; under side purplish red; flowers beautiful coral red in large pendant panicles. A grand flowering variety. Price, 15 cents each, 2 for 25 cents.

ROBUSTA—This is one of the most peculiar Begonias that is grown. The stock, stem and under side of the leaf are Indian red, the upper side of the leaf glossy olive green. The flower is composed of two wide and two narrow petals, the wide one being the broadest at the base, and terminating in a rounded pointed, and are of a beautiful, bright rose color.

NEW BEGONIA, PRES. CARNOT.

RUBRA—If you only have one Begonia, let it be a Rubra for it will prove a constant delight. It is so fast-growing that it will in a year or two reach the top of your window sending up heavy stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral colored flowers as large as a hand. Price, 10 cents each.

SANGUINEA, Crimson Leaved Begonia—A showy variety with very large leaves, the upper side of which is a rich olive, the under side crimson, and of a peculiar leather-like substance, dainty flowers, light rose to white. Price, 10 cents each.

SEPTRUM—A strong, upright-growing species, with palmate leaves, which are ornamented with large silver spots arranged parallel with the ribs; underside of leaf thickly studded with small sparkles, making a handsome specimen. Price, 15 cents each.

SANDERSONII—Coral Begonia. One of the best flowering Begonias. The flowers are of a scarlet shade of crimson, borne in profusion for months at a time. Leaves slightly edged with scarlet.

THURSTONII—Is a cross between Metallica and Sanguinea, having the bright red foliage and veinings underneath the leaves, and bright metallic green, shading to red, in the younger growth on top. The flowers are a beautiful deep pink in bud, but when expanded become a beautiful shell pink; charming variety. Price, 10 cents.

VERNON—This excellent new variety is of unusual merit as a bedding sort, flowering fully as freely when planted out as when as a pot plant. It begins flowering when first planted and continues throughout the whole season until stopped by frost. Foliage rich glossy green, often shaded deep bronze. Flowers at first opening are a deep red, changing to a beautiful clear rose in the fully open flower. Price, 10 cents each.

WETTSTEINII—New Red Coral Begonia. A grand new Begonia that will rival in popularity the well-known favorite "Rubra." The flowers resemble Rubra, and are just as freely produced, but the foliage is entirely distinct. The leaves are oblong of a deep green color, shaded with crimson. The young foliage is particularly beautiful. Flowers deep coral red, formed in pendant panicles. Price, 10 cents each.

WASHINGTONII—Strong, robust grower, with large, deep-green foliage; flowers in immense panicles of pure white tinted with pink. Price, 10 cents each.

ZEBRINA, "ZEBRA BEGONIA"—This beautiful Begonia has thick, leathery green leaves, with lighter markings running across the leaves, making a distinct and lovely plant. Price, 10 cents each.

Begonia Rex, or King of Begonias.

The King of foliage plants, far out-showing all others. It seems to feed on the rich metals of the soil, and spreads their lustrous tints over its leaves. Give them a soil composed of rich loam, woods earth and sharp sand. They require a warm, moist atmosphere and a shady situation; suitable for warden cases. Do not allow the sun to strike the leaves while wet, and do not overwater. We have twenty-five leading and distinct kinds that we will furnish for **15 cents each, or four for 50 cents, ten for \$1.00.** They are the handsomest of all Begonias, and most admired by all. Try a set and see how pretty they are.

Single Flowering Tuberous Begonias,

For Pot Plants, are now classed among the handsomest Flowering Bulbs. Bloom continually throughout the spring and summer, and outlive in color the most brilliant and dazzling Geranium flowers, and from the time the first blossom appears until all growth is stopped by frost they are never out of bloom, and are borne in such profusion that the rich green foliage is almost hidden under the load of blossoms. For bedding plants outdoors, or for pot culture in the house, the Tuberous Rooted Begonia can not fail to give satisfaction, even to the most inexperienced, as they require little more attention than the Geranium. We have fine bulbs in the following colors: **Crimson, Scarlet, Rose, Yellow, Pink and White.** To color, **15 cents each; two for 25 cents.**

SPECIAL OFFER—For \$1.00 we will send you Twelve Large Flowering Bulbs, assorted colors only; or, for 50 cents we will send you Five Fine Bulbs, assorted colors only.

A New Ornamental Begonia, Mrs. C. A. Townsend.

This new Begonia originated with one of our customers, and is indeed one of the most beautiful varieties that we ever have had the pleasure to offer our customers. It belongs to the *Rexifolia* family. The leaves are of the *Rex* nature, rather irregular, of a charming, lustrous metallic green color, the under surface deep crimson at the ribs, shading out to a carmine. An unusually profuse bloomer; flower of a delicate light pink, borne on long footstalks. **Price, 25 cents each; three for 60 cents.**

Three Royal New Coleus.

PRICE, 10 cents each; three for 25 cents.

SPECIAL OFFER—We will send 18 Plants of either of the following Three New Varieties for \$1.00, or Six Plants of each. No Further Discount.

MRS. F. SANDER—We have no hesitation in saying that this is the most beautiful and distinct Coleus yet raised; dwarf and bushy in habit, it makes a perfect pot plant. This splendid variety differs from all other Coleus in having a wedge of creamy white in the center of the leaf, with a clearly defined margin of oxide green, bronze, crimson and purple. This central wedge-shaped creamy white blotch occupies the greater half of the leaf, and is sometimes splashed with magenta and porphyry. First-class certificate awarded.

NEW COLEUS, QUEEN OF THE WEST—This variety is an improvement on the beautiful new Coleus, Mrs. F. Sander. Large leaf and slightly serrated; outer band of bright oxide green with margin of bright yellow, and center wedge of creamy white; the whole covered with blotches and spots of bright carmine and deep maroon. Taken as a whole it is pronounced by good judges the best of any Coleus up to date.

NEW COLEUS, BECKWITH'S GEM—The leaves are large, of heavy texture, and with finely scalloped edges. It is the finest bright colored bedder yet offered. The coloring is such that it baffles a true description. The center is of the darkest velvety maroon, bordered by a fiery red; the edge is green at the base, changing to cream yellow at the point of the leaf, marked and spotted with fine red and maroon.

QUEEN OF THE WEST.

NEW SUNSET LARGE LEAVED COLEUS.

Price, 5 cents each.

SPECIAL OFFER—25 distinct varieties by mail for \$1.00. By express, at your expense, we will send 100 choice plants for \$3.00, net. No further discount on these offers.

The Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and parti-colored designs we may choose to display upon our lawns. The following list contains only the best bedding sorts that will stand the hottest summer sun without fading.

AUTUMN GLOW—Has all the beautiful tints of autumn leaves.

BRONZE QUEEN—A deep bronze, with a yellow edge.

BLACK BIRD—Very dark, with reddish cast.

BUTTERFLY—A crimson bronze, old gold and green.

BIZARRE—Crimson, edged with green edge.

BEAUTY—A crimson bronze, with green edge.

CHICAGO BEDDER—Green and gold. Excellent bedder.

DORA CLAPP—Crimson center, with bronze and green edge.

EMPERESS OF INDIA—Crimson, with a golden edge.

FIRE BRAND—A fine bedder. Dark crimson, shaded garnet.

FIRE CREST—The foliage is a bright carmine crimson shade; the edge is slightly marked with golden yellow, which

heightens the coloring; the center of the leaves is blotched with deep bronze.

GOLDEN BEDDER—Deep golden yellow.

GOLDEN VERSCHAFELTII—Ranks first in yellow varieties.

HERO—A deep jet black.

HIAWATHA—Bronze and yellow, spotted.

PROGRESS—A beautifully mottled red green bronze.

RETTA KIRKPATRICK—Bright green; large, deep yellow center.

SETTING SUN—Crimson, with bright golden edge.

VERSCHAFELTII—A rich, velvety crimson. Best bedder.

YEDDO—The color is a deep golden yellow, splotted with bright green.

NEW ABUTILONS.

PERPETUAL FLOWERING MAPLES or
CHINESE BELL FLOWERS.

Price, 8 cents each, except where noted.

BLUE BELLS—A beautiful, new color, pourpre red, overlaid with a tinge of blue; flowers large and fine.

ECLIPSE—An excellent plant for basket or vases; of trailing habit, with large foliage, beautifully marked with deep green and yellow; flowers bright yellow with crimson throat.

GOLDEN BELLS—A bright golden yellow Abutilon of strong, bushy habit, and very free flowering.

INDIAN CHIEF—Dark blood-red variety of great beauty.

INFANTA EULALIE, NEW—An excellent variety for pot culture; the growth is short-jointed and compact, making a neat and bushy plant; flowers very large and much more cup-shaped than most of the Abutilons; color, delicate satiny pink. A remarkably free bloomer, both in summer and winter. Price, 15 cents each.

PINK PERFECTION—Flowers deep pink.

ROBERT GEORGE—Flowers broad, their large, overlapping petals incurved; color, orange, veined with crimson.

SOUVENIR DE BONNE (NEW)—A very distinct and striking new plant; large, bright green leaves, distinctly edged with a pure white band, as shown in illustration. The plant is of strong, robust growth, and forms fine specimens in a very short time. The long-stemmed flowers are bright orange veined with crimson, and stand out well beyond the foliage, producing a very pleasing effect. An excellent plant for large vases and porch boxes, contrasting finely with green leaved decorative plants.

SPLENDENS—Dwarf, compact habit; flowers deep red.

SNOW STORM—Beautiful, pure white flowers; growth dwarf.

THOMPSONI PLENA—A variety with perfect double flowers; color, rich deep orange, shaded and streaked with crimson.

SOUVENIR DE BONNE.

The Set of 5 NEW FLOWERING FUCHSIAS, 50 Cents, net. No further discount.

BON VOULOIR—Double white corolla, very full, of more than medium size; sepals bright red, the color from each being carried down on to the pure white petals; extremely free, both in growth and bloom; of very neat habit. Promises to prove one of our most useful varieties. Price, 15 cents each.

GLORIE DES MARCHES—A strong growing variety, of fine, upright branching habit; very abundant in bloom; corolla large, double and pure white; sepals bright red. One of the finest of the double whites. Price, 15 cents each.

MADAM CARNOT—A remarkably free flowering variety, with flowers of very large size. The plant is of compact, symmetrical growth, making fine, shapely plants in quite small pots; tube and sepals deep coral red; corolla white, veined and suffused carmine. A distinct and valuable new variety that is sure to become a popular sort. Price, 20 cents each.

MADAM BRUANT, NEW—This is a novel and distinct new Fuchsia, entirely different in color from any other variety with which we are acquainted. The flower is very large and double; a fine, large corolla with strongly recurved sepals. The corolla is a delicate heliotrope color, suffused with rose slightly marked and veined with carmine; sepals deep coral red; plant a vigorous grower of fine, graceful habit. This is a decided new color in Fuchsias, which, combined with its fine, large and splendid habit, will make it popular with all lovers of this beautiful class of plants. Price, 15 cents each.

TRAILING QUEEN—This beautiful Fuchsia is entirely different from all other flowering varieties, as it takes the form of a trailing vine, branching freely, until the stems are three to four feet in length; the flowers are long and graceful, the tube and sepals being bright rosy scarlet, with deep, rich violet purple corolla. Price, 15 cents each.

FLOWERING FUCHSIAS.

PRICE, 8 cents each, except where noted.

SPECIAL OFFER—We will send 10 Fine Sorts of Flowering Fuchsias for 50 cents, our selection, either Double or Single, or half of each. No further discount.

Double Corolla Varieties.

AVALANCHE—Rich golden foliage; large, purple flowers.

ELM CITY—Sepals a rich crimson; corolla a deep purple; double, very free flowering. Extra fine.

JOSEPH ROSAIN—Very large scarlet tube and sepals; corolla violet blue.

JUPITER—Is a sport from Phenomenal, and is similar to it in every respect, except in the coloring of the corolla, which is a beautiful shade of light magenta, with dark crimson veins. Price, 15 cents each.

MOLESWORTH—Beautiful, double white corolla, tube and sepals scarlet; fine for house culture.

MRS. E. G. HILL—This is undeniably the most beautiful white Fuchsia ever raised. The tube and sepals are a bright red, reddish crimson color; corolla extra large, full and double; flower of the largest size. Price, 10 cents each.

PHENOMENAL—Largest Fuchsia that we have ever seen. The tube and sepals are bright coral red, beautifully formed; the corolla, nearly 2½ inches across, of the very richest violet shade. Price, 10 cents each.

PURPLE PRINCE—Tube and sepals a waxy carmine scarlet; corolla rich velvety purple.

ROSAIN'S PATRIE—Very free bloomer and quite early; tube and sepals rosy carmine; corolla pure white.

STORM KING—Corolla beautiful bluish white, veined with carmine; tube and sepals carmine red. Price, 10 cents each.

SAPALY FRERES—Color of sepals a bright coral red; corolla

violet and carmine red. One of the most beautiful and distinct of the doubles.

SNOW FAIRY—This variety stands first among all double white Fuchsias for profuseness of bloom, earliness, dwarf, compact growth.

Single Corolla Flowering Varieties.

ARABELLA—Tube and sepals white, corolla rose color.

ANNIE EARLE—Carmine corolla; waxy white sepals.

BLACK PRINCE—Single flowering sort; red sepals and light carmine corolla; one mass of buds and bloom all year; one of the most satisfactory of all Fuchsias.

CONSTANCY—Corolla single, rich carmine; sepals white.

DUKE OF ALBANY—Purple, drooping flowers; very fine.

EARL OF BEACONSFIELD—Deep orange corolla; extra large flowers.

LOTTIE—Tube cream; sepals rose; carmine corolla.

LUSTRE—Tube and sepals white; vivid crimson corolla.

MONSIEUR THIBAUT—A splendid variety, with large, handsome foliage of a delightful green tint; flowers of unusual size; sepals dark red, corolla rose vermillion, tinted violet.

Price, 10 cents each.

ORIFLAMME—Prune-colored corolla; crimson sepal.

PURITANA—Grand, white flower; corolla long and large.

ROSE OF CASTILE—Bluish pink sepals; violet corolla.

RENEW—Large flower of fine form; purple corolla.

SPECIOSA—Corolla orange scarlet; sepals white.

Sweet-Scented Jasmines.

CAPE JASMINE—Well known for its delicious fragrance and beauty of its flowers, white and double. Price, 15 cents each.

CONFEDERATE JASMINE, *Rhynchospermum Jasminoides*—Elegant hard-wooded climber or can be trained in bush form. It bears large bunches of pure white flowers, with the most delicious perfume. It is known in the South, where it is hardy, as the Confederate Jasmine. Price, 25 cents each.

GRAND DUKE of TUSCANY—Very easily grown, even small plants bearing a profusion of very double, cream-white flowers, having a delicious perfume; a magnificent plant; one of the most valuable and popular pot plants. It can be stored in a dry cellar in Winter. Price, strong plants 20 and 50 cents.

GRACILLIMUM—Exceedingly floriferous flowering from every joint, which terminates in a dense cluster of pure white, fragrant flowers. Price, 15 cents each.

GRANDIFLORUM—(Catalonian Jasmine). From Italy. The flowers are pure white, star-shaped, of exquisite fragrance. Price, 10 cents each.

MAID OF ORLEANS—This beautiful plant we place as peer over existing sorts. Easy culture, fine grower, good bloomer, elegant fragrance, and waxy-white appearance. Price, 20 cents each; large plants 40 cents.

POETICA—Similar to Jasmine Grand, flowers smaller, but on longer spikes. Price, 10 cents each.

REVOLUTUM—A yellow-flowered Jasmine, nearly hardy and exquisitely fragrant. Price, 10 cents each.

SPECIAL OFFER—The 8 Jasmines \$1.00. No discount.

NEW CALLAS.

CALLA LITTLE GEM—This little pigmy rarely exceeds twelve inches in height and blooms most abundantly. The flowers are not more than half the size of the common variety, and therefore can be used with telling effect in bouquets. It is in every way superior as a house plant to the larger growing variety. Price, 15 cents each; extra large bulbs, 35 cents each.

CALLA, WHITE OR LILY OF THE NILE—This old favorite is too well known to require any description. We offer dry roots, as they are superior for forcing and winter-flowering purposes; they come into bloom quickly and require less room—making less foliage. Price, extra large, dormant roots, 25 cents each; first size, 15 cents each; one year old plants, 8 cents each.

CALLA LITTLE GEM.

CALLA, SPOTTED LEAF—(*Richardia Alba Maculata*.) This plant is always ornamental, even when not in flower, the dark-green leaves beautifully spotted with white. In other respects the plant is the same as the old favorite White Calla, excepting being of smaller habit.

Price, 15 cents each.

BLACK CALLA, ARUM SANCTUM—(Solomon's Lily or the Black Calla of Palestine.) This magnificent flower often measures one foot in length and five to eight inches in width. Beautifully shaped and turned, sweet scented. The color is of the richest velvety purple black, while the outside is of pleasing green. Our fine bulbs are sure to bloom if planted in rich soil two inches below the surface. Require the same culture as the old well known Calla.

Price, 25 cents each.

BLACK CALLA.

*Jasmine,
Grand
Duke of
Tuscany.*

Fragrant Heliotropes.

PRICE, 8 cents each, except where noted.

ALBERT DELAUX—(Purple and Gold.) Foliage is a bright golden-yellow, very pronounced, and marked slightly with a delicate green. In bloom it is exquisitely beautiful, deep lavender color of the flower contrasting admirably with the ever-varying foliage; very free flowering; trusses large. **Price, 10 cents.**

CHIEFTAIN—Rich shade. The best bloomer.

CHAMELEON—Bright blue, passing to pale lavender.

DARK BOUQUET—The color is an unusually rich, dark purple, nearly black, the darkest yet introduced.

JULIETTE—Very dark purple. A grand bedding variety.

QUEEN OF VIOLETS—Color, deepest violet-purple, large white eye, very fragrant. The plant is of vigorous habit, very floriferous. **Price, 10 cents each.**

SNOW WREATH—Superb, large clusters of deliciously fragrant flowers of pure white.

HELIOTROPES—Grand New Varieties.

COMTESSE DE MORTMART—Free flowering, sweet; dark velvety blue, white eye, good for massing. **Price, 10 cents.**

FLEUR DE ETE—Splendid new sort, having panicles of bloom of the largest size, the individual florets being a wide trumpet shape; beautiful shade of blue, shading to white at the center. Very fragrant. **Price, 10 cents.**

MME. AD. DUBOUCHE—Trusses enormous, mossy looking; color, velvety-violet. One of the most beautiful Heliotropes ever introduced. Odor exquisite. **Price, 10 cents.**

MIREILLE—Florets immense, very delicate pearl shade edged with palest heliotrope. An improvement on White Lady, though nearly white. **Price, 10 cents each.**

MME. A. CARRIERE—Elegant novelty, very large white eye, contrasting with the bright blue; panicles very large. Semi-dwarf, extremely free. **Price, 15 cents.**

PICCIOLA—Rosy violet, white center. A giant variety, free blooming and good habit. **Price, 15 cents.**

SPECIAL OFFER—For 50 cents we will send the set of 6 New Heliotropes. No Further Discount.

ALBERT DELAUX.

Otaheite Orange.

THIS valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy deep green foliage, which has a decided odor of the orange tree of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of Southern orange groves. Otaheite fruits immediately after flowering, bearing fruit about one half the size of the ordinary orange, retaining in a marked degree their sweetness. This unique Orange can not be equalled as a Winter-blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but 12 to 15 inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants you can have an abundance of the far-famed delicate and fragrant Orange blossom. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once of this beautiful Orange. We commend it to our friends as a novelty of sterling worth and merit. **Price, 10 cents each; large, strong plants, ready to bloom and bear profusely at once, 25 to 40 cents each.**

Golden Star Oxalis, Ortgiesi.

Few new plants give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year, when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. Is a shrubby plant, like a Geranium or Fuchsia without buds, in which respect it differs from other Oxalis. It grows about 12 inches in height, branching freely and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night, like other Oxalis. Beautiful as the flowers are, it is still a splendid plant without them, on account of its highly ornamental foliage. The leaves are three-lobed, dark, olive-green above, a beautifully shining metallic crimson-purple underneath, and wine colored stems. This makes a truly novel plant, as well as a very beautiful one, and it is surprising to see what attention it will attract. **Price, 15 cents each; 2 for 25 cents.**

Specimen of \$2.00 size; worth twice what we ask for them.

LATANIA BORBONICA—The well-known favorite Fan Palm, beautiful in all stages of growth. No plant is more easily grown, and none more tenacious of life, enduring alike dust, cold and heat from open windows and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Leaves large, fan shaped, of cheerful green color. Plant of hardy constitution, and adapted to all decorative purposes, within or without doors; appreciated by all the plant-loving community. With age the plant attains noble proportions, and becomes very valuable. When too large for the house it can readily be sold. Small plants, 10 cents; extra large stocky plants, \$1.00, \$2.00, \$3.00 and \$5.00 each.

MINIATURE FAN PALM, LIVISTONA ROTUNDIFOLIA—Resembling *Latania Borbonica*, but very much more dwarf and compact in habit, and having much smaller and handsomer leaves, which are of the most perfect shape. The leaves are circular in form, only about eight to ten inches in diameter, and deeply toothed. Very small plant, throw up an unusual number of these beautiful leaves, furnishing and finishing the plant, making very perfect specimens when only a foot high—plants of this height having as many as a dozen well developed, perfect leaves. It makes a lovely plant for table decoration. No Palm makes such perfect specimens when small, so it has a distinct place among decorative plants, and is a charming addition to the limited number of plants really adapted for house decoration. Very scarce and rare. Our price for nice young plants, showing character very nicely, \$1.00 and \$2.00 each.

Valuable Palms.

SPECIAL OFFER—Five Choice Palms, of our selection only, for 50 cents, net.

Indispensable for all decorations, whether in or out-doors, and for tropical bedding. They are easily grown, and increase their value two to fourfold every year. Please notice that all palms have, when young, leaves of a long, narrow shape, developing as they grow older. Therefore do not think that a wrong sort has been sent you.

ARECA LUTESCENS—This majestic Palm is without a peer for strength and elegance combined. Its dark glossy green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. The trunk and stems are a golden yellow, irregularly spotted with bronzy green, giving it a peculiar charm. Small plants, 25 cents; large plants, 50 cents; extra large stocky plants, \$1.50 each.

COCOS WEDDELIANA—This is undoubtedly the most graceful Palm yet introduced to our collection. The stems are slender; the leaves long and beautifully arched; the leaflets or pinnae are very fine; deep green above, white below. Good young plants, 50 cents and \$1.00 each.

KENTIA BELMOREANA—The Kentias are among the best of the Palm species for general cultivation, being almost impregnable against diseases. This variety is one of the best in its class, gracefully disposed; as a decorative plant for the window, dinner table or conservatory it scarcely has an equal. Nice young plants, 40 cents; extra good plants, \$1.00; extra strong, stocky plants, \$2.00 each.

CHAMAEROPS EXCELSA—A handsome, fan-leaf Palm of rapid, easy culture. Very valuable and useful for outdoors during the summer. Price, 25 cents each.

WASHINGTONIA FILLIFERA—A beautiful Palm. It has elegant dark green fan-shaped leaves, from which hang thread like filaments. Price, 15 cents each.

PHOENIX RECLINATA—Beautiful, reclinate foliage. A graceful and exceedingly ornamental Palm. Nice plants, 50 cents, \$1.00 and \$2.00 each.

CORYPHA AUSTRALIS—One of the most valuable greenhouse Palms; leaves very circular, margin divided into small segments, dark green; of easy culture. Small plants, 25 cents each; larger size, 50 cents each.

SEAFORTHIA ELEGANS—A most useful conservatory or lawn plant. Leaves from two to ten feet long. Largely grown on account of its hardy constitution, and useful and graceful character. They soon develop into noble specimens. Nice young plants, 20 cents each; large plants, 50 cents and \$1.00 each.

FERNS.—Noted for their Beautiful Foliage.

PRICE, 15 cents each, except where noted.

ADIANTUM CUNEATUM—The popular Maiden Hair Fern. Very beautiful and graceful.

ALOPHILA AUSTRALIS—The Australian Tree Fern; a very beautiful and rapid growing variety. Price, 25 cents each.

DAVALLIA STRICTA—One of the finest ferns in cultivation, whether for growing as a decorative plant in the room or planting out. The fronds are of a strong texture and of a beautiful shade of green.

LASTREA ARISTATA VARIEGATA—This most beautiful variety has a broad band of yellowish green running through the pinnules along the course of the radius; very ornamental. 25 cents each.

NEPHROLEPSIS PHILLIPENSE, OR MINIATURE SWORD FERN—A very pretty, narrow-leaved variety, with dark green foliage, magnificent to fill in a wire hanging basket.

PTERIS ARGYREA—(Silver Fern)—A very showy, strong-growing Fern, with variegated foliage; fronds large, light green, with a broad band of silvery white down the center of each, very distinct.

PTERIS TREMULA, OR SHAKING FERN—One of the finest Ferns for house decoration, growing very rapidly and throwing

up large, handsome fronds. It makes magnificent specimens. Easily grown and very popular.

SWORD FERN—(*Nephrolepis Exaltata*)—In well-grown specimens the fronds attain a length of six or seven feet, but only one to three inches wide, and, like plumes, arching over in every direction in a most graceful manner. This beautiful Fern is excellent for outside planting in shady borders. It is a very fine plant for hanging pots or baskets on the piazza in summer, and conservatory or window in winter. Price, strong plants 15 and 25 cents each.

"THE BOSTON SWORD FERN"—(*Nephrolepis Exaltata Bostoniensis*)—A variation from the Sword Fern, which originated in the vicinity of Boston, where it has been in popular favor for a number of years under the name of Boston Fern. In the vicinity of Boston no other plant is used so extensively as this graceful *Nephrolepis*, which differs from the ordinary Fern in having much longer fronds, which frequently attain a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. Price, 25 cents each; strong plants 50 cents each.

India Rubber Tree (Ficus Elastica).

Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed as one of the finest house plants grown, the plant attaining a large size and tree shape. Each new leaf is enclosed in a long, coral red envelope, looking like a great red flower bud. A very fine plant for the lawn, bay window or house decoration. Thrives under any condition, in dark or light rooms. Our plants are the finest ever offered for double the money. Price, fine, strong plants, 50 cents each; large plants, \$1.00 each.

Araucaria Excelsa, Norfolk Island Pine.

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star. But no descriptive name can give any adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls or tiers, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house, and is highly ornamental. Extra fine plants, price, \$1.50 each.

RUBBER TREE.

ARAUCARIA EXCELSA.

The Magnificent Decorative House Plant, Grevillea Robusta, or the Australian Silk Tree.

A magnificent plant for decorative purposes; of rapid, easy growth; finely cut foliage, rivalling a rare fern. The young growing leaves are a light brown color, the tips being covered with a soft down, closely resembling raw silk, hence the name, "Silk Oak." In its native place it attains magnificent proportions, and produces an abundance of bright orange-colored flowers. We offer two sizes of this beautiful plant. Nice plants, 10 cents each; a large size at 25 cents.

Sanseveria Zealanica.

A beautiful plant, specially adapted for the decoration of drawing-rooms and halls, as it stands drought and dust with impunity, and requires scarcely any water. The leaves are very beautifully striped crosswise, with broad, white variegations on a dark green ground. It is a rare and beautiful plant, which

should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. It can be placed in any position in any room, and do well. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both winter and summer. For vases and baskets it is a fine center piece, and grows splendidly out of doors during summer. Fine plants, 10 and 25 cents each.

New Dwarf Allamanda.

ALLAMANDA WILLIAMSII—This handsome variety is entirely distinct from all others, being quite dwarf, and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time, and buds innumerable. It continues flowering the whole summer, and with proper management in the winter also. The flowers are from $\frac{3}{8}$ to $\frac{4}{8}$ inches in diameter, of a very rich, yet delicate, tint of yellow, and are deliciously scented. Strong, young plants, 15 cents each.

Gorgeous Flowered Hibiscus.

Price, 8 cents each, except where noted.

AURIANTICA—Large, double, orange-colored flowers.

COOPERII TRICOLOR—Foliage beautifully variegated with dark green, pink and white; flowers crimson. This beautiful tri-colored plant is one of rare magnificence, and is unequalled by any other plant in brilliancy of foliage. Strong plants, 10 cents each.

CARMINATUS PERFECTUS—Full, round flower of perfect shape and of a rich, soft carmine rose, with a deep crimson eye.

COLLERII—Flowers buff yellow, with a crimson scarlet base, and peculiarly handsome. Double.

DECOROUS—Foliage very large and lobed; enormous single flowers, of rosy carmine; stamens and pistils very showy.

GENERAL DE COURTIGIS—A very grand, large-sized flower; single; light scarlet; very showy.

GRANDIFLORUS—Rich, glossy green foliage, blooming continuously, literally covering the plant with crimson scarlet single flowers.

MINIATUS—Semi-double flowers of a bright vermilion scarlet; petals wavy and recurved; are very handsome.

MAGNIFICUS—Very large flower; color, a deep magenta, ends of petals touched with brown; foliage finely touched.

RUBRA—Fine, double variety, with large, red flowers.

ROSA SINENSIS—Flowers red and very large, averaging nearly five inches in diameter. Single.

SCHIZOPETALUS—The petals are deeply lacinated and fringed; its drooping flowers, with reflexed orange red, and lacinated petals, render this plant not only a curiosity, but highly ornamental. Price, 15 cents each.

SUB-VIOLEACEUS—Flowers of enormous size, of a beautiful carmine, tinted with violet; probably the largest flower of the Hibiscus family, and an unusually free bloomer.

VERSCOLOR—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white.

ZEBRINUS—Double; outer petals scarlet, edged with yellow, inner petals very regular; curiously variegated with creamy yellow scarlet.

SPECIAL OFFER—For 50 cents we will send 10 fine varieties of Hibiscus, our selection only. No further discount.

Hydrangeas.

NEW JAPANESE HYDRANGEA, PANICULATA GRANDIFLORA—A new, very striking and elegant hardy nowering shrub, suitable for lawns, recently introduced from Japan. The flowers are pure white, afterwards changing to pink, and are borne in immense pyramidal trusses more than a foot long, and nearly as much in diameter. It blooms in mid-summer, and remains in bloom two or three months. It creates a great sensation wherever seen. Is scarce and difficult to obtain. The plant is of bushy and compact growth, attains a height of three to four feet, and is perfectly hardy in all parts of the country. Needs no protection of any kind. Price, young plants, 15 cents each; extra strong two-year-old plants, for immediate effect, 35 cents each.

OTAKSA—A splendid variety from Japan. Flowers large, bright pink, tinted with blue; produced very freely. Price, 10 cents each.

RAMIS PICTIS—(Red Branched)—A grand variety, producing immense sized flowers and trusses. Color, very deep rose or light cherry. The new growth of wood is a deep reddish purple color, making it distinct from any other variety. Price, 15 cents each.

SAPPHIR—(The Blue Hydrangea)—A strong, stocky grower; throws out numerous trusses of bloom of a beautiful, porcelain color. Price, 15 cents each.

THOMAS HOGG—The immense trusses of flowers are first slightly tinged with green, becoming of the purest white, and remaining so a long time. Price, 10 cents each.

New Hydrangea, Monstrosa Grandiflora.

It is one of the most valuable plants we have ever grown, and we take great pleasure in endorsing it as the grandest and most beautiful of Hydrangeas. The great clusters of bloom are simply enormous, and of a beautiful and most intense rose color, shaded with white. Growth robust and compact, with a marvelous freedom in production of bloom. Our illustration is taken from a three-inch pot plant, with clusters of bloom averaging twelve to fifteen inches in diameter. Think of it, and be sure and include this grand plant in your order. Price, 20 cents each; three for 50 cents.

VERBENAS, MAMMOTH FLOWERING.

The Verbena is one of the prettiest and the most popular of all the flowering plants suitable for forming beds on the lawn. It commences to flower and spread from the first day the plants are set until late in the Autumn. The Mammoth variety have very large trusses, when well grown, the single florets being large enough to cover a twenty-five-cent piece. Price, 5 cents each.

SPECIAL OFFER—For 50 cents we will send 15 Choice Mammoth Flowering Verbenas. No Further Discount.

AZALEAS—Are the most gorgeously-blooming, together with the showiest of all greenhouse plants. The colors vary from the purest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanted. Fine large plants, 75 cents each.

PRIMULA OBCONICA—A charming plant for Winter or Summer. None better adapted to home culture. Bears delicate sprays of bloom of a delicate pink and white in great profusion. Price, 10 cents each.

PANDANUS UTILIS—The Screw Pine. Its vigorous constitution enables it to stand more neglect, without serious injury, than any other plant we know of. As an ornament for the window its glossy, dark green, serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it is unsurpassed. Nice young plants, 25 cents each.

SILVER STRIPED PEPEROMIA—Window plants will ever be popular. So thick and waxy-like are the leaves of this parlor gem that nearly every one takes it to be an artificial plant. The leaves are distinctly variegated, white and green, and have the appearance of being powdered with frosted silver. Price, 10 cents each.

SWAINSONIA ALBA—A most desirable everblooming plant, with pure white flowers, produced in sprays of from twelve to twenty flowers each, the individual blooms resembling a sweet pea. As a decorative plant for the window or conservatory, we know of nothing that will give as much satisfaction as the Swainsonia. Its easy culture, growing in almost any light position, its freedom of bloom, rarely ever being out of bloom, and the grace and beauty of the flower and entire plant, will undoubtedly make this one of the most popular plants in cultivation. Price, 10 cents each.

BOUGAINVILLEA SANDERIANA—We have grown this most useful flowering plant in a greenhouse, where it has continued flowering for seven months, all plants being covered with blossoms from May until December. Produces as freely as a fuchsia; dazzling, rosy, crimson flowers, lasting long in perfection. Awarded first-class certificate by the Royal Horticultural Society. 25 cents each.

OLEA FRAGRANS, FRAGRANT OLIVE—This is the sweetest flower that blooms. It belongs to the olive family, growing into a small, handsome bush, with rich, green, glossy leaves. It commences to bloom when only a small plant, and blooms perpetually, both Winter and Summer. The flowers are small, creamy-white and borne in dense clusters. Each individual bloom has more sweetness than the most fragrant Jasmine. The fragrance is delicate and charming, scenting up a whole room or yard. Hardy in the South. Price, 25 cents each. Strong plants, 50 cents each.

NEW PARIS DAISY MD. FARFAIELLON—A beautiful plant for edging flower beds, bright silvery green, foliage with white flowers; very dwarf grower. Price, 10 cents each; 15 for \$1.00, net.

ASPARAGUS SPRENGERI—A most desirable new species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets; the fronds are frequently four feet long, are of a rich shade of green and most useful for cutting, retaining their freshness after being cut for weeks. It will make an excellent house plant, as it withstands dry atmosphere and will succeed in almost any position. No introduction of recent years has made such a favorable impression upon us as this graceful Asparagus. We have a large stock of it and offer good strong plants. Price, 25 cents each.

ASPARAGUS PLUMOSUS NANUS OR LACE FERN—One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken web. Lasting and retaining their freshness for weeks. We consider it the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture, and richness of color. Price, 25 cents each.

STEPHANOTIS FLORIBUNDA—One of the rarest and most charming climbing house plants, growing rapidly, with long, glossy, deep green foliage, producing clusters of pure white, deliciously fragrant flowers. Price, 25 cents each.

CROTONS.

The Crotons are among the finest decorative foliage plants known. The leaves of all are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully fountain fashion, others broad and short, oak-leaved. Some recurve very much, others twisted, cork-screw like. Crotons love heat, sunshine and moisture. Price, 10 cents each; 3 for 25 cents.

CAMELLIA JAPONICA—We have a good assortment of extra large plants in the following colors: Double White, Blush Rose, White and Pink Stripes, Flesh Color, Bright Crimson and Salmon Rose. Price, 75 cents each.

GENISTA CANARIENSIS—(Fountain of Gold.) The drooping branches are covered with delicate sage-green foliage, and every twig is tipped with a long raceme of exquisite pea-shaped blossoms of a pure canary color, almost hiding the foliage. Price, 10 cents each.

DRACÆNA TERMINALIS; or Dragon Plant—A splendid plant for house and window decoration, with bright tropical looking foliage of rich crimson color, beautifully marked and variegated with white, pink and cream. Price 25 cents each.

DRACÆNA INDIVISA, or Club Palm—(The Fountain Plant). This plant is unsurpassed for hardness in the house and eminently fitted to contrast with palms and other decorative plants. Extra fine for vases and window boxes. Price 25 cents each.

RUELLIA FORMOSA—Beautiful plants, bearing bright scarlet flowers in the greatest profusion. Price, 10 cents each.

CROTONS

Asparagus Tenuissimus.

We consider this extremely elegant plant to be the greatest acquisition for decorative purposes or for cutting from, that has been offered for many years. It is a climber, and is grown and can be stung like Smilax, but the extreme delicacy of the foliage cannot be described. It is as fine and graceful as Asparagus, finer than the fronds of the most delicate fern. The sprays will be in great demand for bouquet and other floral work, as, in addition to its gracefulness, it does not wilt like Smilax, but remains bright and green for weeks. Price, 15 cents each; 2 for 25 cents.

SWEET-SCENTED VIOLETS.

FARQUHAR—A beautiful, new, double Violet; strong and healthy grower; perfectly hardy and free flowering, producing in the greatest abundance lovely deep and double flowers of delicious fragrance, borne on long stems; the flowers are of splendid size, nearly as large as California. **Price, 15 cents each; 2 for 25 cents.**

HARDY DOUBLE ENGLISH VIOLET—This Violet is entirely hardy, perfectly double, a deep violet purple color, deliciously fragrant. Surpasses the well known Marie Louise in richness of color. **Price, 15 cents each.**

LADY HUME CAMPBELL, the new Ever-Blooming Violet—This grand, new Violet is a true perpetual bloomer, and enormously productive; the flowers are very large, often the size of a half dollar, perfectly double, like little roses; very fragrant, and of the most lovely azure-blue color. **Price, 15 cents each.**

LUXONNE (New)—Of the same size as the California, but appears nearly double its size, as the petals all open out flat; it appears like a big blue Pansy bloom, and has the advantage of

flowering continuously from early in September until April. It is of a beautiful rich but soft violet-purple color, with strong stout stems, and very fragrant. **Price, 15 cents each; 2 for 25 cents.**

MARIE LOUISE—To contrast with white, we offer this double, deep bluish purple, sweet-scented variety, recently introduced. Desirable for pots or gardens. Plants hardy and bloom freely. **Price, 10 cents each.**

SWANLEY WHITE, or QUEEN OF FRAGRANCE—This beautiful new double White Violet is unquestionably the finest double variety in existence, and is a decided acquisition even to the smallest collection of plants. **Price, strong plants, 15 cents each.**

THE CALIFORNIA—Grand, new variety. Is a sturdy grower with dense, heavy foliage, entirely free from disease. Flowers single, intensely fragrant. Color, a clear, violet-purple that does not fade. The flowers are as large as a silver dollar, are borne on stems ten to twelve inches long. **Price, 10 cents each.**

SPECIAL OFFER—For 60 cents we will send you the entire set, seven fine Violets. No other discount.

GENERAL COLLECTION OF PLANTS AND VINES.

Suitable for house culture, bedding, vases,
hanging baskets and window boxes. ❧ ❧

PRICE, 7 Cents Each, Except Where Noted.

ACHANIA MALVAVISCUS—From the time it is three or four inches high the Achania blooms. Brilliant scarlet flowers upright, peculiarly formed, and carried on the extreme end of the branches. **Price, 10 cents each.**

Aloysia Citriodora, Lemon Verbena—Delightful fragrance. **Price, 10 cents each.**

Alternanthera, Parychoides Major—A clear carmine, the delicate foliage making a dense but soft cushion. 20 for \$1.00. No further Discount.

Alternanthera, Aurea Nana—Bright golden yellow under the sun of Summer; dwarf and compact. 20 for \$1.00. No further Discount.

Alyssum Giant Flowering Double White—Very sweet.

Ageratum—Two varieties, white and blue.

Acalyphas, or Shrubby Coleus—Fine for bedding or pot plants. Four varieties. **Price, 10 cents each.**

BEAUTIFUL WEEPING LANTANA—The plant is of very rapid growth, and graceful drooping habit, with lovely dark green foliage, producing a cluster of flowers at each leaf. The flowers are a most delicate, clear, brilliant rosy lilac color; entirely distinct from any other flower we have ever seen. Indeed, we never grew a plant that attracted so much attention and gives such general satisfaction. **Price, 10 cents each.**

Blue Solanum, Seaforthianum (Azereum)—**Price, 10 cents.**

Bouvardias—Are among the most important plants cultivated for Winter and Summer flowers. Six sorts, single and double flowering. **Price, 10 cents.**

Cuphea (Cigar Plant)—Bright red flowers, tipped white.

Chinese Fringed Primroses—White and pink. **Price, 10 cents; three for 25 cents.**

Cyperus—The well known Umbrella Plant. **Price, 10 cents.**

Cyperus Gracilis—The new Umbrella Plant, with very narrow foliage. **Price, 10 cents.**

Coccoloba Platyclada—Singular and interesting plant.

Cestrum Parqui, or Night-Blooming Jasmine—In bloom almost the entire year round; sweet-scented flowers. **Price, 15 cents each.**

Crape Myrtle—Fringed flowers; white and pink.

Cissus Discolor—Handsome climber; leaves beautifully shaded dark green, purple and white, upper surface having a rich, velvety appearance. **Price, 15 cents each.**

Eranthemum Pulchellum—Deep blue flowers.

Eupatorium Riparium—Plants lavish with white flowers.

Eucharis Amazonica—"Lily of the Amazon." **Price, 25 cents.**

Epiphyllum, or Lobster Cactus. **Price, 10 cents.**

Feverfew, Double White—Valuable for cut flowers.

Goldfussia—Dark green foliage; flowers pale lilac.

Glechoma Hederacea—(Variegated Ground Ivy). Foliage bright green, marked with pure white, and has a refreshing, minty fragrance. **Price, 10 cents each.**

GYNURA AURANTIACA—An exceedingly interesting and curious foliage plant of easy culture and singularly striking and effective. The leaves and stems are entirely covered with purple hairs, giving them the appearance of velvet, and at every change of position they appear to take on a new shade of color. **Price, 15 cents each.**

Hoya Carnosa—(Wax Plant)—Star-shaped, waxy flowers, in clusters; glossy, evergreen leaves. **Price, 20 cents.**

Impatiens Sultana—Distinct and beautiful, either as a Winter blooming pot-plant or for the border in Summer. It is of a compact, neat habit of growth, and perpetual bloomer. Flowers a brilliant, rosy-scarlet. **Price, 10 cents.**

Ivy, German or Parlor—A rapid-growing vine.

Ivy, English—Splendid evergreen climber; hardy.

Justicia Carneae—(Brazilian Plume Plant). Fine, plume-like pink flowers, the ends of each petal drooping in a most charming manner. **Price, 10 cents.**

Lantanas, or Shrubby Verbenas—Twelve fine sorts.

Linum Trigynum—A plant of great beauty, producing in the greatest profusion very large and showy blossoms of a bright yellow color. **Price, 10 cents each.**

Lopesia Rosea—Small, spider-like flowers, rose colored.

Leonotus—(Lion's Tail.) Flowers a vivid orange color.

Lophospermum—Climber with Fox Glove-like flowers.

Moonflower, Pure White—It grows rapidly and blooms profusely. **Price, 10 cents.**

Moonflower, Heavenly Blue. **Price, 10 cents each.**

Mexican Primrose—Clear, satiny-pink flowers. **10 cents.**

Oleanders—Three fine sorts. **Price, 15 cents each.**

Petunias, Double Fringed Varieties—The Double Petunia is one of the finest bedding plants for massing, mixed borders or vases. Twelve fine varieties. **Price, 10 cents each.**

Pilea Serpaefolia—The Wonderful Artillery Plant.

Parrot's Feather—An aquatic, hanging-basket plant of great beauty, with long trailing stems clothed with whorls of the most exquisite foliage. **Price, 10 cents each.**

Plumbago Capensis Alba—Beautiful, pure-white flowers. **Price, 10 cents each.**

Plumbago Capensis Blue—Very elegant light-blue flowers. **Price, 10 cents.**

Plumbago Sanguinea—Very lovely deep pink, or rose flowers. **Price, 20 cents.**

Paris Daisy, Marguerite White—Fine for cutting.

Paris Daisy, Soliel D'Or—Bright, golden yellow flowers.

Russellia Juncea—A lovely plant, suitable for garden, pot culture, baskets, vases or window boxes. **Price, 10 cents.**

Saxifraga Sarmetosa, Strawberry Geranium—A handsome plant of the low vining habit; leaves nearly round, and striped freely with silvery bands.

Salvias, Alba, Rosea, Splendens Scarlet, Variegata.

Salvia Dwarf, The President—A compact bush, covered with rich scarlet flowers.

Salvia Yellow Bird—New and very dwarf plant of great beauty, with bright golden yellow foliage and scarlet crimson flowers. A magnificent plant for edging beds or for a pot plant. **Price, 10 cents.**

Smilax—Exquisitely beautiful; fine for cutting.

Strobilanthus, or Royal Purple—A beautiful bedding and pot plant.

Tradescantia—(Or Wandering Jew.) Three sorts.

Vinca Variegata—Leaves are white and green.

White Solanum, Jasminoides Grandiflorum—**Price, 10 cents**

The Best Summer Flowering Bulbs.

BEAUTIFUL WATER OR POND LILIES.

NYPHÆA ODORATA MAXIMA—A superb new variety quite distinct from and very much superior to the familiar pond variety. Its flowers are large, massive and cup-shaped; the broad petals, of purest snowy white, so numerous that the flower is apparently double; the sepals vivid green, without the slightest tinge of red. It is a vigorous, free-flowering variety, and unquestionably the best white hardy Nymphæa of the Odorata type. Price, 50 cents each.

SPECIAL OFFER—Three fine large tubers for \$1.00. No Further Discount.

LILY LONGIFLORUM—Resembles the Easter Lily; flowers large and pure white. Perfectly hardy. Price, 20 cents each.

LILY ELEGANS—Color, a beautiful red, one of our finest garden lilies. Price, 15 cents each.

LILY AURATUM, or GOLDEN-BANDED LILY—It is the grandest of all Lilies for growing in the open ground; entirely hardy, lasts for years, increasing in size and beauty each season. Stalks three to six feet high, crowned with masses of splendid white and gold flowers four to six inches in diameter. The odor is fascinating. Price, 25 cents each.

LILY SPECIOSUM RUBRUM—This is one of the most popular and satisfactory of all Lilies. The flowers are perfect crimson and white, spotted. Splendid large flowers borne in clusters, stem two to three feet. 25 cents.

TIGRINUM, fl. pl.—(Double Tiger Lily.) This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large, frequently six inches across, and very double; color, deep fiery red, spotted with black. 15 cts.

New Excelsior Pearl Tuberoses.

The Tuberose is justly a universal favorite, and it is easily grown. It is the most popular of all flowers for buttonhole bouquets during August and September. The New Excelsior Pearl Tuberoses have been selected with great care and are superior to the ordinary Pearl Tuberoses. This variety is characterized by its short, robust stem and long spikes of large flowers in great profusion, perfectly double and twice the size of the common Tuberose, while of equally delicious fragrance. Price, 8 cents each; 4 for 25 cents.

Madeira Vine Bulbs.

A beautiful, rapid-growing climber, bearing graceful racemes of fragrant white flowers. The vine is very pretty and useful. Price, 5 cents each.

Six Showy Named Gladioli—5 cents each.

SPECIAL OFFER—For 25 cents we will send the set of Six Named Gladioli. No Further Discount.

For massing or grouping the Six Named Gladioli described below will be found very effective and showy, while they furnish fine spikes of bloom for cut flowers.

BRENCHLEYENSIS—The flowers are of a dazzling scarlet color, of good size, almost enveloping the entire spike which is very long.

CERES—The ground color is pure white, while each flower has a conspicuous blotch of violet rose.

MADAME MONNERET—A splendid, vigorous grower, with great spikes of delicate rose colored flowers.

NAPOLEON III—Fine, large spikes of intensely scarlet flowers, each with a clear white throat.

ISAAC BUCHANAN—Very large flowers of a beautiful canary yellow, borne on a splendid spike.

REINE BLANCHE—Large flowers, pure white, strikingly marked with carmine. Planted with the varieties described above, forms an attractive contrast.

Gladioli, New Superb Seedlings.

These bulbs have all been lately grown from choicest seed carefully saved from the most beautiful French Hybrids, and embrace a large range of colors. Our New Superb Seedling Gladioli can be relied upon to bloom freely and embrace all shades of buff, pink, crimson, yellow, white, lemon, rose, maroon, scarlet, cherry and beautifully variegated and oddly marked varieties; they are so cheap and so good that we know the bulbs will give good return, while the spikes of bloom are always in demand as cut flowers. Good, large bulbs, sure to flower, 5 cents each.

SPECIAL OFFER—For 50 cents we will send free by mail, 15 good large bulbs, guaranteed to flower. No Further Discount on this Offer.

Cinnamon Vine.

It is a tuberous-rooted vine that grows with rapidity. Its bright, lively green foliage makes a dense screen. Has beautiful clusters of flowers, of delicious cinnamon odor. The tubers will stand our most severe Winters without protection. Price, 5 cents each.

WATER LILIES GROWN IN A HALF BARREL.

Gloxinias.

These are among the most beautiful of all our Summer-blooming plants. The rosette of velvety-green leaves is surmounted with a cluster of lovely trumpet-shaped flowers as large as Gladioli blooms. The coloring is exquisite. The ground-work of many is pure white, with throats of blue, scarlet, rose, crimson or velvety purple, while others are beautifully flecked and striped with the brightest colors, and the tubes are of bright color, with white throat. The bulbs should be started in a warm place, greenhouse, hot-bed or sunny window. They will bloom until late in Summer, when they should be dried off, letting the leaves die. The pots can be kept over Winter in a cellar free from frost. They are very easily grown. Give them a trial. Price, 15 cents each.

SPECIAL OFFER—For \$1.00 we will send 12 assorted, fine large bulbs, or 5 fine bulbs for 50 cents. No further discount.

"Fancy Flowering" Dahlias.

These plants are always great favorites, and they now have attained a height of perfection that seems impossible to improve. The roots should be set about four feet apart in a rich, loamy soil, mulched with well rotted manure. Price, 20 cents each; eight fine sorts for \$1.00.

Fancy-Leaved Caladiums.

These plants are especially valuable for decorating conservatories, window-boxes and as specimen plants. They are magnificent planted in beds out-doors, nothing being more showy. The brilliant cardinal-red, cream, pink, white and various shades of green that are displayed in the veinings and blotches of the leaves cannot be obtained in any other class of plants. For arranging floral baskets or table decorations they are quite as handsome as any flower. We have a fine collection of first-class, varieties. Price, well-dried extra large bulbs, our selection of sorts, 25 cents each; three for 60 cents.

Caladium Esculentum.

One of the most beautiful and striking ornamental foliaged plants for culture in large pots or tubs, or planting on lawns. Grows in any garden soil; of easiest culture. Full-sized plants stand about 5 feet high; immense leaves, often 4 feet long and 2½ foot wide. Smooth, of bright green color, beautifully veined and variegated with dark green. Roots should be preserved in dry sand in the cellar during Winter, out of danger from frost. Price, three sizes, 10 cents, 25 cents and 50 cents each.

Summer Flowering Oxalis.

BUTTERCUP—Large, single yellow flowers. 5 cts. each.

DEIPPI—Pure white; very pretty. One of the most desirable bloomers, Winter or Summer.

LASANDRIA—Rosy crimson. Price, 3 cents each, 2 for 5 cents, 12 for 25 cents, net.

Apios Tuberosa.

Also called Tuberous-rooted Wistaria. Grows quickly and attains a great height, making dense foliage and beautiful flowers of rich, deep purple, delicious fragrance; perfectly hardy. Price, 10 cents each.

Hyacinthus Candicans.

Stately bulbous plant; large leaves, growing as high as 4 feet. Flowers pure white, pendant on long, whip-like stalks. Price, 5 cents each.

Hardy Plants, Shrubs and Vines.

HOLLYHOCKS—Few hardy plants combine as many good qualities as the Hollyhock. For planting in rows or groups on the lawn or interspersing among shrubbery they are invaluable. Lovely shades of crimson, yellow, pink, orange, white, etc. They require a deep, rich soil. Price, 10 cents each.

HARDY PHLOXES—There is no class of hardy plants more desirable than the perennial Phlox. They will thrive in any position and can be used to advantage in the hardy border, in large groups on the lawn, or planted in front of belts of shrubbery, where they will be a mass of bloom the entire season. We offer an excellent assortment. We offer twelve new varieties. Price, 10 cents each.

IRIS KAEMPFERI (FLEUR de LIS)—The rainbow hues of these grand flowers rival the finest orchids. Deemed worthy by the kings of France to be placed on the royal banner. We offer the improved varieties. Assorted colors, 10 cents each.

NEW RUDBECKIA, "GOLDEN GLOW"—A glorious new plant now offered for the first time. A hardy perennial plant, growing 6 to 8 feet high, branching freely and bearing by the hundreds, on long, graceful stems, exquisitely beautiful double blossoms of the brightest golden color, and as large as the Cactus Dahlia flowers. Excellent for cutting. A vase filled with these is a beautiful sight. Price, 25 cents each.

INNISFALLEN SUPERB "IMPERIAL" PANSY PLANTS—Favorites everywhere the world over. The plants we offer are grown from the highest class exhibition, prize strains of England, France and Germany. Flowers enormous when well grown, will often measure three inches in diameter, and of the most brilliant and beautiful hues imaginable. Price, 5 cents each; 20 plants for 50 cents. No Further Discount.

PAEONIES, HARDY HERBACEOUS—Herbaceous Paeonies are among the showiest and most useful of hardy plants, growing well in almost any situation or soil, although the flowers will be finer and the colors brighter if planted in a deep, rich loam, well manured. We offer a splendid assortment, in six distinct varieties. Price, 20 cents each.

LILAC PERSIAN—Purple and white. Of more slender growth and finer foliage than the common lilac. Flowers purple, in immense sized spikes. Price, 15 cents each.

AMPELOPSIS VEITCHII—(Boston Ivy.) This is the most deservedly popular of all climbing plants, being entirely hardy in the most exposed places, attaining a height of thirty feet in two or three years, clinging to stones, brick or wood-work with the greatest tenacity. During the Summer the leaves are a rich shade of green, and lap over each other with great regularity, like a coat of mail or slate on a roof. But it is in the Fall that it shows its exquisite beauty; the leaves then change to the brightest tints of scarlet, crimsons and orange, so dazzling as to be seen at a great distance. Price, 10 cents each; extra large plants, 25 cents each.

CHINESE HARDY MATRIMONY VINE—A strong and vigorous hardy climbing plant, and in a short time after planting is covered with bright purple flowers, which are succeeded by brilliant scarlet berries nearly an inch long, every branch being covered with them. The berries ripen in Autumn and remain on the vine late into Winter. Price, 15 cents each.

CHINESE BLUE WISTARIA—A popular hardy vine; grows very rapidly; desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early Spring in long drooping racemes, resembling in size and shape a bunch of grapes. Price, 10 cents each.

HARDY PLUMBAGO LADY LARPERT—Dwarf growing covered throughout the entire Summer with lovely violet blue flowers. Price, 15 cents each.

HONEYSUCKLE AUREA RETICULATA—(Golden-leaved.) A variety with beautiful variegated foliage.

HONEYSUCKLE CHINESE EVERGREEN—Bloom nearly all the season, deliciously fragrant, flowers, buff, yellow and white.

HONEYSUCKLE BELGIAN, OR EUROPEAN SWEET-SCENTED—Fine, hardy grower; flowers large and exceedingly sweet; color, buff, yellow and red; a constant bloomer. The finest Honeysuckle, suitable for trellis or pillar. Price, 10 cents each.

ANEMONE ALBA AND ROSEA—Single. Price, 10 cents each.

NEW DOUBLE WHITE ANEMONE WHIRLWIND—A beautiful semi-double form of the Autumn blooming Anemone. In habit the plant is like the old Anemone Alba, the same strong growth and healthy foliage. The flowers are two and one-half to three inches across, with several rows of large white petals; very desirable, lasting much longer than those of the single variety. One of the finest plants for cemetery planting, and excellent for cut flowers. Price, 15 cents each.

FUNKIA ALBA—(White Day Lily.) Flowers large, pure waxy white, borne in large trusses. Very fragrant. Price, 15 cents each.

ACHILLEA PEARL—One of the very best white flowered plants for the border. The flowers are borne in the greatest profusion throughout the entire Summer, on strong, erect stems. Pure white in color. Price, 10 cents each.

COREOPSIS LANCEOLATA GOLDEN WAVES—A hardy perennial, that should find its way into every garden. The flowers are a clear, bright golden yellow, and certain to attract attention. It flowers profusely and thrives in almost any situation. One of the best of the perennials. Grand for cutting. Price, 10 cents each.

DAISY NEW GIANT DOUBLE WHITE, SNOW CREST—Gigantic pure white flowers, borne on long stems, fine for cut flowers and perfectly hardy. Price, 10 cents each.

PHILADELPHUS, GRANDIFLORA or MOCK ORANGE.

PHILADELPHUS PRIMULÆFOLUS, Double-Flowering Mock Orange. Flowers large, of delightful fragrance, double, white. Price, 10 cents each.

PYRUS JAPONICA, or BURNING BUSH—A splendid lawn plant; bright scarlet flowers. Price, 15 cents each.

SPIREA PRUNIFOLIA—Flowers like double small white daisies, known as Bridal Wreath.

SPIREA VAN HOUTTE—A strong grower, flowers a pure white in clusters. Fine. The best.

SPIREA BILLIARDII—Flowers in spikes of pink or rose color. Price, 10 cents each.

WIEGELIA ROSEA—Flowers large and rose-colored, borne in such profusion that the whole plant appears a mass of lovely blooms. Price, 10 cents each.

VIBURNUM OPULUS, SNOWBALL—Attaining a height of eight feet, produces its snow-white flowers in large balls or masses in June. Price, 10 cents each.

ALTHEA, or ROSE of SHARON—The flowers are of large size, very double and full. Two kinds, double white and rose. Price, 10 cents each.

AZALEA MOLLIS—A beautiful hardy species from Japan, with large flowers of fine shape. The colors run through all the shades of orange, yellow and carmine. Fine bushy plants. Price, 50 cents each.

CALYCANTHUS FLORIDUS—The old fashioned sweet-scented shrub. A very compact-growing bush, producing its highly-scented flowers in Spring time. It is sometimes called "Strawberry Shrub," from its delicious odor; flowers dark chocolate brown. Price, 15 cents each.

DEUTZIA GRACILIS—A charming shrub. Flowers pure white, bell-shaped, delicately fringed and borne in such profusion as to cover the branches. Price, 15 cents each.

DEUTZIA ORENATA—Four feet in height. Flowers double, of pure white, beautifully tinged with rose. An elegant shrub. Price, 10 cents each.

RHODODENDRON—(Rose Bay.) One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich, glossy-green leaves are surmounted by scarlet, purple and white clusters of bloom, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are from 15 to 24 inches high, well established, many of them set with buds. The colors are bluish, rosy-crimson, dark scarlet, lilac, crimson, purple, and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. Price, fine, large plants, two feet high, with large branching head, with from eight to ten buds, sure to bloom this Spring, \$1.00.

SPECIAL OFFER—For \$3.00 we will send 4 fine sorts by express, at your expense, of our selection from the above colors. No Further Discount.

Large Flowering Clematis.

CLEMATIS JACKMANII—Intense violet purple, with a rich, velvety appearance, distinctly veined. It flowers continually. Price, 60 cents each.

CLEMATIS JACKMANII ALBA—The same free-flowering qualities and hardy constitution, but is a lovely white. Price, 60 cents each.

CLEMATIS KERMISENUS RUBRA—Very scarce; the color is a bright, rosy red, entirely distinct from any other sort. Price, 75 cents each.

CLEMATIS DUCHESS OF EDINBURG—This is without doubt the best of the double whites. Very free flowering and very fragrant. Price, 75 cents each.

CLEMATIS PANICULATA—A vine of very rapid growth, quickly covering trellises and arbors with handsome, clean, glossy green foliage. The flowers are of medium size, pure white, borne in immense sheets, and of a most delicious and penetrating fragrance. These flowers appear in August, when very few other vines are in bloom, being an added merit of great consequence. Price, 25 and 50 cents each.

VALUABLE SMALL FRUITS FOR THE GARDEN.

Bismarck. Apple.

A New Zealand production introduced into Europe through a German Aborescence. Has been tested in Germany, Russia, France, England, Canada and United States, and is making a wonderful record for high quality, hardness and especially earliness of fruiting; two-year trees seldom fail to produce fruit; one prominent firm claiming eight apples on a one year graft. Said to be extremely hardy and productive and to succeed in hot climates. Unless prominent horticulturists are deceived it is a valuable introduction succeeding wherever apples will grow and entirely new in its remarkable quality of producing crops on young trees is of stocky short growth. Owing to its fruit producing habit when only one or two years old, has been largely grown in pots for decorative purposes. Fruit golden yellow, large and handsome; flesh tender, pleasant, sub-acid, distinct delicious flavor, unequalled for dessert and superior for cooking. Will keep in to March. Price, 25 cents each; 6 for \$1.00, net. No Further Discount.

Improved Dwarf Rocky Mountain Cherry.

This rare Cherry has been greatly improved by cultivation since its discovery. The fruit is as large as the Morello Cherry, and is far superior in richness; coloring and delicacy of flavor; for preserves or to eat out of hand it has no equal in the line of pitted fruits. The plants are of bushy habit, growing from two to four feet high, when loaded with fruit the branches are bent to the ground. It is entirely hardy and most desirable as an ornamental plant for the garden or lawn. Price, 20 cents each; 3 for 60 cents.

Gooseberry.

INDUSTRY—The best known of the English varieties. Now largely grown, and very successfully. Fruit very large, dark red, excellent quality, and bushes are loaded with fruit. Sells at fancy prices. Used for desserts and eaten out of hand. Price, 10 cents each.
SPECIAL OFFER—For 50 cents we will send six plants. No Further Discount.

The Best Standard Black Grape.

CONCORD—The grape for the millions. One of the most popular and productive varieties. Good quality; good keeper; thrives in any situation. Price, strong vines, 15 cents each; 2 for 25 cents.
SPECIAL OFFER—Twelve strong vines for \$1.00. No Further Discount.

Five Best Hardy New Grapes. PRICE, 20 CENTS EACH.

THE MOYER GRAPE—Hardy and productive, having four to six full bunches on one cane. Rapid grower and thrives in any soil or climate. Berries fair size, thin skin, amber color, sweet, melting and delicious. It never drops off the stem when ripe, but gradually changes into raisins.

EATON—Black grape. Large bunches, often weighing three pounds. The berries are nearly an inch in diameter. It is hardy in any situation and a great bearer. Ripens one week earlier than the Concord.

MOORE'S DIAMOND—Ripens last of August. Hardy, healthy; free from blight and mildew; berries large, tinged with yellow, and of the finest quality; few seeds; pulp melts in your mouth like snow; a great bearer.

EMPIRE STATE—A new grape of decided merits; a strong, vigorous grower and entirely hardy; bears large bunches of juicy white berries of the sweetest flavor. Free from rot and very prolific.

MOORE'S EARLY—This is considered by many to be the best early black grape. Vines a good, healthy grower; berries large, juicy and luscious.

SPECIAL OFFER—For 75 cents we will send one each of the above new grapes. No Further Discount.

Fay's Prolific Currant.

A superb sort, of recent introduction. It is large and fine flavored, brightest cherry red, and four times as productive as any other red Currant. The bushes are a perfect mass of long clusters of fruit. Price, 15 cents each.

SPECIAL OFFER—For 50 cents we will send six plants. No Further Discount.

Mayberry.

JAPANESE GOLDEN MAYBERRY—A Raspberry which ripens its fruit before Strawberries—"The earliest Raspberry ever known. The berries are of a golden straw color, as large as Cuthbert, and ripen a month before Hansell, before Strawberries, and before the earliest of the standard Raspberries of the past have hardly awakened from their Winter rest. The bushes are distinct from all others, growing like trees, with spreading tops, and all along the branches large, white, well-shaped blossoms are pendant, which are soon followed by the great, sweet glossy, golden, semi-translucent berries." They were sold lately at \$5.00 each. Nice young plants, 25 cents each.

SPECIAL OFFER—For \$1.00 we will send six plants. No Further Discount.

The New Logan Berry.

A thornless Blackberry-Raspberry; ripens its fruits before raspberries and bears the first year; the hardiest of all berries known. Most remarkable fruit ever offered. Hardy as a rock; stands driest weather; fruits in poorest soil and where all other fruit fails. A hybrid between a raspberry and blackberry; as large as largest blackberry; rich dark purplish red; of most delightful new flavor of surpassing quality. In the East it ripens its fruits in June, before all other raspberries; brings four times the price of other berries. Bears fruit the first year planted; thornless and insect-proof. Reduced price, 25 cents; six for \$1.00.

Japan, or Giant Chestnut.

Planted by hundreds, like apples; come in to bearing soon after planting; nuts large; sell at highest prices. Price, 25 cents each.

SPECIAL OFFER—For \$1.00 we will send, postpaid, 6 fine trees. No further discount.

Japanese Raspberry.

WINEBERRY—Berry round, deep red, glossy; handsome and fairly firm. Borne in large clusters and each berry at first tightly enveloped by the large calyx, forming a sort of burr, which is covered with purplish red hairs. These gradually open and turn back, exposing a beautiful wine-colored fruit of medium size, brisk sub-acid, retaining flavor when cooked; highly esteemed for canning, preserves, jellies, etc. The canes are covered with purplish red hairs, which extend along the stem to its extremity; the leaves are large, tough, dark green above, and silvery gray beneath. Price, 10 cents each; three for 25 cents; 18 fine plants for \$1.00. No Further Discount.

The Best Strawberries.

By mail, dozen, 25 cents; hundred \$1.00. No Further Discount on these offers.

GANDY'S PRIZE—The fruits are uniformly large and perfect in form, and firm; color, bright crimson, and as glossy as if varnished; it has a large bright-green calyx, which greatly adds to the beauty. This is the best flavored berry we have yet seen. The quality is all that can be desired. It ripens from late to very late. The plants are very vigorous growers. In well fertilized soil this berry is a big yielder.

MICHAEL'S EARLY—Is decidedly the earliest good Strawberry in cultivation. The plant is a strong and vigorous grower, productive as the Crescent and ripens ten days earlier than any other Strawberry. Has a perfect blossom, berries large size, uniform in shape, a rich scarlet color, and a pleasant Strawberry. They are as solid as the Wilson, and good shippers, fit for the table or market one week before any other.

BUBACH NO. 5—Not only the hardiest but also one of the most productive varieties in cultivation. It somewhat resembles the Sharpless in size and shape, but is much more prolific and of better quality. The plant is large and stocky, healthy and vigorous; fruit very large. Always produces a large crop.

Remarkable New Fruit, (Strawberry-Raspberry.)

Is a Japan variety of the Raspberry or Blackberry family, but little known in this country; is of a strong, robust, upright growth, spreading habit, similar to the Raspberry, except that it dies to the ground every Fall and the fruit is produced on the young growth made the next year, by which we should think it would be well adapted to the cold climates. Fruit large, handsome, luscious, resembling in size and form the Strawberry; red in color, and of sprightly sub-acid pleasant flavor; excellent for sauce or jams, or very good as a dessert fruit, ripening with the Raspberry. 20 cts. each; 4 for 50 cts.

Flower Seed Novelties and Choice Varieties of Special Merit.

"THE BEST" AND "THE CHEAPEST."

Please Remember to Keep Your Seed and Plant Orders Separate. It will greatly facilitate the filling and packing of your orders promptly. Use our Order Sheet. If you need more, write us, and we will gladly mail them to you at once. Our warranty—that our seeds are as good as the best in the market, and we stand ready to replace any such seeds that do not prove satisfactory, through defect in the seed or in quality and purity. Culture printed on all packets.

New Giant Imperial Japanese Ipomoeas OR MORNING GLORIES.

If any flower is typical of the morning, with its dewy freshness—beloved by all from childhood—the Morning Glory, the self-sown poor man's flower, is one to be always remembered.

Here we have from Japan the new Imperial Morning Glory a new mammoth class of flowers. The 1898 flower garden will lack a beautiful spot if it is without a fence corner or trellis covered with these glorious blossoms.

The plant attains a growth of twenty feet by Midsummer. The leaves are large, heart-shaped, many of them a rich, dark color, marbled with silvery white or yellow. The flowers are really gigantic, being double the size of the ordinary kind; their main attraction, however, is not

their enormous size, but their wonderful coloring. Their varieties of color are infinite, running from snow-white through all possible shades of blue, and of red from palest pink to darkest reds and purples. They are streaked, mottled, striped, marbled and bordered in wonderful fashion, and sometimes show rare shadings of ash gray, bronze brown and slate-blue, color rarely found in any other flowers. To gain time, start seeds in small pots in the house in March or April and plant in a warm, sunny place.

CALCEOLARIA PRIZE STRAIN.

New Giant Double Flowering, mixed colors, pkt. 10 cts., 3 pkts. for 25 cts.

COPYRIGHTED 1895 BY A. BLAKE

IMPERIAL IPOMOEAS.

CALCEOLARIA, PRIZE STRAIN—The blooms are remarkable for their oddness of shape, for their size, and for richness, diversity and delicacy of coloring. Seed may be sown from May to August, in light, rich, well-sifted soil, and frequently transplanted. Tender perennials. One foot in height. pkt. 10 cts., 3 for 25 cts.

CYCLAMEN PERSICUM.

CYCLAMEN PERSICUM—Most charming bulbous-rooted plants, with beautiful foliage, variegated in different shades of green, and richly colored orchid-like flowers. Splendid mixed. (See cut.) pkt. 10 cts.

CYCLAMEN, GIGANTEUM, MIXED—Beautifully mottled leaves, and large flowers of rich colors. pkt. 10 cts.

CINERARIA HYBRID—This is one of the brightest and best of house plants, blooming most profusely during the late Winter and Spring. Of richest colors; crimson, magenta, violet blue, white and variegated. Keep the plants in a cool, shady place during the Summer. Large flowering, finest mixed. pkt. 10 cts., 3 for 25 cts.

CINERARIA HYBRID.

NEW LARGE FLOWERING ASTERS

So Beautiful, So Varied in Colorings. Unsurpassed for Cutting
During the Summer Months.

—❖ Packets 5 cents each, except where noted. ❖—

NEW JAPANESE OR TASSEL ASTERS—The beautiful flowers form a striking contrast with those of any other variety. Immense size, 5 to 6 inches across; long, curiously waved and curled petals; resembles the most disheveled Japanese Chrysanthemum. Vigorous-growing, 14 to 15 inches high, producing a number of enormous flowers. Colors, beautifully rich and soft. Pkt. 10 cts.; 3 for 25 cts.

THE NEW YELLOW ASTER—This new color is of the Beteridge's Quilled Type. Form of the double flower is a perfect ball; quills close together, brightest sulphur yellow, not a mere indication of the color, as in former productions. Border petals are broad and of a lighter tint, seem to enclose the flower like an old-fashioned bouquet paper. Flowers borne on long, erect stems, excellent for cutting. Per pkt. 10 cts.

NEW AMERICAN BRANCHING ASTER, SEMPLER'S LATE FLOWERING—This is an American novelty, unusual merit—sure to be popular, even in Germany. Attracted much attention in flower during August and September. Grows 2 feet high, and each plant should be allowed sufficient space for its full development. Superb, large, double flowers in great profusion; are borne on stems 12 inches long and are most desirable for cutting; beautiful, soft shades and colors. Truly a Gem. Per pkt. 10 cts., 3 pkts. for 25 cts.

NEW WHITE BRANCHING ASTER—A new variety of American origin. Of branching character, the magnificent, large, double white flowers, quite four inches in diameter, are borne upon long stems, making them excellent for cutting. We can not recommend this distinct New White Aster too highly for cut flowers. Pkt. 10 cts., 3 for 25 cts.

DWARF CHRYSANTHEMUM-FLOWERED—The plants are only 10 to 12 inches high, producing large, double flowers resembling Chrysanthemums, and valuable on account of profuse late flowering.

DWARF WHITE QUEEN—Grows only 10 to 12 inches high, with spotless white flowers. Fine for pot culture as well as bedding out.

DWARF BOUQUET—Only 6 to 8 inches high. Each plant is covered with handsome flowers, and looks like a bouquet set in the ground. Mixed colors.

PÆONY-FLOWERED PERFECTION—Very double, large and beautiful flowers. Mixed colors.

ASTER NEW ROSE—Flowers large, double incurved, recurved like a Rose. Mixed colors.

VICTORIA—Flowers large, quite double, beautifully reflexed and dwarf. Over 20 colors mixed.

COMET—A handsome, new, very distinct Aster, resembling Japanese Chrysanthemum. Petals long, beautifully curved, a delicate pink, bordered white, bright pink, light blue borders, other mixed colors.

COMET ASTERS, IN SEPARATE COLORS—New Giant White, Clear Carmine, Lilac bordered with White, Pure Lilac.

NEW JEWEL OR BALL—Very novel and pretty; ball-like flowers. Color, mixed Light Rose, Dark Rose and White.

QUEEN OF THE MARKET—Of graceful spreading habit; blooming fully two weeks before any other Aster begins to blossom. Colors are deep blue, white, pink, deep rose. Finest mixed.

WASHINGTON—Very fine, large flowers, frequently measuring 4 to 5 inches in diameter. Mixed.

PRINCE OF WALES—New; very fine. Plants about 15 inches in height, branching freely in all directions. Flowers are of a deep crimson red color, and very large.

EXCELSIOR MIXTURE OF TALL ASTERS—A mixture of the most beautiful, striking and delicate colors of all tall-growing Asters, selected from the cream of the Truefitts, Victoria, Comet, Crown and other most desirable sorts. It has been specially prepared by us.

EXCELSIOR MIXTURE OF DWARF ASTERS—Like above strain, is a mixture of the finest varieties, but consists of dwarf and half-dwarf sorts in choicest colors; specially adapted for edging, for ribbons, and for cultivation. Mixed.

SUPERFINE MIXTURE—Of all varieties. $\frac{1}{2}$ oz., \$1.00.

NEW DIAMOND ASTERS—Flowers 2 to 2 $\frac{1}{4}$ inches across, perfectly double, each petal distinctly incurved. Particularly valuable for bouquets; 18 to 20 inches in height; perfect mass of bloom; colors rich, varied. Pkt. 10 cts., 3 for 25 cts.

New Dwarf Marguerite Carnations,

"California Giants."

EVERYONE knows and admires the Marguerite Carnations. They are invaluable from the fact that they can be treated as Annuals, inasmuch as from seed sown in open ground in the Spring they come into bloom in four months and flower as freely as the Annual Dianthus, while they possess the beauty and fragrance of the old Carnations, and are hardy, living from year to year. I have repeatedly visited the gardens of the originator in Southern Italy, and in 1892 the originator showed me several plants bearing flowers of remarkable size, and said he hoped in few years to have a new strain of Marguerite Carnations with flowers double the size then known.

The dwarf, compact, bushy habit and free flowering character of the plant is shown in the illustration herewith.

The flowers, of perfect form, embrace many brilliant colors, and although of greatly increased size, they do not burst the calyx. All will be delighted with the new strain by reason of the grand flowers, freedom of bloom, and the fact that they flower as quickly from seed as do the original Marguerite Carnations, possessing the same delicious fragrance. Finest mixed colors, per pkt. 15 cts., 2 pkts. for 25 cts.

CARNATION, NEW IMPROVED DWARF FLOWERING MARGUERITE—An entirely new strain, producing flowers twice the size of its parent, the Margaret. The variety of color is greater and more brilliant. The plants begin flowering in three or four months after sowing the seed and grow to be about 15 inches high. Equally good for pots and garden. pkt. 10 cts., 3 pkts. for 25 cts.

PHLOX DRUMMONDII—Fine mixed. All colors of the original type of Phlox Drummondii. oz. 60 cts., pkt. 3 cts.

ALBA—(Pure White.) Our strain is magnificent, the chaste white flowers of unusual size and perfect form. pkt. 5 cts.

LARGE BLOOD-RED—The darkest colored of all, being of the deepest blood-red color. pkt. 5 cts.

ECLIPSE—Bright rosy purple, deepening to rich, deep violet. pkt. 5 cts.

PHLOX DRUMMONDII, NEW DWARF—A lovely strain, the plants growing only six to eight inches high and covered with large trusses of

bright flowers. Extra fine mixed, of many colors. pkt. 5 cts.

PHLOX DRUMMONDII GRANDIFLORA—(Fordhook strain.) This strain of mixed large flowering Phlox is most remarkable in variety and brilliancy of colors. Not only is our strain notable for the perfection and size of the flowers—many of the single flowers are so large they will nearly cover a fifty-cent piece. pkt. 10 cts.

NEW LARGE YELLOW PHLOX—Rich straw-yellow, of warm and glowing tone, while the flowers are of extra large size and fine form. pkt. 5 cts.

PHLOX STARRED AND FRINGED—Nothing in the Phlox line created such a sensation as the Fimbriata, Cuspidata and Star of Quedlinburg. These large sized and curiously fringed and toothed blooms took the floral world by storm. We offer the improved Hybridized strain of wondrous beauty. pkt. 5 cts.

GLOXINIAS, NEW SUPERB MIXED.

GLOXINIAS, NEW

SUPERB PRIZE MIXED—

We have a collection of the finest new blotched, spotted and margined strains. Of large size, beautiful shape and profuse bloomers, the colors ranging from pure white to dark blood-red, pink, lavender, indigo blue, marbled, spotted and margined in a manner truly fascinating. In growing them from seed, the seed should be sown under glass and carefully tended until they are large enough to transplant. Price of choice select seed mixed, pkt. 15 cts., 2 pkts for 25 cts.

COSMOS NEW GIANT FANCY.

This new strain of Cosmos is notable both for purity of color and the gigantic size of its flowers. The broad petals overlap each other producing perfectly circular flowers of splendid substance, which measure four inches across, sometimes even reaching five inches in diameter. pkt. 10 cts., 3 pkts. for 25 cts.

COSMOS, NEW YELLOW—A distinct new variety, with beautiful yellow flowers, blooming from early Summer to late in the Fall. pkt. 10 cts.

COSMOS, NEW GIANT WHITE AND PINK—Very grand and beautiful; giant flowers of purest white, sometimes very lightly tinged with pink. pkt. 10 cts.

DOUBLE HOLLYHOCKS, FORDHOOK SUPERB.

The illustration conveys but a faint idea of the great beauty of the magnificent long spikes crowded with double flowers three to four inches across, and all of the brightest color. The flowers are quite as beautiful and perfect as those of the Camellia; they are massed completely around the spikes. Beyond doubt our Fordhook Superb Hollyhocks, are the finest strain in cultivation, and will prove a revelation to many unacquainted with their remarkable perfection. All colors, finest mixed. per pkt. 10 cts., 3 pkts. for 25 cts.

HOLLYHOCKS.

BEGONIA VERNON.

Plants grow rapidly and thrive amazingly under our hot Summer sun. The flowers are borne in constant profusion from early Summer until late Autumn. The color is deep red, magnificently set off by the abundant and vigorous foliage, which is waxy and glossy, stained, spotted and margined, bronze-purple. Few other flowering plants as rich and handsome can be so easily raised from seed and come to full perfection in so short a time. per pkt. 10 cts., 3 pkts. for 25 cts.

BEGONIA, SINGLE TUBEROUS-ROOTED HYBRIDS—These charming and showy Begonias, with their orchid-like flowers and rich tropical foliage, can be raised from seed planted in light, moderately rich soil with a liberal mixture of sand. Seedlings raised from sowings made early in the year will bloom freely in the course of the Summer. Fine mixed. pkt. 15 cts.

DOUBLE TUBEROUS-ROOTED BEGONIAS—Extra fine mixed. pkt. 25 cts.

LARGE-LEAVED BEGONIA REX—The leaves are very large, measuring from eight to ten inches in length, wonderfully handsome in colors and varied in markings. Some have a black center surrounded by a silver ribbon; in others the leaves are of rich, silvery appearance throughout, while others combine silver with purple. The leaves are borne upon strong stems, thickly set with tiny little spines. Per small pkt. 15 cts.

BEGONIA, VERNON.

NEW HELIOTROPE, Lemoine's Giant Hybrids.

Should we devote this entire page to an illustration it would fail to give an adequate idea of the grand size and rare beauty of the flower-heads of this wonderful novelty. On one mammoth flower-head we counted twelve

thousands nine hundred and seventy-five flowers. (12,975.) The trusses measure from ten to fifteen inches across. Their fragrance is delicious. The colors are from pure white through all shades of violet and blue to deep indigo. Even before it comes into bloom the foliage is most noticeable; its large and glossy leaves frequently measure from five to seven inches, and are borne on strong, erect stems, growing about two feet in height. per pkt. 10 cts., 3 pkts. for 25 cts.

NEW HELIOTROPE,
LEMOINE'S GIANT HYBRIDS.**NEW DOUBLE DAISY—Giant-Flowered White.**

A quite distinct feature of this new variety is the large size of its beautiful flowers, which have flat petals, of a very showy white color, and are perfectly double. They are produced in great abundance above the foliage, which is much larger than in the older varieties. A valuable plant for spring decoration, grown either in the open ground or in pots. pkt. 10 cts., 3 pkts. for 25 cts.

SUPERB NEW MIGNONETTE—Golden Matchet.

Few novelties during the last Summer were more admired than this distinct New Mignonette growing in open ground. It comes absolutely true from seed; retains all excellent qualities of the Mignonette, described elsewhere in this catalogue. Above the large, crinkled leaves are borne massive spikes, crowded with golden yellow flowers, of brilliant color and delicious fragrance. pkt. 10 cts., 3 pkts. for 25 cts.

NEW GIANT EMPEROR PANSIES.

The Most Beautiful and Largest
Ever Offered.

SUNSET—Composed of the new and rare shades of copper and bronze, extremely beautiful and fetching colors. pkt. 15 cts., 2 for 25 cts.

EMPEROR FREDERICK—Velvety-brown, shaded into a narrow band of deep golden-yellow, which borders each petal. pkt. 10 cts., 3 pkts. 25 cts.

METEOR—Color, bright canary yellow; the three lower petals are spotted with mahogany-brown, while the two upper petals vary from reddish brown to dark purple, margined with gold or silver. pkt. 10 cts., 3 for 25 cts.

CARDINAL QUEEN—The flowers are a brilliant brownish scarlet, the lower petals each being marked with a dark-brown blotch. pkt. 10 cts., 3 pkts. 25 cts.

COQUETTE DE POISSY—Of a reddish lavender; three maroon blotches on lower petals, novel and distinctly beautiful. pkt. 10 cts., 3 for 25 cts.

PIGEON BLOOD—Rich velvety blood-red, decidedly superior to all other so-called reds. per pkt. 15 cts.

PRES. CARNOT—Has a large violet blue blotch surrounded by a sharply defined silvery white margin, which ornaments each of the five petals. per pkt. 15 cts., 2 for 25 cts.

EMPEROR WILLIAM—Beautiful deep blue with a very dark blotch on each of the five petals; grand and imposing. pkt. 10 cts., 3 for 25 cts.

GIANT GOLDEN YELLOW 5-SPOT—Grand and magnificent; each has a dark blotch on each petal, with rigid stocks of great substance. pkt. 10 cts., 3 for 25 cts.

GIANT BEACONSFIELD—Called by the French "Half Mourning." This variety is bound to be a great favorite on account of its extra large flowers and rich combination of deep violet, which shades off to a pale lavender towards the top. pkt. 10 cts., 3 for 25 cts.

SPECIAL OFFER—For 85 cents we will send one packet of each of the Giant Emperor Pansies, including one packet of the Giant Emperor Mixture.

GIANT EMPEROR PANSY MIXTURE—This includes all the above new sorts of the Emperor strain, and is without doubt the finest mixture in the world. Contains all the newest shades, the richest colors that can be found, and unsurpassed by any other firm. pkt. 15 cts., 2 for 25 cts., 5 pkts. for 50 cts.

THE INNISFALLEN NEW SUPERB PRIZE

PANSY MIXTURE—A combination of the finest French and German Prize Exhibition Varieties. The labor of many years of careful cultivation and constant selection has resulted in an almost endless variety of constant shades of color and good circular substance, and extra large sized flowers. Embrace all solid and self-colors, delicately shaded; five-spotted on backgrounds of every color; large spotted; edged or bordered flowers of various colors, each with distinct rim of white, yellow or blue; dark and light marbled varieties; striped flowers of striking beauty, blotched, veined, mottled and margined in combinations that would be thought impossible. pkt. 10 cts.; 3 pkts. for 25 cts.

NEW IMPROVED IMPERIAL PANSIES.

BLACK PRINCE—The flowers enormous, of great substance and quite distinct in color. The rich, glossy black has a peculiarly soft, velvety appearance, hitherto unknown. The flowers are of fine, circular form, carried upright, well above the foliage. pkt. 10 cts.

GIANT TRIMARDEAU PANSIES—These remarkably large Pansies, for size of flower and robust growth, eclipse any known strain. The flowers are of immense size and splendid shape, and stand well above the foliage, each flower distinctly marked with three large blotches. With their vigorous habit they get such a start in the Spring that the hot Summer weather seems to have no effect on them. pkt. 10 cts.

ODIER—Superb five-blotched flowers. pkt. 10 cts.

PELARGONIFLORA—Flowers showing the beautiful shades and markings of Pelargonium. pkt. 10 cts.

RED RIDING HOOD—The flowers are of good size, fine circular form, and of the most brilliant, solid red novelty. pkt. 10 cts.

IMPROVED STRIPED—A fine, new class, producing very large, perfectly formed flowers of the most brilliant and exquisite tints of coloring, each flower being handsomely striped. pkt. 10 cts.

"RAINBOW"—Upper petals sky blue, edged with violet; lower petals are most purple, sometimes on a white, sometimes on a yellow ground, marbled, spotted. pkt. 10 cts.

FIRE KING—Three lower petals have each a large blotch of deep brown-red or magenta margined with yellow, while the upper petals are of a bright reddish brown, of a really fiery shade. pkt. 10 cts.

PEACOCK—A grand fancy colored flower, petals edged with a thin white line, within which is a space of purplish crimson, passing into a rich central blotch of deep blue shading to black. pkt. 10 cts.

YELLOW PRINCE—Of perfect form and color pure golden yellow, with the three lower petals distinctly marked with a large, double-purplish blotch. It is of very compact, bushy growth and free flowering. pkt. 10 cts.

MAMMOTH BUTTERFLY—A most beautiful strain of Pansies with matchless form of beauty. pkt. 10 cts.

SNOW QUEEN—Pure glistening satiny white, without blotches, wonderfully profuse bloomer. pkt. 10 cts.

SPECIAL OFFER—We will send one packet each of the above New Improved Imperial Pansies including one packet of the Innisfallen "New Superb" Prize Pansy mixture for 75 cts.

All of the following at 3 cents per packet:

PANSY, AZURE BLUE—Very fine; beautiful shade.

PANSY, BRONZE COLOR—A new and striking color.

PANSY, DARK PURPLE—Rich dark purple.

PANSY, DARK BLUE—Very rich, lasting.

PANSY, KING OF THE BLACKS—Almost a coal black; a beauty.

PANSY, LIGHT BLUE—Very rich, lasting.

PANSY, MAHOGANY COLORED—Beautiful.

PANSY, PURE YELLOW—True to color.

PANSY, RED—Bright coppery colors noted.

PANSY, STRIPED AND MOTTLED—Fine.

PANSY, VIOLET—With white border.

PANSY, WHITE—Sometimes marked purple.

PANSY, YELLOW MARGINED—Beautiful.

SPECIAL OFFER—We will send one package of each of the above 13 varieties, priced at 3 cents each, for 30 cents.

PANSY, EXTRA FINE MIXED—Above 13 varieties mixed. Pkt. 5 cts., 6 pkts. for 25 cts.

THE following varieties are a selection of the best of Eckford's and American novelties. They are the result of crossing and recrossing of the finest new Sweet Peas, with special reference to size and shape of flowers, freedom of bloom, length and rigidity of stem and number of flowers to stem:

NEW SWEET PEA, "AMERICA." Is more distinct and striking than any other variegated Sweet Pea in existence, and is of the large flowering type. Its color is a white ground and through the center of the standard is a wide carmine blotch veined with fine scarlet lines running toward the edges and showing in the same manner on the wings. The dashing contrast of the heavy scarlet blotch on the white ground makes the blossoms very effective. pkt. 5 cts., oz. 15 cts.

AURORA—Flowers very large, of fine substance, three and four on a stem. Color, flaked and striped bright orange salmon on a white ground. pkt. 10 cts., oz. 25 cts.

BRILLIANT—Standard, inclined to hood; color, rich bright crimson scarlet, three flowers on a stem; does not sunburn. pkt. 10 cts., oz. 30 cts.

CAPTIVATION—A light purple magenta; an entirely new color among Sweet Peas. pkt. 10 cts., oz. 20 cts.

CELESTIAL—Of beautiful form; color, most pleasing azure-blue, three and four flowers to a stem. A good one. pkt. 5 cts., oz. 15 cts.

COQUETTE—Rich primrose, tinted with apricot; of high quality and good in every way. pkt. 10 cts., oz. 20 cts.

COUNTRESS OF ABERDEEN—White; margined with pale pink, of fine form. A very charming flower. pkt. 10 cts., oz. 20 cts.

CROWN JEWEL—Creamy white, veined violet; very best of Eckford's '96 set. Greatest size and form. pkt. 10 cts., oz. 20 cts.

GRAY FRIAR—A most beautiful watered purple on white ground. Flowers large, of hooded form, three and four on a stem. pkt. 5 cts., oz. 15 cts.

GOLDEN GATE—Form, hooded; three and four flowers to a stem. Standard, soft, pinkish mauve, wings lavender. pkt. 10 cts., oz. 20 cts.

JUANITA—Color, pure white, delicately lined and striped with pale lavender. pkt. 5 cts., oz. 15 cts.

LITTLE DORRIT—Pink and white, large, will undoubtedly replace Blanche Ferry. pkt. 10 cts., oz. 40 cts.

LOVELY—A good shell pink of grand form; good every way. pkt. 10 cts., oz. 25 cts.

MARS—A grand sort, magnificent form; intense scarlet. pkt. 10 cts., oz. 25 cts.

PRIMA DONNA—A beautiful light rose pink of great merit. pkt. 10 cts., oz. 25 cts.

RAMONA—Flowers very large, of fine hooded form. Color, creamy white daintily splashed with pale pink. pkt. 5 cts., oz. 15 cts.

ROYAL ROSE—Bright pink and blush white, about twice as good as Apple Blossom. pkt. 10 cts., oz. 25 cts.

RED RIDING HOOD—Color, rosy pink shaded bluish white. The most productive and sweetest of all. pkt. 10 cts., oz. 20 cts.

MAID OF HONOR—Color, very beautiful; a light blue, on a white ground, shaded and edged, entirely free from notches. pkt. 10 cts., oz. 20 cts.

DAYBREAK—New and fine; has a white ground and on the back of the standard is a crimson scarlet cloud which shows through in fine veins and network, giving the front a watered effect, wings white slightly flaked with crimson. pkt. 10 cts., oz. 20 cts.

SPECIAL OFFER—For \$1.00 we will send you the entire set of 20 sorts of the newest, New Sweet Peas. This offer is without parallel, compare it with others. No further Discount.

PERFECTION MIXTURE OF THE NEWEST SWEET PEAS. This mixture is made by ourselves in equal proportions of the above varieties, thus our patrons can be assured of getting the best assortment it is possible to obtain. pkt. 10 cts., oz. 15 cts., ½ pd. 75 cts.

THE BEST SWEET PEAS.

AT THE UNIFORM PRICE OF 3 CENTS PER PKT., OZ. 10c., EXCEPT WHERE NOTED.

APPLE BLOSSOM—Large flowers, shaded pink and rose.

BOREATION—Splendid, deep dark maroon blossom.

BLANCHE FERRY—Large pink and white flowers.

BUTTERFLY—White, laced with lavender; beautiful.

BLUSHING BEAUTY—A pure white of exquisite form and immense size. pkt. 5 cts., oz. 20 cts.

CUPID—New Dwarf; does not grow over six inches high. Flowers pure waxy white and borne three on a stem; wonderfully free blooming. This is the finest plant for bedding and planting in the borders ever offered. Blooms until frost. pkt. 10 cts., oz. 50 cts.

COUNTRESS OF RADNOR—Light and dark mauve.

CAPTAIN OF THE BLUES—Wings attractive blue.

EMILY HENDERSON—Pure white; very chaste.

FAIRY QUEEN—Milky white, tinted with pink.

FIREFLY—Intense brilliant carmine scarlet; finest red.

GAJETTY—Brightly striped, crimson on white ground.

INVINCIBLE CARMINE—Intense crimson scarlet.

LOTTIE ECKFORD—Large creamy-white flowers, distinctly marked with a narrow edging of blue.

LADY PENZANCE—A beautiful rosy-pink, touching orange; wings darker and purer pink. pkt. 5 cts., oz. 15 cts.

LEMON QUEEN—Flowers of the largest size; coloring is white, tinted softly with lemon. pkt. 5 cts., oz. 15 cts.

LADY BEACONFIELD—Fine, light, salmon-pink standard, wings pale primrose yellow. pkt. 5 cts., oz. 15 cts.

MRS. ECKFORD—Best yellow, delicate sulphur.

MRS. SANKEY—Remarkably large size and pure white.

MRS. GLADSTONE—Flowers buff and soft pink, changing to a beautiful pale blush. Standard pink.

NEW DOUBLE SWEET PEAS—Are of incomparable beauty. They do not always come double, but usually about fifty per cent. pkt. 5 cts., oz. 25 cts.

PRINCESS OF WALES—Shaded and stained with mauve on a white ground in a most pleasing manner.

PRIMROSE—Distinct as the nearest approach to yellow; of pale primrose-yellow.

PRINCESS BEATRICE—A uniform bright rose pink.

ROYAL ROBE—A delicate shade of pink; very large size.

SPLENDOR—Superb rose-color, richly shaded crimson.

VIOLET QUEEN—Deep mauve; wings light violet.

ECKFORD'S NEW SWEET PEAS, MIXED—This is a mixture of all the above and other distinct varieties, and we can recommend it as the finest strain of Mixed Sweet Peas ever offered for sale. pkt. 3 cts., oz. 10 cts., two oz. 15 cts., ¼ lb. 25 cts., ½ lb. 75 cts., postpaid.

NEW DWARF SWEET PEA, PINK CUPID.

The illustration has been engraved accurately from a photograph of a single plant grown in ordinary field culture, lifted and set in a pot on a platform for the purpose of photographing on a level with the camera. The flowers are always of full size, measuring from one and one quarter to one and one half inches across the standard, covering a silver dollar. As this plant is a fair sample, I would state that it measured from six to eight and one half inches high by nineteen to twenty-four inches in diameter, spreading on the ground. I could give record of the number of flowers and buds, by actual count, but will merely refer to the extract from *The Florists' Exchange*, in which the editor says: "We counted one hundred and twenty-one stalks in blossom on one plant, and an average of three flowers to the stem." **Burpee's Pink Cupid** was discovered by C. C. Morse, to whom I paid fifteen hundred dollars cash for the exclusive ownership when there were only 1060 seeds in existence. It is not a sport from the original White Cupid, but an actual departure from its parent, the tall *Blanche Ferry*. In habit and manner of growth it is strictly a Cupid, spreading from the root, from a foot to eighteen inches around; growing from six to eight inches high, and shooting up stems about six inches long, which bear, in full bloom at once, from three to four handsome large flowers, all borne close to the end of the stem. **Price, per packet, 15 cents; two packets, 25 cents.**

NEW MAMMOTH VERBENA, Famous Mixture.

In this grand new strain has been developed a mammoth Verbena that produces uniformly magnificent large trusses, with flowers of unusual size and of a wide range of colors. The individual blossoms are frequently larger than a silver quarter—in fact, many are scarcely covered by a silver half-dollar. Take a silver quarter and try to cover any of the single flowers of the corymb illustrated herewith, and you will realize how magnificent in size are the single florets, as the illustration has been accurately reproduced from a photograph, natural size. The colors are varied, and embrace all desirable markings. It is so grand that we want all our friends to have it, and hence offer the seed at a very moderate price. **Price, per packet, 10 cents; three packets, 25 cents.**

NEW CELOSIA, OSTRICH FEATHER.

This new Feathered Celosia has very large bright crimson and orange plumes, which are exquisitely curved and curled in exact resemblance of an ostrich feather. The plant grows about three feet high, of handsome pyramidal form, and makes one of the most effective ornamental plants for either pot or outdoor culture. It is as easily grown as the ordinary *Coxcomb*. **Price, per packet, 5 cents.**

MINA LOBATA.

A beautiful, rapid and luxuriant climber. Profuse bloomer, flowers scarlet, changing to orange and creamy white. Seed should be started in pots early, and become pot-bound. They will then bloom early. **Price, per packet, 5 cents.**

RICINUS ZANZIBARENSIS—Leaves measuring nearly 4 feet across.

From seed sown in the open ground in May the plants are in full foliage early in July, and attain a height of twelve to fourteen feet. The enormous leaves, beautifully lobed, measure two and a half to nearly four feet across. Planted as a solitary plant on the lawn, it makes a perfect pyramid of foliage, thickly set from top to bottom with gigantic leaves. A dozen plants in a large bed make a most picturesque sight, to be admired from a long distance. The difference between the varieties in the coloring of the grand bamboo-like stems and long, slender leaf stalks is most admirable. Mixed varieties. **Price, per packet, 10 cents; per ounce, 25 cents.**

Alphabetical List of Choice and Reliable Flower Seeds,

At a uniform price of 3 cents per packet, except where noted. "The Best and the Cheapest."
Any purchaser may select 50 cents extra on every \$1.00 sent us for seeds in packets only.

ABUTILON ROYAL PRIZE—Well known, showy greenhouse shrubs, with bell-shaped orange, red or white flowers. **Price, per packet, 10 cents.**

AGAPANTHUS UMBELLATUS—(African Lily). Large umbels of bright blue flowers. **Price, per packet, 5 cents.**

AGERATUM IMPERIAL DWARF—A dwarf variety, only growing to a height of about nine inches. Blue or white. **Price, per packet, 3 cents.**

AGERATUM MEXICANUM—The species most extensively grown. Height, one and one half feet. Blue or white. **Price, per packet, 5 cents.**

ALYSSUM MARITIMUM—(Sweet Alyssum). Flowers white, produced in the greatest profusion. Height, nine inches. **Price, per packet, 5 cents.**

AMARANTHUS CAUDATUS—(Love Lies Bleeding). Blood red, drooping panicles of flowers, pretty for decorations. **Price, per packet, 3 cents.**

AMARANTHUS MELANCHOLICUS RUBER—A very useful bedding plant, with crimson shaded foliage and of compact habit. **Price, per packet, 3 cents.**

AMARANTHUS SALICIFOLIUS—(Fountain Plant). Foliage red, orange and green, elegantly contrasted. Height, three feet. Makes also a good vase plant. **Price, per packet, 3 cents.**

AMARANTHUS TRICOLOR—(Joseph's Coat.) Grand plants for summer bedding, growing to a height of two feet, with crimson, yellow and green foliage. **Price, per packet, 3 cents.**

ALYSSUM, LITTLE GEM—The plants are very dwarf, and each spreads so as to completely cover a circular space 12 to 20 inches in diameter. They soon become one mass of white, remaining in full bloom from Spring till Fall. pkt. 5 cts.

ANTIRRHINUM MAJUS—(Snapdragon.) Useful border plants, with large flowers of various bright colors in spikes. Height, 1½ feet. They do best in a light soil, well enriched. pkt. 5 cts.

ANTIRRHINUM TOM THUMB—A dwarf-growing variety six or seven inches. Fine for bedding. If sown early they will bloom the first of the season. pkt. 5 cts.

ANTIRRHINUM, NEW HYBRIDS—A grand mixture of choicest exhibition flowers. pkt. 8 cts.

BALSAM DEFIANCE—This is a fine mixture composed in nearly equal proportions of violet white spotted, shining scarlet, white tinted lilac, scarlet white spotted, rose white spotted, royal purple, pure pink, chamois rose, all the above eight colors, each having been grown separately. Finest mixed. pkt. 5 cts.

BALSAM, NEW SUPERB MIXTURE—The finest large-flowered, perfectly double Balsam in cultivation. Frequently over two inches in diameter. Bright and effective, and brilliant self-colors; also superbly mottled and striped varieties. All colors mixed. pkt. 5 cts.

BALSAM, CAMELLIA FLOWERED—Flowers of extra large size, borne in wonderful profusion, five hundred blooms being frequently counted on a single plant at the same time. pkt. 5 cts.

BALSAM, FINEST DOUBLE MIXED—This is a first-class mixture, very choice colors. pkt. 3 cts.

BRACHYCOME IBERIDIFLORA—(Swan River Daisy.) Very effective, dwarf growing plants, covered for months with a profusion of single daisy-like flowers; blue and mixed; six inches. pkt. 3 cts.

BROWALLIA—Handsome plants; eighteen inches tall, with shining green foliage and bright blue and pure white flowers mixed. pkt. 3 cts.

CALLA ÆTHIOPICA—The popular Calla Lily. Easily grown from seed, flowering the second year. pkt. 5 cts.

CATCHFLY, MIXED—Showy, early-flowering garden annuals. pkt. 3 cts.

CALENDULA METEOR—Bright yellow, striped orange. Fine and distinct. pkt. 3 cts.

CALENDULA ORIOLE—Large flowering, bright yellow. pkt. 3 cts.

CALLIOPSIS, FINE MIXED—Shades of yellow, orange and reddish brown. pkt. 3 cts.

CALLIOPSIS, DRUMMONDII—(Golden Wave.) Compact plants, covered all Summer with bright golden flowers, two inches across, with dark brown center. pkt. 3 cts.

CROZY'S NEW DWARF CANNAS—Bloom freely the first year from seed. They are much less expensive and incomparably more beautiful for bedding than the best Geraniums. The root can be kept in the cellar over Winter and each clump will give six to eight good roots for planting the following Spring. Mixed colors. pkt. 5 cts.

CASTOR-OIL BEAN—See Ricinus.

CANDYTUFT, NEW EMPRESS—Really a magnificent variety, with enormous heads of pure white flowers. pkt. 5 cts.

CANDYTUFT, NEW DWARF HYBRIDS—Of dwarf habit and perfect shape, abundant flowers from pure white to purple. pkt. 5 cts.

CANDYTUFT, SNOW QUEEN—It bears but little foliage, and the mass of white produced makes it useful for borders. Seed should be started in the house. pkt. 5 cts.

CANDYTUFT, NEW CARMINE—The richest in color. pkt. 3 cts.

CANDYTUFT, WHITE—Oz. 25 cts., pkt. 3 cts.

CANDYTUFT, MIXED—Including above varieties. Oz. 25 cts., pkt. 3 cts.

CENTAUREA CANDISSIMA—Fern-like leaves, nearly white; suited for borders. pkt. 5 cts.

CENTAUREA GYMNOCARPA—Finely cut, arching, silvery gray leaves. pkt. 3 cts.

CENTAUREA CYANUS—(Cornflower or Bluebottle.) A popular, old-fashioned flower. Mixed colors. pkt. 3 cts.

CENTAUREA MOSCHATUS—(Sweet Sultan.) Showy border plant. Mixed colors. pkt. 3 cts.

CELOSIA—(Cockscomb.) One of the most showy and brilliant of annuals. Combs of the best varieties often grow a foot or more across the top. The best sorts mixed. pkt. 3 cts.

CINERARIA MARITIMA—(Dusty Miller.) Very ornamental for bedding and as a decorative plant. Of dwarf compact habit, with handsome silvery-white foliage. pkt. 3 cts.

CACALIA—(Tassel Flower.) Small, tassel-like blooms, often called Flora's Paint Brush. Useful for cutting. Bright scarlet and yellow mixed. pkt. 3 cts.

CHRYSANthemum PERENNIAL VARIETIES—These are the flowers which win so many prizes at Autumn Shows. Our seed is saved from a superb collection, the finest in the world. pkt. 10 cts.

CHRYSANthemum, TRICOLOR, MIXED VARIETIES—Distinct and valuable for cut flowers. pkt. 3 cts.

CHRYSANthemum INODORUM PLENNISSIMUM—Although a perennial, it flowers abundantly the first year from seed, each plant producing hundreds of beautiful, perfectly double, snow white flowers. pkt. 3 cts.

CHRYSANthemum FRUTESCENS—“French Margurites” or “Painted Daisies.” The plants grow 12 to 15 inches high, and produce on long stems beautiful, large flowers of many bright colors, having the appearance of being laid on with a paint brush. pkt. 5 cts.

CHRYSANthemum CORONARIUM—Fine double flowers for cutting. White, rose and mixed. pkt. 5 cts.

CHRYSANthemum, GOLDEN FEATHER—The dark velvety disk in the center is surrounded by a circle of bright golden yellow, followed by another clear-cut circle of crimson; beautiful golden foliage. pkt. 5 cts.

CONVOLVULUS MAJOR—(Morning Glory.) Well known and universally-grown climber. Mixed colors. pkt. 3 cts.

CONVOLVULUS MINOR—(Dwarf Morning Glory.) Grows to a height of one foot only. Mixed colors. pkt. 3 cts.

CONVOLVULUS CRIMSON VIOLET—Flowers crimson, with white throat and yellow eyes. pkt. 3 cts.

COLLOMIA COCCINEA—Numerous heads of fine red flowers, somewhat like Bouvardia. pkt. 3 cts.

COMMELINA CÆLESTIS—(Blue Day Flower.) Lovely sky-blue color. It blooms freely from seed sown in the open ground, while the tuberous roots can be taken up and kept all winter, like Dahlia roots. pkt. 3 cts.

CLEOME PUNGENS—(Giant Spider Plant.) Curious heads of bright rose-colored flowers. pkt. 3 cts.

CENTRANTHUS MIXED—Fine garden annuals, with large heads of red, pink or white flowers. pkt. 3 cts.

DIANTHUS CHINENSIS—(Double Chinese Pinks.) Very double, large flowers; magnificent color. pkt. 3 cts.

DIANTHUS SNOWFLAKE—Pure white flowers, of immense size; very double. fringed. pkt. 5 cts.

DIANTHUS CRIMSON BELLE—Very large, single, dark-red flowers. pkt. 3 cts.

DIANTHUS DWARF FIREBALL—Brilliant blood-red, perfectly double, laciniated flowers. pkt. 5 cts.

DIANTHUS MOURNING CLOAK—Large, double flowers; is a very dark mahogany, almost black; edged with pure white. pkt. 3 cts.

DIANTHUS EASTERN QUEEN—Magnificent single flowers; 2 to 3 inches across; striped and stained. pkt. 3 cts.

DIANTHUS HEDDEWIGI—(Japan Pink.) Splendid double flowers for growing in beds or borders. pkt. 3 cts.

DIANTHUS LACINIATUS—Large, single, fringed flowers; mixed. pkt. 3 cts.

DIANTHUS LACINIATUS fl. pl.—Large, perfectly double and deeply fringed flowers; finest mixed. pkt. 5 cts.

DAHLIAS, DOUBLE FLOWERING—Grown easily from seed and flowers so beautifully the first season. We offer the choicest seed, which, if sown in the Spring, will give a magnificent display of the brightest colors in August. Large-flowering double mixed or show. pkt. 10 cts.

DAHLIA, SINGLE-FLOWERING VARIETIES—In great variety of bright colors. pkt. 5 cts.

DOUBLE DAISY—Daisies are easily raised from spring-sown seed, and come into flower in a very short time. With protection they will withstand the Winter. Fine double mixed. pkt. 5 cts.

DAISY LONGFELLOW—Remarkable for the unusual size and doubleness of its dark-rose flowers. pkt. 10 cts.

DAISY SNOWBALL—Large flowers, perfectly double, of purest white. pkt. 10 cts.

DELPHINIUM (LARKSPUR) DOUBLE DWARF ROCKET—Finest mixed. pkt. 3 cts.

DELPHINIUM (LARKSPUR) TALL ROCKET—Double mixed. pkt. 3 cts.

DELPHINIUM (LARKSPUR) EMPEROR—Really splendid, a single plant having fifty or more erect spikes of flowers. pkt. 3 cts.

DATURA—(Angel's Trumpet or Sweet Nightingale.) Very showy, large branching plants, growing three to five feet high, bearing immense trumpet-shaped flowers six inches in length and very fragrant. They bloom freely from seed sown in the open ground the first season, but the roots can be taken up and kept over Winter the same as Dahlias. Mixed varieties. pkt. 5 cts.

DATURA DOUBLE—Mixed colors. pkt. 5 cts.

DATURA WRIGHTII—Large, single white flowers. pkt. 5 cts.

ESCHSCHOLTZIA—(California Poppy.) Mixed. Flowers yellow, orange and white; leaves finely cut; height, 10 to 12 inches, very showy. pkt. 3 cts.

ESCHSCHOLTZIA MANDARIN—The inside of petals is rich orange, the outer a mandarin scarlet. pkt. 3 cts.

EUPHORBIA MARGINATA—(Snow-on-the-Mountain.) Beautiful foliage, elegantly veined and margined with white; very showy. pkt. 3 cts.

EUPHORBIA HELE. OPHYLLA—"Annual Poinsettia" or Mexican Fire Plant. Grows two to three feet high, with smooth, glossy leaves. The leaves are at first entirely green, but about mid-summer, at the end of each branch appear greenish white flowers, enveloped in beautiful orange scarlet bracts, and the surrounding leaves are either blotched with vivid carmine or are carmine with green tips. pkt. 5 cts.

FORGET-ME-NOT—See *Myosotis*.

FOUR O'CLOCK—See *Marvel* of Peru.

FREESIA GIGANTEA GRANDIFLORA—A greatly improved *Freesia* that grows fifteen inches high. The flowers are double the size of the ordinary *Freesia*; the colors are pure white with yellow throat, cream yellow with orange throat, cream shaded lavender and white with lavender. pkt. 10 cts.

GILLIA, MIXED—Free-blooming annuals for beds or rockeries. pkt. 3 cts.

FEVERFEW—The well known double white variety. Splendid for cutting. pkt. 5 cts.

GERANIUM ZONALE, EXTRA FINE MIXED—This seed has been saved from collection of choice named sorts, and sure to produce new and striking sorts. pkt. 10 cts.

GERANIUM APPLE-SCENTED—Leaves are very fragrant. pkt. 15 cts.

GAILLARDIA (BLANKET FLOWER) SALMON RED—(Sun-kissed.) Large, single flowers, salmon red, distinctly edged with bright orange. pkt. 3 cts.

GAILLARDIA, PICTA LORENZIANA—(New Double Gaillardia.) Large, gay-colored, double flowers, produced abundantly from July until frost, and are valuable for cutting. The colors embrace sulphur, golden yellow, orange, amaranth and claret. pkt. 3 cts.

GAILLARDIA FINE MIXED—Including all the above and other varieties. oz. 25 cts., pkt. 3 cts.

GOETIA, FINEST MIXED—Many varieties. pkt. 5 cts

GREVILLEA ROBUSTA—Silk Oak. A beautiful ornamental plant, with fern-like foliage; easily grown from seed. pkt. 5 cts.

HELIANTHUS—(Sunflower.) The *Dahlia*. Produces numerous bright golden-yellow flowers, which are generally perfectly double. pkt. 5 cts.

HELIANTHUS—Mammoth double flowering. pkt. 5 cts.

HELIOTROPE CHOICE MIXED OF MANY VARIETIES—pkt. 5 cts.

HELIOTROPE, DARK BOUQUET—The large flower heads are intensely dark blue in color and most deliciously fragrant; it comes true from the seed. pkt. 10 cts.

HELIOTROPE, THE BLACK KING—It comes true from seed, which can be sown in the open ground with entire success. The color is unusually rich, dark purple, nearly black; undoubtedly the darkest yet developed. pkt. 10 cts.

HELIOTROPE, LADY IN WHITE—This lovely variety is a fitting companion to the *Black King*. The same vigorous, healthy growth, while the superb large clusters of deliciously fragrant flowers are of pure spotless white. pkt. 10 cts.

HELICHRYSUM BRACTEATUM—Eternal Flower. Yellow; prized for Winter bouquets. pkt. 5 cts.

HARDY PINKS—See Perennials.

HOLLYHOCKS—See Perennials.

ICE PLANT—*Mesembryanthemum Crystallinum*. Fine for vases; singular icy foliage. pkt. 5 cts.

LINUM GRANDIFLORUM RUBRUM—Crimson Flax. Valuable for bedding. pkt. 3 cts.

LOBELIA—Elegant and useful, of easy culture, and well adapted to bedding, edging, pots or rockeries. Fine mixed. pkt. 3 cts.

LOBELIA WHITE GEM—This lovely new compact annual *Lobelia* grows only four to five inches high, and is densely covered with pure white flowers. pkt. 5 cts.

LOBELIA, STAR OF ISCHL—A very dwarf, erect growth, only four to six inches high, and forming dense balls of charming dark flowers. pkt. 5 cts.

MARVEL OF PERU—*Mirabilis*, or *Four O'Clock*. Is one of the most brilliant and showy of annuals. Planted in beds or masses they present a gorgeous sight during the afternoon. Mixed. All colors. oz. 15 cts., pkt. 3 cts.

MALOPE GRANDIFLORA—The plants grow 18 to 20 inches high, and bear beautiful, large, single flowers. Mixed. Crimson, rose and white. pkt. 3 cts.

MARIGOLD AFRICAN—The African varieties are stronger in habit and produce larger flowers than the French. Double mixed. All varieties. pkt. 3 cts.

MARIGOLD ELDORADO, OR DAHLIA-FLOWERING—The flowers are globular, as perfectly double as a show *Dahlia*, and of enormous size, measuring three and half to four inches across. Shades of the lightest primrose, lemon, rich golden-yellow and deep, glowing orange. pkt. 3 cts.

MARIGOLD FRENCH COMPACT GOLD STRIPED—Plant is thickly studded with handsome flowers, generally striped regularly with brown on yellow ground. pkt. 3 cts.

MIGNONETTE, LARGE FLOWERING—The common Sweet Mignonette. pkt. 3 cts.

MIGNONETTE, NEW GIANT FLOWERED RED—Of beautiful pyramidal form, compact and vigorous grower, 12 to 15 inches high and a very abundant bloomer. Flower spikes of the largest size; the single flowers of a striking red color. pkt. 5 cts.

MIGNONETTE, MACHET—A dwarf French variety with broad spikes of very fragrant red flowers. pkt. 3 cts.

MIGNONETTE, GOLDEN QUEEN—Golden yellow flowers, dense dwarf growth. pkt. 3 cts.

MIGNONETTE, GIANT WHITE SPIRAL—Quite showy in growth, with very long spikes of bloom. pkt. 5 cts.

MIGNONETTE, MIXED—All varieties mixed. pkt. 3 cts.

MYOSOTIS—(Forget-Me-Not.) These charming little favorites succeed best in damp sandy situations, but will thrive well in almost any soil. Blue flowers. pkt. 5 cts.

MYOSOTIS, VICTORIA—Very large, blue flowers; fine for pot culture. pkt. 10 cts.

MIMULUS MOSCHATUS—(Musk or Monkey Flower.) Singularly shaped and brilliant colored flowers, blotched and spotted in every conceivable manner. pkt. 5 cts.

MIMULUS CARDINALIS—Flowers of a brilliant scarlet hue. Hardy. pkt. 5 cts.

NIGELIA—(Love in the Mist.) The plant has finely cut foliage; curious looking flowers and seed-pods; of easy culture. All varieties and colors. pkt. 3 cts.

NOLANA, MIXED—Very pretty trailing plants for rock-work, hanging-baskets, floral borders, etc. Flowers resemble the Dwarf *Convolvulus*. pkt. 8 cts.

TOM THUMB NASTURTIUMS—The Improved Dwarf or Tom Thumb *Nasturtiums* are unrivaled in beauty and effect. When planted in poor soil, they flower most profusely, and remain in bloom a long time. Varieties mixed. pkt. 3 cts., oz. 15 cts., $\frac{1}{4}$ pd. 40 cts.

NASTURTIUM, GOLDEN KING—Deep, golden-yellow flowers, thrown well above the dark foliage. pkt. 3 cts.

NASTURTIUM, RUBY KING—Pink, shaded with carmine, beautiful dark foliage. pkt. 3 cts.

NASTURTIUMS, KING OF THE TOM THUMBS—Bluish-green foliage. Showy, intense scarlet flowers. pkt. 3 cts.

NASTURTIUM, KING THEODORE—Bluish green foliage and almost black flowers. pkt. 3 cts.

NASTURTIUM, LADY BIRD—Rich golden yellow. Each petal barred with bright ruby crimson. pkt. 3 cts.

NASTURTIUM, EMPRESS OF INDIA—Brilliant crimson scarlet flowers. Very rich. pkt. 3 cts.

NASTURTIUM, SPOTTED KING—With beautifully spotted flowers. pkt. 3 cts.

NASTURTIUM—Tall varieties. See *Tropaeolum Lobbianum* in Climbers.

CENOTHERA (Evening Primrose) *Acaulis Alba*—Saucer-shaped, silvery-white flowers of enormous size; striking and fragrant. pkt. 3 cts.

PETUNIA HYBRIDA, FINEST MIXED—A good mixture, embracing all colors, including striped and blotched varieties; very profuse flowering and excellent for bedding or massing. pkt. 3 cts.

PETUNIA, BLOTCHED AND STRIPED—A magnificent strain, producing a great profusion of crimson and white flowers, beautifully blotched, striped and marked. Flowers very large and plants completely covered with bloom the whole season. pkt. 5 cts.

PETUNIA, HYBRIDA, GRANDIFLORA—A very charming race of unusual beauty. The flowers are of very large size and deep fringed; they are of various rich, deep colors, beautifully blotched, marbled, fringed and variegated. pkt. 10 cts.

BEST DOUBLE PETUNIA—In raising plants from this seed great care should be taken to preserve the smallest and weakest plants, as these are the ones that bear the finest double flowers. pkt. 25 cts.

PORTULACCA, SINGLE—Brilliant and beautiful colors. They delight in sunny situations, where they rapidly carpet the ground. Finest mixed. pkt. 3 cts.

PORTULACCA, DOUBLE ROSE FLOWERING, MIXED—Unsurpassed for brilliancy and beauty. One-half of the plants will produce magnificent double flowers; these can be transplanted eight inches apart as soon as they can bloom, thus making the entire bed of double flowers. pkt. 5 cts.

POPPY, THE MIKADO—Of pure white and brilliant crimson scarlet; large double flowers of quaint, artistic beauty, with petals deeply cut, fringed and twisted like a Japanese *Chrysanthemum*. pkt. 5 cts.

POPPY, SNOWDRIFT—A grand variety. Large, pure white flowers, perfectly round and double. pkt. 5 cts.

POPPY, IMPROVED DOUBLE CARNATION MIXED—For dazzling richness and variety of colors the flowers are unequalled. pkt. 5 cts.

POPPY, SHIRLEY—(New.) Of marvelous beauty. Shades of delicate rose, pink, carmine and brilliant crimson colors. Many of the flowers are edged with white, and the petals have a glossy, silk-like texture. pkt. 5 cts.

POPPY, TULIP—A new and distinct *Poppy*, of brilliant red color, and very free blooming. pkt. 5 cts.

POPPY, PÆONY FLOWERED—Double. The flowers are equal to Pæonies in size and brilliancy, and variety of color. pkt. 5 cts.

POPPY, IMPROVED DOUBLE MIXED—For dazzling richness and great variety of colors are unequalled. pkt. 5 cts.

POPPY, FAIRY BLUSH—Immense globular flowers, perfectly double, and measure from ten to thirteen inches in circumference; the petals are elegantly fringed and pure white, except at the tips, where they are distinctly colored with rosy cream. pkt. 5 cts.

GOLDEN GATE POPPIES—Every conceivable combination of colors, striped, blotched, edged and bordered, on both single, semi-double, and doubled flowers, wondrously varied and beautiful. pkt. 5 cts.

The following two varieties are Hardy Perennials:

ORIENTALE—Immense flowers of brilliant scarlet, with a purple center. pkt. 5 cts.

NUDICAULE—Iceland Poppy. Dwarfier than the preceding. Flowers varying from white to the deepest and most orange yellow. Very free blooming and admirable for pots. Mixed colors. pkt. 5 cts.

RICINUS—Castor-Oil Bean. Noble plants for Summer subtropical decoration. Height, five to fifteen feet, with imposing foliage and flowers. Mixed varieties. pkt. 3 cts.

SALVIA SPLENDENS—(Large-Flowering Scarlet Sage.) This "flame-colored beauty" is the most gorgeous of all plants. For months the blaze of flaming scarlet is intensely brilliant, with great spikes of bloom completely concealing the foliage. pkt. 8 cts.

SALVIA COCCINEA GRANDIFLORA ROSEA—Very beautiful flowers of an orange-rose color; height three feet. pkt. 8 cts.

SWEET SULTAN—See Centaurea, page 69.

SMILAX—Grown principally for its elegant green foliage, so indispensable for floral work. Requires a nice sunny window and freedom from dust. It grows very quickly from seed. pkt. 5 cts.

SCABIOSA, TALL GERMAN—(Mourning Bride.) The perfectly double flowers are useful for cutting; gracefully borne upon long, slender stems, well above the foliage. pkt. 3 cts.

SCABIOSA, SNOW BALL—Elegant double white flowers, very chaste and charming for bouquets. pkt. 5 cts.

SCABIOSA, NEW DOUBLE BLACK—A superb new variety. With elegant black-purple flowers—so deep in color as to appear nearly black. pkt. 5 cts.

SCABIOSA, NEW LARGE-FLOWERED DOUBLE—(New.) Compact and upright; long, stiff stems; large round flowers, perfectly double, borne in profusion until checked by frost. Color, white to rich pink, crimson to deep red, lilac to porcelain; some almost black. Valuable for cutting. pkt. 5 cts.

STEVIA SERRATA—Produces a mass of tiny, star-shaped pure white flowers. Most excellent for bouquets. The plants grow about 18 inches high, stems branching freely and almost completely covered with the corymbs of flowers; very pretty in beds; unequalled for cutting. pkt. 5c.

STOCK, GIANT PERFECTION—A splendid race, growing two and a half feet high, with large spikes of perfectly double flowers of great substance. Mixed. pkt. 3 cts.

STOCK, TEN WEEKS—Desirable pot plants, as well as in the open garden. They are greatly prized for cut flowers on account of their fragrance and diversity of color. To have a continuous succession of bloom; sow at intervals from the beginning of March to the end of May. Fine mixed. pkt. 3 cts.

NEW LARGEST FLOWERING GLOBE PYRAMIDAL STOCK—A magnificent race, with immense spikes of perfectly double flowers, the individual blooms frequently measuring from two to two and one-half inches in diameter. In great variety of color. pkt. 8 cts.

STOCK, NEW RED VICTORIA—Each plant forms in itself a naturally grown bouquet of a beautiful pyramidal shape, the natural branches being symmetrically arranged around the main stem, which is slightly raised in the center; brilliant, double, dark blood-red flowers. pkt. 8 cts.

STOCK NEW WHITE PERPETUAL—Princess Alice; or, "Cut and Come Again." Of strong growth and fine branching habit, it grows to the height of one and a half feet, and if sown early will produce uninterruptedly a great abundance of bloom from June until November. The individual flowers are uncommonly large, of the purest possible white. The oftener they are cut the better they seem to like it. pkt. 10 cts.

SENSITIVE PLANT, MIMOSA PUDICA—Very chaste and elegant in foliage, the leaves being delicately pinnated. It affords much amusement by its sensitive character—even when slightly touched the leaves instantly close and droop; easily grown. pkt. 3 cts.

VERBENA FINE MIXED—The seed, although so cheap, is really good, and embraces all colors. pkt. 3 cts.

VERBENA HYBRIDA FINE MIXED—From a superb collection of named varieties. Very large in flower and corymbs, and of the richest and most brilliant colors; is one of the finest strains in cultivation. pkt. 5 cts.

VERBENA SCARLET DEFIANCE—True, brightest scarlet, intensely rich. pkt. 5 cts.

VERBENA PURE WHITE—Sea Foam, or Candidissima.—A fine strain of large flowers. pkt. 5 cts.

VERBENA, BLUE WITH WHITE EYE—Large blue flowers, each with large white eye, very showy. pkt. 5 cts.

VERBENA ITALIAN STRIPED—Very showy striped flowers of many bright colors. pkt. 5 cts.

VINCA—Madagascar Periwinkle. Splendid house and bedding plants, growing 18 inches high, with glossy green leaves and beautiful circular flowers. From seed grown early in the garden they will flower beautifully during the Summer and Autumn, and may be potted for the house before frost. Mixed colors. pkt. 5 cts.

WHITLAVIA—Charming hardy annuals, with beautiful bell-shaped flowers. Violet, blue and pure white, with delicate blue lip. Mixed colors. pkt. 3 cts.

ZINNIA GIANT MAMMOTH—Of unusually robust habit of growth and immense size, the perfectly formed, very double flowers are of various striking colors. The plants are three to three and a quarter feet high and bloom during a long period. pkt. 5 cts.

ZINNIA DWARF SNOWBALL—Handsome, bushy plants, large, Dahlia-like flowers, perfectly double and of the purest snow white. pkt. 5 cts.

ZINNIA STRIPED ZEBRA—Double flowers, distinctly striped. pkt. 5 cts.

ZINNIA DWARF FIREBALL—Exactly like the Snowball except that the very double flowers are of a dazzling, fiery-scarlet. pkt. 5 cts.

ZINNIA POMPON—The florets are piled in a symmetrical cone. The colors range from pure white, through creams and buffs, to a clear chrome yellow, with a series of tints ranging from the softest pinks to the deepest crimson. pkt. 5 cts.

ZINNIA SUPERB DOUBLE, MIXED—Perfectly double flowers, large size, brilliant colors. pkt. 5 cts.

ZINNIA CURLED AND CRESTED—New, odd and superb. Petals twisted, curled and crested into fantastic contortions and graceful forms. Mixed varieties. pkt. 5 cts.

SEEDS OF ANNUAL CLIMBERS.

ADLUMIA CHIRRHOSA—Mountain Fringe or Allegheny Vine. An attractive and beautiful plant, flowering the first season. Of graceful habit. Pale green, delicate foliage, with clusters of small, rosy-lilac flowers. Fifteen feet. pkt. 5 cts.

AMPELOPSIS VEITCHI—Boston or Japan Ivy. One of the most valuable of our hardy climbing plants, clinging with great tenacity to wood as well as brick or stone. Beautiful foliage; grows rapidly from seed. pkt. 5 cts.

ARISTOLOCHIA ELEGANS—An elegant Summer climber of rapid and dense growth. It bears even on small plants, handsome flowers of a rich purple color, ornamented throughout with irregular markings of creamy white; center of flower deep yellow. pkt. 10 cts.

ARISTOLOCHIA SIPHO—Dutchman's Pipe. Fine hardy climber with curiously shaped flowers resembling a pipe. pkt. 5 cts.

BALLOON-VINE—Cardiospermum. Of rapid growth, with pretty foliage and inflated capsules. pkt. 5 cts.

BRAZILIAN MORNING GLORY—The most magnificent Summer climber in our collection: makes a growth of thirty to forty feet in the course of the Summer. The flowers, which open in the morning, are three inches or more across, of a beautiful rose color, and are borne in large clusters very freely from July to frost. pkt. 5 cts.

CANARY BIRD FLOWER—This is one of the most beautiful of climbers, with handsomely fringed, rich yellow and delicate flowers. pkt. 3 cts.

COBÆA SCANDANS—Of rapid growth and large size, with fine foliage. This is one of the most graceful climbers. Large, bell-shaped flowers of a beautiful violet hue. pkt. 5 cts.

CYPRESS VINE—One of the most elegant vines, with delicate, fern-like foliage and beautiful, star-shaped flowers. Mixed colors. pkt. 3 cts.

CYPRESS VINE, SCARLET—Intense rich scarlet. pkt. 3c.

CYPRESS VINE, WHITE—Purest paper-white. pkt. 3c.

CENTROSEMA GRANDIFLORA—The Butterfly Pea. A hardy perennial vine, of great beauty, which blooms early in June, from seed sown in April, and bears in the greatest profusion inverted pea-shaped flowers; very fragrant. pkt. 10 cts.

CONVOLVULUS STRIPED—Morning Glory. Large, handsome flowers of great beauty; they are variously striped and blotched with red, blue and rose, on a white ground. pkt. 3 cts.

CONVOLVULUS FINE MIXED—Embracing a great variety of colors. pkt. 3 cts., oz. 10 cts.

CLEMATIS PANICULATA—One of the finest hardy perennials in cultivation, twelve feet, and covered from the ground to the summit with pure white, deliciously fragrant flowers. pkt. 10 cts.

CLEMATIS HYBRIDA MIXED—Rapid growing climbers, fine for arbors and verandas, the small varieties in clusters, and are very fragrant; fifteen feet. pkt. 10 cts.

CLEMATIS FLAMULA—Virgin's Bower. Beautiful clusters of small, white, fragrant flowers. pkt. 5 cts.

GOURDS, ORNAMENTAL—Summer climbers of exceedingly rapid growth and luxuriant foliage; fruits, when allowed to fully ripen on the vines, can be kept for months as curiosities. Fine mixture. pkt. 3 cts.

DIPPER GOURD—Valuable for dippers of various sizes which will last for years. pkt. 3 cts.

DISHCLOTH GOURD—The tough, spongy lining makes an admirable lasting dishcloth. pkt. 3 cts.

SUGAR TROUGH GOURD—Very useful for various purposes: grow to hold 4 to 10 gallons; thin, hard shells. pkt. 3c

BOTTLE GOURD—Curious bottle-shaped. pkt. 3 cts.

HUMULUS JAPONICUS VARIEGATA—Japanese Hop. Foliage very dense and of a lively green, variegated with yellow. The most valuable feature is that it attains enormous dimensions very quickly. pkt. 5 cts.

IPOMÆA, BONA NOX, GOOD NIGHT OR EVENING GLORY—Most beautiful, large, violet flowers. pkt. 3 cts.

IPOMÆA COCCINEA, STAR IPOMÆA—Of wonderful rapid growth; dense foliage, covered with hundreds of the brightest scarlet flowers; very showy. pkt. 3 cts.

IPOMÆA HEDERACEA GRANDIFLORA SUPERBA—Rich sky-blue flowers, white margin; large and very handsome. pkt. 3 cts.

IPOMÆA HERDERACEA GRANDIFLORA SUPERBA ALBA—Large, fragrant, pure white flowers. pkt. 3 cts.

IPOMÆA GRANDIFLORA, STRIPE-LEAVED MIXED—Leaves green, marbled with silvery white; flowers fragrant and mostly of an intense ultramarine blue, edged with sky-blue, and with a pink throat. pkt. 3 cts.

IPOMÆA "HEAVENLY BLUE"—The vines are completely covered by its sky-blue flowers, measuring four inches across; a lovely climber. pkt. 10 cts.

MORMORDICA BALSAMINA—(Balsam Apple.) A very beautiful, climbing plant, with handsome apple-shaped fruits which have great medicinal properties. pkt. 5 cts.

THE MOON FLOWER—Makes an immense growth of vine and dense foliage, but must be started early to flower in the North. One of the handsomest vines in cultivation. pkt. 5 cts.

THUNBERGIA, FINE MIXED—Elegant, slender growing climbers, rapidly covering wire trellises, hanging baskets, etc., in the house. pkt. 5 cts.

TROPÆOLUM (LOBBIANUM) GOLD GARNET—Superb flowers of shining yellow, richly marbled with garnet; very distinct. pkt. 5 cts.

TROPÆOLUM (LOBBIANUM) LUCIFER—The richest velvety deep crimson imaginable. pkt. 5 cts.

TROPÆOLUM (LOBBIANUM) SPITFIRE—New, entirely true from seed; the brightest and most glowing in tone of all. pkt. 5 cts.

TROPÆOLUM (LOBBIANUM) FINEST MIXED—From dark velvety to the brightest gay colors in mixture. pkt. 3 cts.; oz. 25 cts.

TROPÆOLUM MAJUS—Mixed colors. pkt. 3 cts.; oz. 15 cts.; ¼ pd. 40 cts.

SEEDS OF PERENNIAL FLOWERS

ALYSSUM SAXATILE (GOLD DUST)—Small, golden yellow flowers. pkt. 3 cts.

AQUILEGIA COLUMBINE SINGLE MIXED—A great variety of color. pkt. 3 cts.

AQUILEGIA (COLUMBINE) FINE DOUBLE MIXED—A very choice assortment of the best. pkt. 3 cts.

AQUILEGIA CHRYSANTHA—Beautiful, long, golden-yellow spurred flowers. pkt. 5 cts.

ADONIS—Ornamental garden plants of easy culture, flowering freely; graceful, feathery foliage. pkt. 3 cts.

ACONITUM—(Monkshood.)—Free growing plants for borders or windows. Mixed colors. pkt. 3 cts.

ANEMONE CORONARIA MIXED—Large, saucer-shaped flowers of many colors. Showy, hardy plants, pkt. 3 cts.

ANCHUSA ITALICA—Intense blue flowers in large panicles. pkt. 3 cts.

ARABIS ALPINA—One of the earliest of all Spring flowers; spreading tufts with pure white flowers. pkt. 5 cts.

CAMPANULA (CANTERBURY BELLS) FINE SINGLE MIXED—A choice assortment of colors. pkt. 3 cts.

CAMPANULA CHOICE DOUBLE MIXED—All double varieties, mixed. pkt. 3 cts.

CARNATION—Not being difficult of cultivation, the plant should be found in every garden, where its scarlet, crimson, rose and pink make a wonderful show of tints. Fine mixed. pkt. 10 cts.

CARNATION MARGUERITE—See page 61.

COREOPSIS LANCEOLATA—Large golden yellow flowers; profuse bloomer; keeps in flower throughout the Summer; one of the best hardy plants. pkt. 3 cts.

DIGITALIS (FOX GLOVE) FINE MIXED—Long racemes of beautifully spotted flowers. pkt. 3 cts.

DIANTHUS PLUMARIUS, SINGLE MIXED—(Hardy Feathered Pheasant's-Eye Pink.) Large, single, fragrant flowers of beautiful colors and fringed. pkt. 3 cts.

DIANTHUS PLUMARIUS (HARDY PINKS) DOUBLE MIXED—Double fringed flowers, fragrant, and of white, crimson, or purple shades, spotted and variegated. pkt. 10 cts.

DELPHINIUM (LARKSPUR) FORMOSUM—Flowers very deep blue, in tall, much crowded spikes. pkt. 3 cts.

DELPHINIUM (LARKSPUR) HYBRIDUM—(Bee Larkspur.) The grandest of the perennial species. Tall spikes, three to four feet, of light or dark blue flowers, each with a black, bee-like spot in the center. pkt. 3 cts.

DELPHINIUM (LARKSPUR) CHINESE—(Dwarf Chinese Larkspur.) These grow to a height of 1½ feet and are very free-blooming. Mixed colors. pkt. 3 cts.

GOLDEN ROD—America's National Flower. The favorite yellow wild beauty. pkt. 3 cts.

Gypsophila elegans—White perennial for bouquets, grows in any soil. pkt. 3 cts.

Gypsophila paniculata—A graceful, hardy plant, free for cutting for bouquets. Flowers in feathery-white panicles. pkt. 3 cts.

HOLLYHOCK, CHÂRTIER'S SUPERB DOUBLE MIXED—Of all the brightest and best colors. The perfect doubleness of the magnificent large flowers will please the most critical. pkt. 5 cts.

HOLLYHOCK—Double White, Double Yellow, Double Pink, Red and Rose. Separate colors. pkt. 5 cts.

IRIS KÄMPFERI—(Japan Iris.) A perfectly hardy bulbous plant, with large, showy flowers, pure white and of many shades of blue and purple. pkt. 8 cts.

HIBISCUS CALIFORNICUS—Strong-growing plants of very easy culture and exceedingly showy, the large cup-shaped flowers frequently measuring six inches across. White flowers, with deep carmine center. pkt. 8 cts.

LATHYRUS—(Perennial Peas.) They are in full bloom early in the Spring before the others have begun to flower, bearing magnificent clusters of flowers. Perfectly hardy; easily grown; mixed. pkt. 3 cts.

LAVENDER—An ornamental hardy perennial, bearing long spikes of fragrant blue flowers. pkt. 3 cts.

PEONY, DOUBLE MIXED—Grand, hardy plants, well-known ornaments of our gardens, with large, double flowers of various shades. pkt. 10 cts.

PICOTEE—Pink, hardy fancy double; mixed superb flowers of various shades. pkt. 5 cts.

PENSTEMON, MIXED—All varieties. Flowers resemble Gloxinias in shape. Mottled in crimson, pink, blue and white. pkt. 3 cts.

PHLOX, HARDY—Magnificent hardy flowering plants growing in strong bushes from two to four feet high, bearing immense heads of large waxy flowers of lovely shades of color. pkt. 10 cts.

PYRETHRUM, HARDY FLOWERING VARIETIES—Valuable for permanent beds, bearing large, bright-colored flowers of rose, flesh pink, white, crimson, etc., which remain in bloom a long time. pkt. 5 cts.

PLATYCODON GRANDIFLORUM—It grows upright producing very handsome, bright deep blue and white flowers of extra large size. It flowers freely the first year from seed, and is perfectly hardy; one of the finest border plants known. pkt. 5 cts.

SWEET WILLIAM, PERFECTION, SINGLE MIXED—A splendid strain: flowers of many bright colors, large size and varied markings, including the finest auricula-eyed varieties. pkt. 3 cts.

SWEET WILLIAM, DOUBLE MIXED—Fine double flowers. pkt. 3 cts.

VIOLA ODORATA, SWEET VIOLET—The popular Sweet Violet flowers, being early in Spring, deliciously fragrant. They lie in the ground a long time before germinating. Several colors mixed. pkt. 3 cts.

ROCKET SWEET—Mixed colors, fragrant purple and white flowers. pkt. 3 cts.

WALLFLOWER, FINE GERMAN MIXED—Spikes of deliciously fragrant double flowers, combining many shades of color, chocolate and orange purple predominating. pkt. 5 cts.; single mixed. 3 cts.

WISTARIA, CHINESE, MIXED COLORS—Of luxuriant growth, bearing in the Spring immense panicles of purple or white flowers, produced very profusely. pkt. 10 cts.

SEEDS FOR GREENHOUSE OR HOUSE.

ACACIA MIXED—Decorative greenhouse shrubs with elegant foliage; flowers yellow, white or red. pkt. 5 cts.

ANTIGONON LEPTOPUS—Rosy carmine flowers, in long spikes; magnificent climber for warm greenhouses, doing well outside in Summer. pkt. 5 cts.

ASPARAGUS TENUISSIMUS—An indoor climbing plant of exquisite beauty, with graceful, feathery, lace-like foliage; fine for cutting. pkt. 10 cts.

ASPARAGUS PLUMOSUS NANAS—A greenhouse perennial climber, with exquisitely graceful and feathery lace-like foliage; extensively grown by florists for decorating purposes. Per packet of 5 seeds, 10 cts.

COLEUS, SUNSET STRAIN OR LARGE LEAVED—Embracing varieties of extraordinary merit, all with richly colored leaves of large size. The foliage is beautifully lacinated, of intensely brilliant colors, variegated in every conceivable manner, and nearly every plant is entirely different from the other. Very easily raised from seed, and one packet will produce an almost endless variety. pkt. 10 cts.

CACTUS, MIXED VARIETIES—Beautiful plants for pot culture in the window or greenhouse. pkt. 5 cts.

DRACÆNA INDIVISA—A foliage plant, used extensively for the centers of vases, and for pot culture, thin, arching leaves; two to three feet. pkt. 8 cts.

ERYTHRINA—(Coral Plant.) Forms a shrub about five feet high, with large spikes of deep scarlet, pea-shaped blossoms. pkt. 5 cts.

EUPATORIUM FRASERI—Very pretty plants with snow white flowers. Fine for bouquets. pkt. 5 cts.

HYACINTHUS CANDICANS—Giant Summer Flowering Hyacinth, of robust growth, producing spikes three feet long, of white, bell-shaped flowers, five feet, bulbs keeping dry over Winter like a *Gladiolus*. pkt. 5 cts.

LINARIA CYMBALARIA (Kenilworth Ivy.) A hardy and perennial trailing variety, suitable for baskets, vases, pots and rockwork. pkt. 5 cts.

LANTANA, FINEST MIXED—Well-known, shrubby plants, with clusters of Verbena-like flowers, making a grand display the first season. pkt. 8 cts.

MUSA ENSETTE—(The Abyssinian Banana Tree.) Strikingly effective as single specimens upon the lawn, as well as in clumps or masses. The rapidity of its growth is astonishing; if the seed is sown early in hot-beds and re-potted several times the plants will attain the height of eight feet the first summer. The leaves are magnificently long, broad and massive, of a beautiful, bright green. 10 cts. per pkt. for three seeds.

PASSIFLORA, PASSION FLOWER—Handsome, rapid-growing perennial climber, for greenhouse decoration or sunny positions in the open ground in Summer. Several sorts mixed. pkt. 10 cts.

PRIMULA ALBA MAGNIFICA—Flowers borne in large trusses well above the foliage, are pure white, with large bright yellow eyes. pkt. 10 cts.

PRIMULA CÆRULEA—New Blue. One of the rarest and prettiest colors. pkt. 15 cts.

PRIMULA, COCCINEA—A very brilliant bright red. pkt. 15 cts.

PRIMULA FINEST FRINGED—Large-flowering. A grand mixture, embracing the finest fringed, large-flowering varieties. pkt. 10 cts.

PRIMULA OBCONICA—A lovely and profuse everblooming Primrose, bearing beautiful single flowers, white shaded with a slight tinge of lilac. pkt. 10 cts.

SWAINSONIA ALBA—Very popular plant for house culture or open ground during the Summer. Beautiful and graceful foliage. Flowers pure white produced in sprays of twelve to twenty flowers each, resembling Sweet Peas. Of easy culture and everblooming. pkt. 10 cts.

TORENIA, FOURNIERII—Lovely, velvety-blue flowers, with three large spots of the darkest blue and a bright yellow throat; covered with bloom until frost. pkt. 5 cts.

TORENIA, WHITE WINGS—Dainty and distinct flowers ivory white, delicately tinted rose at throat. pkt. 5 cts.

EVERLASTINGS.

MIXED EVERLASTING—A single packet will give in abundance a great variety of the most attractive Everlasting Flowers. pkt. 5 cts.

ORNAMENTAL GRASSES—3c. per Pkt.

GYNERIUM ARGENTIUM—Pampas Grass. Flowers the second season; requires protection.

MIXED ANNUAL VARIETIES OF ORNAMENTAL GRASSES—All should at least have a packet of this mixture. It contains seed of all the annual varieties in fine mixture.

WILD-FLOWER GARDEN SEEDS.

WILD-FLOWER GARDEN MIXTURE—These mixed flower seeds embrace more than a hundred varieties of such easy-growing and pretty flowers as are suitable for forming a wild-flower garden. They are very useful for woodland walks, roadsides, railroad embankments, and for sowing along side of fences, and on any untidy bare spots of ground which are so frequently unsightly, and which if properly cared for and kept free from weeds, can be made to produce a continual display of bloom during the entire Summer. Large sized packet, 10 cts.

New Introductions in Vegetables of Tested Merit.

"QUALITY HIGHEST" || FRESH STOCK. || "PRICES LOWEST"

OUR WARRANTY—That our seeds are the best in the market, and we stand ready to replace any seeds that do not prove satisfactory, through defect in the seed or in quality and purity. However we do not warrant the crop. Culture printed on all packets.

IMPORTANT NOTICE—Seeds in bulk ozs., pds., pts., or qts. are always net and not subject to any discount, if ordered by express at purchaser's expense, deduct at the rate of 8 cts. per pd. and 8 cts. per pt. The prices quoted on pk., half-bu. or bu. are always at the purchaser's expense.

POSTAGE PAID BY US—Please bear in mind that our prices include prepayment of postage on all Packets, Ounces, Fractional Pounds or Pounds, Pints or Quarts. Thus you only have to send us the catalogue price and we guarantee safe arrival of the Seeds.

OUR LIBERAL DISCOUNT

On all orders for seeds in **PACKETS ONLY**, either Vegetable or Flower; the purchaser may select 50 cents worth on every dollar sent us. Thus anyone sending us \$1.00 may select seeds in packet only to the value of \$1.50. For \$2.00 you may select \$3.00 worth and upwards. This offer, together with our already low-priced packages of seeds, is the biggest reduction ever offered to seed buyers, and in these hard times everybody should have a garden spot of their own, be it large or small. Home grown vegetables are always the better tasted and more wholesome. In addition to the above premiums we endeavor to add to all orders some "Extras" of our own selection—often of rare, new varieties. Nothing for which money is expended makes so large a return as seeds, if they be good. Nothing causes greater vexation than worthless Seeds. If you wish to avoid disappointment, do not rely on seeds peddled over the country and sold on commission—the chances are against their vegetating. The thoughtful cultivator will provide himself with a surplus quantity of the seeds he designs to plant, to hold a reserve for replanting, as dry weather, beating rains and insect depredation often destroy the first sowings.

NEW BEANS.

BURPEE'S STRINGLESS GREEN POD is most happily named, as it is quite unique—the only stringless green-pod Bush Bean in cultivation. Consequently it surpasses all others in crisp, tender flavor. Beautiful, straight, green pods; all are absolutely stringless and of beautiful, fleshy appearance. The pods are ready to market two weeks earlier than the best stock of Improved Extra Early Red Valentines. In fact, even earlier than the Early Yellow Six Weeks, which, as all know, is valuable only for its extra earliness, being of inferior quality. Burpee's Stringless Green Pod is of immense value, not only to the market gardener who wants to make more money, but also to the amateur, who seeks finest quality for the home table. Per pkt. 10 cts., 3 pkts. for 25 cts.; per pt. 30 cts., per qt. 50 cts., by mail, postpaid.

KEENEY'S RUSTLESS GOLDEN WAX—This new Bean combines hardiness and productiveness with fine quality;

is a vigorous bush variety with entire freedom from rust. The pods, although flat when young, are meaty and well-filled; of rich yellow color, fine quality, and entirely stringless, even when large enough to shell. If the pods are picked as fast as developed, the plant continues to furnish a bountiful supply for a long season. Per pkt. 10 cts., pt. 25 cts., qt. 45 cts., postpaid.

BURPEE'S SUNSHINE WAX—Burpee's Sunshine is a good, strong grower, but does not make such a rank growth of foliage as The Golden Cluster, while out-yielding it in crop. The bright, light-yellow pods are borne in clusters of three and four at every joint of the vines. The pods, six to eight inches long, are perfectly straight and, although flat when young, are meaty, of finest quality, and entirely stringless. The dry beans are rich brown in color and of good quality for Winter use. Per pkt. 10 cts., pt. 25 cts., qt. 45 cts., postpaid.

NEW SUPERIOR SOLID CABBAGE EMPEROR.

ing and especially fine flavored. Without hesitation we claim the Solid Emperor to be the best general Cabbage ever grown. Produces large, round, solid heads, remarkably uniform in size, ordinarily averaging ten to fifteen pounds, when well grown it has been known to reach 18 to 20 pounds to a single head. Grandest Winter keeper and always a sure header when all other varieties have signally failed. pkt. 10 cts., oz. 25 cts., $\frac{1}{2}$ pd. \$1.25, pd. \$2.25.

True Dark Stinson Beet.

Excellent for the open garden, this is particularly valuable for forcing, because it produces less foliage than any other variety. They can be grown close together, four inches apart in the row being quite sufficient. The roots are smooth and regular in form; the skin is dark blood-red. The flesh is fine grained and free from woodiness, even when fully matured. Of a rich color, the beets cook dark blood-red, and remain in fine condition a long time. One of the very best varieties for home and market gardeners' use. Per pkt. 5 cts., per oz. 10 cts., $\frac{1}{4}$ pd. 30 cts., per pd. 75 cts., postpaid.

New Superior Cabbage.

Solid Emperor—Superior to all intermediate and late Cabbages. Enormous solid heads. Creamy white interior. Solid and crisp. Unsurpassed for slicing or cooking.

We claim the Solid Emperor to be the best general Cabbage ever grown. Produces large, round, solid heads, remarkably uniform in size, ordinarily averaging ten to fifteen pounds, when well grown it has been known to reach 18 to 20 pounds to a single head. Grandest Winter keeper and always a sure header when all other varieties have signally failed. pkt. 10 cts., oz. 25 cts., $\frac{1}{2}$ pd. \$1.25, pd. \$2.25.

TRUE DARK STINSON BEET.

SWEET CORN—EARLY FORDHOOK.

Early Fordhook is the largest-eared extra early Corn, averaging in length seven inches. The grains and cob are pure white. The ears are eight-rowed, with small cobs and deep grains. Competent judges pronounce it equal to Crosby in flavor, while it is five to six days earlier. It remains fit for table use longer than any other early Corn known. The stalks grow about five feet high and average two ears each. In some instances it has ripened one to two days earlier than Cory, and in other cases one to two days later, so that it may be said to equal Cory in earliness, while surpassing any other extra early Sweet Corn in size, quality, sweetness, and entire freedom from smut. Per pkt. 10 cts., pt. 25 cts., qt. 40 cts., postpaid, by mail.

NEW MAMMOTH SUGAR CORN—"COLUMBUS MARKET."

Over all the multiplied varieties now offered possesses one great advantage, and that is in its very large size for such an early sort. It comes into the market with the second earlies, but is fully twice as large as the ordinary sorts. An ear, when dry enough to shell, was $9\frac{1}{2}$ inches long and yet not an exceptional one. The tips of the ears are often entirely covered over with kernels. The ears average 16 rows of fine, large, deep, white and very sweet grains, which are second to none in tenderness and fine flavor. Very prolific and persistently evergreen. The stalk is very strong and sturdy, of only medium height; the leaves broad and dark green in color. An excellent succession sort. All customers are surprised at the large size and early maturity. Per pkt. 10 cts., pt. 20 cts., qt. 35 cts.

NEW ROSE-RIBBED PARIS CELERY.

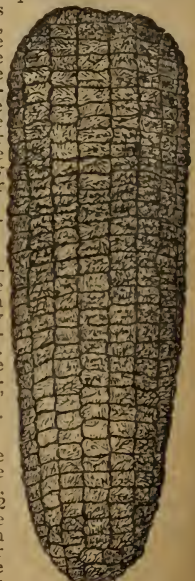

Rose-Ribbed Paris Self-Blanching Celery.

The illustration herewith will give a fair idea of this most beautiful new Celery. Our customers will be anxious to secure this variety when we state that it is a sport of the Golden Self-Blanching Celery, and possesses all the good qualities for which this variety has become so famous. It has the same beautiful, rich golden-yellow color, is self-blanching to the same remarkable degree, and differs only in the color of the ribs. These are of a very attractive shade of rose, which deepens as the season advances. This ornamental feature gives the whole plant a most pleasing appearance that cannot fail to make it of even greater value for market, while no Celery could be of finer quality for table use. Most highly recommended. Per pkt. 10 cts., 3 pkts. for 25 cts., $\frac{1}{2}$ oz. 30 cts., per oz. 50 cts.

CUCUMBER—"The Emerald."

This beautiful new Cucumber is a seedling of the White Spine, and retains all the good points of its parent, with the addition of a very rich, dark-green skin, entirely free from spines. It is strictly an evergreen, retaining its color until fully ripe. The long, straight, handsome fruits are produced early and abundantly. It is almost entirely free from "warts and spines." Most excellent, both for table and market. Per pkt. 10 cts., 3 pkts. for 25 cts.

NEW CUCUMBER, WHITE WONDER—The cucumbers are thickly set throughout the length of the vine; uniform in color, shape, and size; average about 8 inches long by 2 to 2 $\frac{1}{2}$ inches through; thin skin, while the pearly-white flesh is exquisitely fine in quality, quite brittle, and remains solid for for a long time. Color, ivory-white; a sure cropper. pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ pd. 25 cts.; per pd. 75 cts., postpaid.

EARLY FORDHOOK.

WHITE EGG PLANT—"THE PEARL"

EGG PLANT.

The Egg Plant should be grown in every garden, as it is one of the most delicious vegetables known. Sliced and fried in batter, served with raw tomatoes, it can well take the place of meat for supper in the Summer or Fall.

THE "PEARL"—We never supposed that a white egg plant could be developed to fully equal in size and quality the popular New York Improved Large Purple. But here it is. It comes from Georgia, and at Fordhook produced magnificent "eggs," as large and fine as we have ever seen of any variety, with an attractive pure white skin. The plants are remarkably productive, and the fruits are of finest quality, either baked or fried. Per pkt. 10 cts.; oz. 45 cts.

NEW ICEBERG LETTUCE.

Quick Growing. Heads Hard and Handsome. Tender and True.

There is no more handsome or more solid Cabbage Lettuce in cultivation—in fact, it is strikingly beautiful. The large curly leaves which cover the outside of the solid heads are of bright, light green. The unusual solidity of the heads is insured by the large, white main ribs of the leaves, each of which, curving strongly into the center, acts like a truss, making it impossible for the leaves to open outward and expose the center, which is constantly thoroughly blanched. It matters not whether in the early spring or the hottest days of summer, the leaves are always crisp and tender. Per pkt. 10 cts., oz. 40 cts.

BURPEE'S MELROSE MELON.

The Most Handsome and Decidedly the Best of all New Cantaloupes.

Burpee's Melrose Melon is a very hardy, strong, and vigorous grower, the vines remaining green longer than in any other variety. The melons are produced abundantly and very close to the hill—a feature of great value. The color is rich, dark green; the shape is oval, as shown in the illustration. The melons average in weight about four pounds, densely netted, showing but slight tendency to rib; the form is remarkably perfect. The flesh is very thick and solid; clear, light green in color, shading to a rich salmon at the seed cavity. In flavor The Melrose cannot be equalled by any other variety, and carries its fine quality and sweetness to the extreme edge of the skin. It is only about one week later in ripening than the small early Jenny Lind. Per pkt. 10 cts. oz. 15 cts., ¼ pd. 30 cts.; per pd. \$1.00 postpaid.

MELROSE MELON.

Newest and Sweetest of all Watermelons, "Kleckley Sweets."

Last season we distributed thousands of trial packets, which had already become celebrated in Alabama. Oblong, medium dark-green skin, bright-red flesh; proved everywhere to be of very finest flavor—surpassingly sweet—reminding one of the old Mountain Sweet of 50 years ago. Remarkably solid. For superb quality we can hardly recommend too highly the new "Kleckley Sweets." Per pkt. 10 cts., oz. 20 cts.; ¼ pd. 50 cts.

THE AUSTRALIAN BROWN ONION

is of medium size, hard and solid, attractive for market. The illustration was engraved from photograph, but fails to show its beauty; extremely early in ripening; no stiff-necks or scallions; seeds produce large Onions. Planted near Red Wetherfield, is 4

NEW PEA—NOTT'S EXCELSIOR

AUSTRALIAN BROWN ONION.

weeks earlier and ripened off more uniformly. It has the reputation of keeping indefinitely, and we think from its firmness and hardness that it will keep in good condition longer than any other Onion known. The color of the skin is a deep amber-brown. So widely contrasted from any other Onion is this color that it will be noticed on market, and when once bought, purchasers will be most likely to return and call again for "those beautiful Onions." Per pkt. 10 cts., ½ oz. 25 cts., per oz. 40 cts., postpaid.

NOTT'S EXCELSIOR PEA.

The most valuable of all Dwarf Early Wrinkled Peas. Surpassing all in Earliness, Yield and Quality. Unusually Sweet Flavored. We cannot recommend this New Variety too highly.

This is an extra early dwarf wrinkled Pea, usually ready for table in forty to forty-five days from planting, only a few days later than the early round sorts. It grows about fourteen inches high or about half as tall again as the American Wonder. It is of vigorous constitution, and wonderfully productive. Price, 10 cts. per pkt., 20 cts. per ½ pd. 35 cts., per qt.

NEW RADISHES—Cincinnati Market.

This fine strain of the Long Scarlet Short Top Radish has been selected for thirty years. "The tops are so small that the Radishes may stand touching each other in the rows. They grow perfectly straight and smooth, and from six to seven inches in length. Their attractive, glossy, scarlet-colored skin is very thin, and the skin crisp and brittle and of delightfully pungent flavor; it has a clear, waxy, transparent appearance. Without doubt it is the finest Long Red Radish for forcing." Equally as good for the open ground.

Per pkt. 5 cts., oz. 10 cts., $\frac{1}{4}$ pd. 25 cts., per pd. 60 cts., postpaid.

EXTRA EARLY RADISH—Ruby Pearl.

The earliest Radish of its color in cultivation to-day. It makes fine Radishes ready for the table in 17 to 20 days from the time of sowing the seed. It is desirable

not only on account of its rapid growth, but also for its uniform size, smooth round form, and bright red skin in striking contrast to the snowy whiteness of the tip. The flesh is of the purest white, crisp, and pleasantly pungent to the taste. It is valuable for forcing or growing in open ground. Per pkt. 5 cts., oz. 20 cts., $\frac{1}{4}$ pd. 50 cts.

CINCINNATI MARKET.

FORDHOOK FIRST TOMATO.

NEW TOMATO—Fordhook First.

Fordhook First is a perfectly smooth, solid Tomato, of first-class appearance; also extremely early—ready to market nearly as soon as the rough, unshapely fruits of poor quality we have never offered, as we consider their quality and form too poor for either market or home use. One customer writes:

"The fruit of your Fordhook First commanded last season \$2.00 per one-half bushel basket in our market, when the best selected Rubies went begging at \$1.50 per one-half bushel."

Per pkt. 5 cts., $\frac{1}{2}$ oz. 25 cts.; oz. 40 cts.

NEW TOMATO—"Honor Bright."

A peculiar bright red variety, distinct in several points. Its chief peculiarities—solidity, changes of color the fruit undergoes during development, long keeping qualities, and its greenish yellow foliage. The vines are vigorous and bear profusely from early to late, succeeding anywhere. The fruit is borne in clusters of three to five large symmetrical specimens, on hard woody stems and does not crack. Its table qualities are excellent; the flesh, when fully ripe, being tender and melting, more so than one might conclude from the solidity of the uncut fruit. Its color, when fully ripe, is a rich bright red, but before reaching this stage it undergoes several interesting changes: first it is light-green, then an attractive waxy white, then lemon changing to red. One of the handsomest and most showy varieties grown, and well adapted for home use and market. Is especially recommended for shipping, which may be done in barrels, like apples, if picked in the early stage of ripening, and will keep from one to four weeks if stored in a cool place. pkt. 10 cts., three for 25 cts.

Selected List of Choice and Reliable Vegetable Seeds.

THEIR STANDARD OF EXCELLENCE TOO WELL KNOWN TO NEED EXTENDED DESCRIPTION OR ILLUSTRATION.

ASPARAGUS—pkt. 3 cents.

Colossal—The shoots are of the largest size, very productive, and of the best quality. oz. 10 cts., pd. 50 cts.

Palmetto—A new introduction, superior to the Colossal in being more even and regular in its growth, and in condition a week or two earlier, while it is its equal in quality. oz. 10 cts., pd. 75 cts.

BEANS—pkt. 5 cents.**BUSH VARIETIES WITH YELLOW OR WAX PODS.**

Yosemite Mammoth Wax—The largest pods of all the wax sorts, productive and of good quality. pt. 30 cts., pk. \$2.00.

Wardwell's Wax—The pods are handsome, long and flat, stringless and of exquisite flavor. Does not rust. A heavy yielder. pt. 25 cts., pk. \$1.50.

Golden Wax—The pods are large, long, brittle, stringless, of a rich, golden wax color. pt. 25 cts., pk. \$1.75.

Black Wax or Butter—Pods transparent, waxy yellow, and snap like pipe-stems. The finest of all. pt. 25 cts., pk. \$1.25.

Saddle-Back Wax—As early as the Black Wax and nearly twice as large. Productive and most prolific. pt. 25 cts., pk. \$1.75.

BUSH VARIETIES WITH GREEN PODS.

Extra Early Valentine—The earliest variety: the pods being in eatable condition five weeks from planting. pt. 25 cts., pk. \$1.25.

Early Yellow Long Six-Weeks—The pods are often 18 inches long. Early and productive. pt. 25 cts., pk. \$1.25.

Burpee's Bush Lima—The best of all the new Bush Lima Beans. It is a sure cropper, and an immense yielder. Large pods and beans. pt. 30 cts., pk. \$2.

Henderson Bush Lima—Smaller than Burpee's but a little earlier. It is a heavy yielder, and the beans are of unsurpassed flavor. pt. 25 cts., pk. \$1.50.

POLE OR RUNNING.

Challenge Lima—Thick and productive, the best of all. pt. 30 cts., pk. \$2.

King of the Garden Lima—Large in pod and bean. Productive. pt. 30 cts., pk. \$2.

Dutch Caseknife—Pods long, green and flat. Can be either snapped or shelled. pt. 25 cts., pk. \$2.

Southern Prolific—A continuous bearer. Good quality. pt. 25 cts., pk. \$1.50.

Golden Andalusia—Most productive of all the pole varieties. Pure white, round beans. pt. 30 cts., pk. \$1.75.

Golden Wax Flageolet—The pods are seven to eight inches long, of rich golden yellow color. The vines bear the entire season. Productive. pt. 25 cts., pk. \$1.75.

Lazy Wife's Pole Bean—Immensely productive. Broad, thick, fleshy and entirely stringless pods. Unsurpassed. pt. 30 cts., pk. \$2.50.

Southern Creaseback—Long, round, stringless pods. Fleshy and tender. pt. 25 cts., pk. \$1.75.

Beets—pkt. 3 cents.

Extra Early Turnip—Dark red, and of fine flavor. productive. oz. 8 cts., pd. 50 cts.

Early Egyptian—Very early, and of dark red color. oz. 8 cts., pd. 50 cts.

Early Eclipse—Very early, round-rooted and dark red. oz. 8 cts., pd. 50 cts.

Edmand Blood Turnip—Deep blood skin, and very dark flesh, of best quality. oz. 8 cts., pd. 50 cts.

Dewing's Early—One of the handsomest beets grown; fine quality. oz. 8 cts., pd. 50 cts.

Long Smooth Blood Red—A good late variety. oz. 8 cts., pd. 60 cts.

MANGLE WURZELS AND SUGAR BEETS—Pkt. 3 Cts.

Grown for Feeding Stock—Six to Eight Pounds Will Sow One Acre.

Mammoth Long Red—Very large, selected strain. oz. 8 cts., pd. 45 cts.

Golden Tankard—Bright yellow, one of the finest. oz. 8 cts., pd. 50 cts.

Lane's Imperial Sugar—For sugar-making or stock feeding. oz. 8 cts., pd. 50 cts.

Red Top Sugar—Productive, handsome, hardy and well-shaped; twenty tons to the acre, containing about 8 per cent. sugar. oz. 8 cts., pd. 45 cts.

BRUSSELS SPROUTS:

Perfection—Handsome, solid, round sprouts of the best quality. pkt. 5 cts., oz. 15 cts.

BROCCOLI.

Purple Cape Produces heads very nearly like Cauliflower, but more hardy. This variety has large, close heads of brownish-purple color and good flavor. pkt. 5 cts., oz. 25 cts.

CABBAGE—pkt. 5 cents, except where noted.

Extra Early Express—Excels all others in earliness; a week earlier than other Cabbage. oz. 15 cts., pd. \$1.50.

Earliest Etampes—Excepting the Empress this is earlier than any other Cabbage. Has pointed heads. oz. 12 cts., pd. \$1.25.

Early Cannon Ball—Hard, heavy and solid heads. oz. 12 cts., pd. \$1.25.

Early Winningstadt—A standard early sort. oz. 12 cts., pd. \$1.25.

Early Summer—A superior second early sort; large and solid heads of superior quality. oz. 12 cts., pd. \$1.35.

Early Jersey Wakefield—Well known and most valuable for early. oz. 15 cts., pd. \$1.50.

All Seasons—One of the finest for second early or late, growing to a large size quickly and surely. oz. 15 cts., pd. \$1.50.

Burpee's All-Head Early—Most uniform in color, shape and size of any early variety. oz. 20 cts., pd. \$1.75.

Large Late Flat Dutch—A valuable main crop sort for market. oz. 15 cts., pd. \$1.50.

Marblehead Mammoth—Of enormous size, single heads frequently weighing fifty pounds. oz. 20 cts., pd. \$1.50.

Burpee's Surehead—Always sure to head, when other varieties fail. Fine flavor; keeps well. pkt. 5 cts., oz. 20 cts., pd. \$2.

Autumn King—Said to be the finest of all Winter Cabbages. Very large and distinct. pkt. 5 cts., oz. 25 cts., pd. \$2.

Short Stem Drumhead—The heads are large, extra hard, solid, and flattened on the top. Finest quality. oz. 20 cts., pd. \$2.00.

SWEET CORN—pkt. 5 cents:

Pint, 20 Cents; Peck \$1.00, Except Where Noted.

Early Cory—A very early variety, with good sized ears and large grains.

Marblehead—One of the earliest; good quality for an early variety.

Early Minnesota—The standard early sweet corn; good size; sweet and well flavored.

Stabler Pedigree—Noted for earliness and great sweetness. Fine market variety.

SECOND EARLY OR INTERMEDIATE.

Shaker Early—Quite early; large, delicious, sweet flavor.

Amber Cream—Very rich, sugary and tender. Extra large ears.

New Everbearing—Produces frequently as many as six good-sized ears during the season.

GENERAL CROP.

Stowell's Evergreen—Remains green a long time; highly prized.

Ruby—Large ears, pure white grains, delicate flavor and extremely sweet. Handsome appearance.

LATE SORTS.

Country Gentleman—One of the sweetest grown; large ears, delicious quality.

Egyptian—Large and of superior quality. The latest of all.

POPCORN.

Silver Lace—A single kernel will produce three to four stalks, handsome ears, six inches long, with sixteen rows of smooth, round, metallic white grains. pt. 25 cts.

Queen's Golden—It pops perfectly white, and a single kernel will expand to a diameter of nearly one inch; exceedingly tender when popped, with delicious and delicate taste. pt. 25 cts.

CELERY—Pkt. 5 cents.

Improved White Plume—Very earliest, and the handsomest celery in the market. The tops being naturally almost white, require little blanching. oz. 25 cts.

Golden Self-Blanching—Resembles the White Plume, except in color, which is of a bright yellow. oz. 20 cts.

Giant Pascal—An easily blanched and fine-keeping sort, of excellent flavor and superior quality. oz. 20 cts.

New Rose—Beautiful rose shading, with the white in the blanched stalk and heart. oz. 20 cts.

CAULIFLOWER.

Extra Early Paris—Very early; good forcing. pkt. 5 cts., oz. 65 cts.

LeNormand's Shortstem—Has very large heads, white and firm. pkt. 5 cts.

Extra Early Erfurt—Very dwarf, with solid, pure white heads of superior quality. pkt. 5 cts, ½ oz. 75 cts., 1 oz. \$1.50.

Improved Snowball—By all odds the best Cauliflower known, whether for the market gardener or for private use. It is a week earlier than any other variety, is more dwarf in habit, though the head is just as large, and is more sure than any other variety of forming a head in a bad season. pkt. 10 cts., ¼ oz. 65 cts., ½ oz. \$1.10, 1 oz. \$2.00.

CUCUMBERS—pkt. 3 cts., Except where Noted.

Cool and Crisp—Very early and prolific; one of the best for pickling, and at the same time a table variety. oz. 15 cts., pd. 75 cts.

Tree—Tree-like growth, with large, plump, red fruit.

Red and Yellow Cherry—Fruit about one inch in size.

Yellow Plum—Bright yellow, used for pickles.

**LAWN GRASS SEED—Evergreen Velvet.**

As a guide for the proper quantity to order we may state that one quart of Lawn Grass is sufficient to thoroughly sow an area 20 by 15 feet—300 square feet—3 to 5 bushels will be required for one acre. It should be borne in mind that in order to produce the best results, grass seed for lawns should be sown twice as thickly as if sown for hay—one quart of seed to about 1½ square rods. At the price per bushel and per peck we deliver to Express Company here, or on board of cars. No charge for bags or packing. By the quart we prepay postage.

VELVET LAWN MIXTURE—Is a compound of Grasses that ripen successively, thereby always presenting a cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun and remain in that condition until the cool months of Autumn revive them. The mixture that we offer is one of the best on the market, and can be relied upon to produce the very best results. Sow four bushels to the acre. Weight, per bushel. 14 lbs. Price per Qt. 25 cts., Peck \$1.00, Bushel \$3.00.

CRIMSON CLOVER.

Grows at all times except when the ground is frozen and may be planted in Spring, Summer or Autumn. The best crop for green manuring. It is especially valuable for planting in orchards and berry patches, for sowing among cabbage, corn, tomatoes, tobacco, potatoes, etc., or in the open ground. When in full bloom is a gorgeous and magnificent sight; resembles a sea of scarlet flame. Price, per pound, 25 cts; 3 pounds for 60 cts., postpaid. Special prices on large quantities.

TURNIPS—Pkt. 3 Cents.

Extra Early Milan—The earliest of all Turnips. Flat, three to four inches in diameter, and only about an inch deep; white, with reddish purple top. oz. 10 cts., pd, 75 cts.

Early Snowball—Round, pure white; of medium size, and excellent flavor. Matures in six weeks. oz. 10 cts., pd, 75 cts.

Red Top Strap Leaf—This variety is one of the most extensively grown for early use. The lower portion of the root is white, that around top purple. oz. 10 cts., pd, 50 cts.

Yellow Stone—A fine, hardy, Winter sort, excellent for table use. Extensively grown. oz. 10 cts., pd, 60 cts.

The following well-known varieties are offered at the uniform price. oz. 10 cts., ¼ pd, 20 cts., pd, 50 cts:

Red Top Globe-Shape,	Early White Flat Dutch,
White Egg,	Yellow Globe,
Yellow Aberdeen,	Golden Ball,

Cow Horn.

RUTA BAGA, OR SWEDE TURNIP.

Extensively grown for feeding stock, though also well suited for table use. They keep sound and good until Spring, and are enormously productive. Any of the following well-known varieties: pkt. 3 cts., oz. 10 cts., ¼ pd, 20 cts., pd, 50 cts.

Champion Purple Top, Monarch.

SPECIAL INDUCEMENT FOR SUBSCRIPTIONS.

20 Choice Flowering Plants and Bulbs and a Year's Subscription to the most complete and practical monthly Floral Journal, "How to Grow Flowers," for 50 Cents.

By special arrangement with the publishers of this excellent new journal, HOW TO GROW FLOWERS, who wish to double the present extremely large circulation, we are enabled to offer this extraordinary inducement to our friends and patrons who wish to subscribe for this excellent journal, and every lover of flowers should subscribe when such a modest price is asked, only 25 cents, or 50 cents including our Special Premium Offer of 20 choice flowering plants, bulbs and seeds.

“HOW TO GROW FLOWERS”

Is a beautifully illustrated, high grade, twenty-page monthly, devoted exclusively to flower culture. It tells the way to successful growing of plants; what to do, how to do it, and when to do it. Plain and practical articles are contributed by the best writers. Absolutely indispensable to every person who would be successful with flowers.

Departments devoted to Questions and Hints for the Month are especially valuable. All illustrations are made from photographs, thus always true to nature. In every way this journal is the most complete and comprehensive guide to the culture of flowers. It is printed in clear type, easily read, and on the best of paper, and in convenient form.

There are few persons but who love flowers. Many do not grow them however, because of their inability to do so successfully. In every case this is due to lack of experience. How To GROW FLOWERS is published to supply the wants of this class. It covers the ground fully, and is needed by every grower and lover of flowers. We cordially recommend this journal to all our customers.

HOW TO GROW FLOWERS alone will be mailed one year to any address for only 25 cents. We are general agents for this magazine, and trust all our customers will subscribe at once.

The "MOREL" Set of Twelve New Chrysanthemums.

THE great favor with which the original Vivand Morel of this family has been received ever since its first introduction, and the fact that it has received more prizes than any other variety in the long list of "Mums," together with its progeny, has led us to arrange them in a group of such varieties that comprise this family, and our patrons of the past and future will be sure of getting something that is simply grand and magnificent when they secure this set, and a family that will always maintain their position as prize winners wherever exhibited. They are the very best of commercial varieties, always sell on sight and command the highest prices.

SPECIAL OFFER—We will send the Morel Set of twelve varieties for 75 cents net.

Chas. Davis, The Apricot-Yellow Morel.

An imported Chrysanthemum. Color, light yellow, tinted rich apricot; a sport from the well-known, extremely popular variety, Vivand Morel, having the same long petals, loosely arranged, forming a flower of immense size. It flowers early and very freely; in habit and growth it is perfect. **Price, 10 cents each.**

Vivand Morel, The Pink Morel.

The great favor with which this flower has been received of late years has led us to offer it again. The pleasing pink tones of the flower, deepened by carot tints, is very lovely. It is of largest size, regular in form, reflexed, very full center, with excellent stem and foliage; an ideal flower in every way. Always sure to get first prize at the exhibitions. **Price, 10 cents each.**

Golden Gate, The Tawney Yellow Morel.

Tawney yellow, quite distinct and strikingly handsome, spreading flowers, slightly whorled; regular form, stout stem, broad, long petals; fine exhibition bloom of great size. **Price, 10 cents each.**

Mad. Chas. Molin, The White Morel.

This is termed in Europe the White Vivand Morel. We had this variety 11 inches across; color, pure white; a rather tall grower, but sturdy; an unequaled exhibition variety. **Price, 10 cents each.**

Edith Smith, The Cream-Colored Morel.

One of the very finest introductions of 1895, and belonging to the general type of V. Morel; an immense bloom on an elegant stem; color, like that of Silver Cloud, pale pink and sulphur, changing to cream. **Price, 10 cents each.**

Gold Standard, Early Yellow Morel.

A mammoth bloom, measuring sixteen inches across. Color, style and form of Morel Golden Wedding, but more intense and deeper shade; petalage the most profuse possible; one of the largest reflexed, clear yellows; habit strong and robust. Extra early. **Price, 15 cents each.**

Mme. Carnot, Largest White Morel.

The largest white Chrysanthemum extant; form of V. Morel; pure white; a very vigorous grower; one of the best, and found in most of the winning stands in England. **Price, 15 cents each.**

Mrs. E. Buettner, New Yellow Morel.

Midseason; clear, bright yellow, of fine, reflexing V. Morel type; full and informal; stem and foliage both excellent. A grand variety for cutting. Must be added to first-class commercial yellows. **Price, 15 cents each.**

Inter-Ocean, Pearl-Colored Morel.

The color is a delightful, glistening, pearly white, light suffusion of pink; petals of great substance, recurving, forming a flower eight inches in diameter; the stems are very stiff; the foliage extremely handsome and carried close to the flower. **Price, 10 cents each.**

Pure Crimson Morel, Fisher's Torch.

This grand variety excels any other of its color, which is a rich, bright red, passing to the most brilliant velvety crimson imaginable. The flame-like flower is borne on long, stiff stems, which gives it the appearance of a flaming brand, from whence its name. Well clothed with the handsomest foliage. **Price, 15 cents each.**

Admiral Ito, The Amber-Colored Morel.

A very handsome flower of large size that blooms very late; of sturdy constitution; color, a beautiful amber yellow. An excellent variety. **Price, 15 cents each.**

Yanoma, The White Christmas Morel.

Innumerable inquiries come every year for the best very late white. For the present, Yanoma must be accorded this place; besides the fact that the flower is very beautiful and substantial, it is very easy to bring to perfection, which is a great point in its favor, as many of the late varieties are poor, defective growers, the form is rather flat, petals reflexing to the horizontal, but not drooping at all; what we call the pure rosette form; it is above the average in size, and a beautiful, clear shade of white. November 30, and later. **Price, 15 cents each.**
